Gary Nottingham was named permanent head basketball coach last week.

Nottingham Named Coach

President William K. Simmons has announced that Gary Nottingham has been appointed the permanent head basketball coach at Glenville State College.

The Braxton County native was employed as interim coach last spring following a series of events which led to Jack Greynolds' resignation two weeks after Greynolds' appointment. Nottingham has previously served as assistant basketball coach under Jesse Lilly for three years.

"Gary has shown that he has the qualities of a good basketball coach—leadership, the desire to win, and the ability to coach," said President Simmons. "His first season has proven to be a very exciting one, and we are expecting many more exciting seasons in the years ahead."

Nottingham is a 1975 graduate of Braxton County High School where he

earned 13 letters participating in basketball, football, track, and golf. At Glenville, he was a four-year letterman in basketball and was co-captain of the team his senior year. Additionally, Nottingham was a stand-out baseball player for three years and was named all-conference in 1978.

A 1979 graduate of Glenville State College, Nottingham has a Master's degree from Western Kentucky University.

Named as Glenville State College's eighth coach in the 57-year history of basketball, Nottingham said: "I'm very pleased that the administration has placed their trust in my abilities to successfully coach basketball at Glenville State College. I hope that the years ahead provide winning, exciting basketball seasons and that the college and the community will be equally proud of the Pioneers."

Vandalism Strikes In GSC

Vandalism is defined as the willful or malicious destruction of public or private property, especially of anything beautiful or artistic. Vandalism can occur in varying degrees, such as harmless pranks or more destructive acts.

A rash of vandalism, or whatever you wish to label it, has occurred on the Glenville State College campus during the past few weeks. Offices have been broken into, signs over office doors have been stolen, (more than once), fire extinguishers have been thrown out of windows, the bell tower has been broken into,.... the list goes on.

Just this past weekend, an orange was thrown through a window of the library from the vicinity of the amphitheatre. Unfortunately, a girl was sitting near the window, and bits of glass covered her. She could have been seriously hurt, due to someone's inconsiderate and unthinking action.

All of these incidents are unfortunate and should not happen. What pleasure someone receives from acts such as these is beyond me. If people around here want to be treated as responsible adults, they should start acting responsibly.

Letter to the Editor

Last week, while attending the WVIAC basketball tournament in Charleston, I noticed that each conference school had a display promoting what it had to offer. As a student and employee of GSC, I was both ashamed and embarrassed by our school's display. There were pictures that depicted the "Happy Days" era, complete with Richie Cunningham lookalikes. The brochure wasn't any better than the pictures. One picture in the brochure showed the whole campus, complete with the Verona Mapel dorm, which was torn down more than five years ago. Come on, what kind of display is that?

Also, I think the students should have more of a say so on matters that involve the college and the students. The college doesn't make the student, the students make the college. Here a student's complaint or suggestion goes no further than the waste can in many cases. I think that if everyone at GSC would put their book knowledge and titles aside and just use common sense, everyone would be a lot better off.

One thing I would like to commend the administration for is its recent hiring of Gary Nottingham as permanent basketball coach.

I like Glenville State College, and I think it is a fine institution, but we have to change with the times. We need to be progressing, not standing still. Some of our policies at GSC are ancient, which is why we can't progress.

Last, as a wise, old philosopher once told me: "Sometimes Glenville State College is so far behind, they think they're ahead."

Intramural Tournaments Slated

Two new individual intramural sports are scheduled to begin play soon. Tennis and racquetball tournaments will begin on March 19 and run until April 18. The tournaments will be run on a challenge (ladder) basis and will be divided into men's and women's divisions. The winner of each tournament will be the person at the top of the ladder on April 18.

Tennis matches will consist of the best of three sets. The winner of a set will be the first person to win six games (if both players have won five games, the winner

will be the first to take a two-game advantage).

Racquetball matches will consist of two games played to twenty-one points. If a third game is necessary to break a tie, the winner will be the first player to score 11 points.

All GSC students (with the exception of varsity tennis lettermen), faculty, and staff are eligible to compete and may compete in one or both tournaments.

Trophies will go to the male and female champions and 100 points will be awarded to the individual champion's intramural

team. A competitor does not have to be a member of an intramural team to participate, however. The point system for the two tournaments will run as follows: win-five points; loss-zero points; and forfeit-minus ten points.

Seedings will be made on a first-come basis. No entries will be accepted after March 23, 1984. To enter or for further information contact Jeff Propps in the intramural office during intramural basketball games or leave name and address with Mrs. Edwards in the athletic office.

Freshman Thoughts....

You're lying on a beach with Brooke Shields. Suddenly you feel a hand touch your arm, and instead of Brooke, it's your stupid roommate telling you to get up.

People have the miraculous gift for bad timing; they call when you have company and don't call when you're studying.

Sometimes I wonder if these people are monitoring me, waiting for the wrong moment to bug me. Roommates are great for walking in on you at the most tender of times.

I really hate people who call while you're on the way to your room from the shower. It always seems that when you pick up the phone, they ask you if you're busy and you always say no.

So while your towel is around your ankles and your friends are laughing at your anatomy, you calmly talk about the weather, and, of course, how 'bout them 'eers.

Sometimes I sit around and plot revenge, like calling during someone's honeymoon or asking a divorced friend how his wife is doing, but 'til then, I guess I'd better hold my towel up.

Young Ends Career

Clay Young, Glenville State's team leader, completed his senior season for the Pioneers with a scintillating 35-point performance in GSC's first-round loss to the WV State Yellow Jackets in the WVIAC tournament last week in Charleston.

Young piled up impressive career stats in the three years he played for the Pioneers. At the end of this season, Young had moved onto the GSC all-time list of career leaders in scoring in 10th position and finished in seventh position on the all-time leading rebounders' list.

Young shot a 53.1% average from the floor on his career and 66.7% at the charity stripe. He pulled down 820 rebounds, passed off 94 assists, snagged 128 steals, and blocked 39 shots. His total point output was 1508 for an 18.0 per game average and he averaged 9.8 rebounds per game.

State Nips Pioneers In WVIAC Tourney

Curtis Townes led all scorers with 37 points and just nine seconds left in the game set up Washington's James Washington hit a last-second layup, who picked up a loose ball after Townes' missed shot to give State its victory.

Senior, Clay Young, was Glenville's high scorer with 35 points and was followed by Rich Moore with 15, Rudy Watts with 13, and Kenneth Taylor with 11.

Young and Watts also combined for 18 of Glenville's 35 rebounds. Overall, the Pioneers were 32 of 57 from the floor and 28 of 36 from the foul line. Townes was 14 of 24 from the floor with four three-point goals and went 5-6 from the foul line as he sparked a State rally that wiped away a 15 point Glenville lead. Openings Announced

This year more than 10,000 people—about half of them students—will take part in the unique wilderness adventure program called Outward Bound. Set in remote wilderness areas in 16 states, Outward Bound offers its participants exciting and challenging experiences emphasizing both self-reliance and teamwork. Most students will leave Outward Bound with a new understanding of themselves after discovering they are capable of doing things they might previously have thought impossible. Outward Bound believes most limits are self-imposed. No wilderness experience is necessary, only a willingness to try.

Mountain backpacking, canoeing, sailing, rafting, skiing and dogsledding form the core of the Outward Bound experience, with the activity depending on the area and time of year the course takes place. Each small group of eight to 12 students has one or more expert instructors and specialists who develop outdoor and interpersonal skills. Following a training period, an extended group journey, and a one- to three-day solo period, the course culminates with a final expedition. Planned and executed by small groups of three or four students with minimal instructor supervision, the final expedition is an exercise in the skills learned during the course.

Over 150 educational institutions have granted academic credit for Outward Bound courses. Credit is often arranged by students through their own schools before they take Outward Bound courses. Credit has been granted for a variety of subjects, including physical education, sociology, botany and English. Financial aid is available depending on need and awarded on a first-come, first-served basis. In addition, several Outward Bound schools offer no-interest tuition loan plans. Last year about a third of all Outward Bound participants received finan-

Ladies Support Carney

To whom it may concern,

We are writing in regards to the incident that occurred at our game February 16 against WV Tech, and the actions taken there after.

It seems that everyone has the perfect idea of what happened and we have yet to hear two stories just alike. It's easy to sit in the stands and decipher a story that best suits one's needs and beliefs. We as participants in the "Game" went through what happened.

The duty of a referee is to keep the game under control. We have participated in various basketball programs for the past ten years and have never seen anything like the way the game was called here the 16th. The fact is the game was obviously out of control and that is no one's fault but the referees. It wasn't Coach Carney's, Koz's, and definitely not the players. The emotional build up that we felt as we watched our teammates being physically and mentally tortured built up feeling we can't even express.

But the main reason we are writing this letter is because we cannot believe the actions taken by this institution on our coach. We as a team have been working since August to achieve our status of third in the conference only to have our whole world stripped from us the day of our WVIAC tournament.

We've always stood up for our school in hopes it would do the same for us, but we can't respect what we've witnessed in the past week. Our coach did what any normal human being would do...defend himself. If we ever respect a man it's Tim Carney. He taught us more than just the perfection of the game. He taught us SPORTSMANSHIP, COURAGE, and PRIDE. All through that game he told us not to give up and just try and play our game...the refs wouldn't let us play our game. They took away our game and Glenville State College took away our coach. No matter how you go about it there is nothing positive about that situation. We went into the tournament with the best record we've ever had, but we also went into it confused, hurt and alone.

When this institution made their decision did they even stop to think about the Lady Pioneers? Did they think about the long hard hours we have put into our program in hopes of a shot at our first tournament title? What about the seniors, Bunny Taylor, Sonja Bailey, and Jill Burkhammer who will never get another chance? Or just what were they thinking about?

Well the tournament is over now, but the pain and disappointment will go with us for a long time. We went into the tournament with our heads held high and we fought as hard as we ever had, but it just wasn't the same without the man who got us there...Tim Carney.

We would like to thank Coach Adolfsen, and Coach Milliken, Pam and Judy. They did all they could to keep the game together. Also the support of the parents and students throughout this ordeal has been fantastic.

We want you to know Coach, we are all behind you 100% and we respect you for what you did. You took up for your team and school and it scares us to think that maybe you are the only one that would.

As far as the people "behind the scenes" we are very disappointed in GSC. Would it really have made a difference to wait three days? Yes it would, we may still be playing ball.

There are some girls on the team that will not play basketball at Glenville if Tim Carney is not coach. And there are some girls that may withdraw from this institution as a result of what has happened (one already has). Is that progress? We thought the administration tried to keep the student in school!

You took our game away Referee, but our own school topped that, they took away our coach, our dreams, and everything we worked for. We only wonder if it would have been handled differently had it not been a "different" sport?

WITH THE BIBLE

BY CORNELIUS R. STAM, PRES.
BEREAN BIBLE SOCIETY
CHICAGO, ILLINOIS 60635

FAITH VERSUS PRESUMPTION

The Word of God declares in Hebrews 11:6 that "without faith it is impossible to please Him."

There is nothing that will haunt a man like the fear that God may be displeased with him, nor any joy comparable to the assurance that He is pleased. It is foolish, however, to suppose that we can please God with the things we think He desires. We must give Him what He says He desires. Thank God, it is not difficult to determine this, for He tells us again and again in His Word that it is *faith* He desires most of all. He wants us to *trust* Him, to take Him at His Word.

The Bible tells us at length how God loved us in spite of our sin and gave His blessed Son to die on Calvary's tree to clear our title to heaven, but alas, instead of taking Him at His Word, thousands turn away from His gracious offer, "going about to establish their own righteousness" (Rom. 10:3). They do

"good works" and make great sacrifices, thinking that a God of love will surely accept their efforts and overlook their sins. But this is presumption, not faith. How can a just God overlook sin? We should thank Him that in His matchless love He Himself *paid* for our sins so that we might be free, and that salvation is "the gift of God," obtained by faith alone.

Cain presumed that God would accept his attractive sacrifice instead of the prescribed one, but God refused both him and his offering. Pharaoh presumed that he could take his armies through the Red Sea as Moses had done, but he perished in the sea for presuming on God. Naaman, the leper, refused God's way of cleansing, saying "I thought..." but the great general remained a leper until he took God at His Word. Will you take God at His Word and trust Christ as your Savior?
