Proficiency Exam Slated

The English Proficiency Examination will be given in Room 312 AB, Monday, April 9, 1984, at 6 p.m. Students who have completed 58 semester hours, or will have completed this number by the end of the semester, and who have not achieved an over-all average of 2.0 (C) or better in English 101 and 102, should come to the Language Division Office and sign to take the test. Anyone who was enrolled at GSC prior to the fall semester 1977 must in-

clude English 202 in this average.

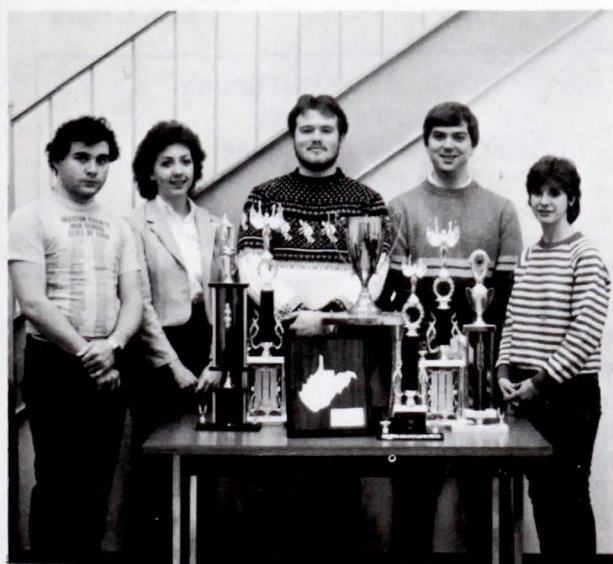

If a student makes a "D" or "F" in English 101 or 102, then, rather than take the examination, he may repeat the course(s) one time only to achieve a "C" average or better.

"The Language Proficiency Policy" is explained in the current Glenville State College Catalogue, pp. 30-31. It is the student's responsibility to determine whether or not he needs this test.

The Mercury tree.

'Tis the Season...

Since last Christmas, the MERCURY staff Christmas tree has remained standing. Why? Good question! The staff decorates the tree in accordance to the upcoming holiday and also to celebrate staff birthdays.

After the Christmas decorations came down the more sentimental members of the staff refused to take it down. So the group decided to keep it as a permanent fixture of the office "decor." It has gone from traditional Christmas bulbs and lights to New Year's babies, Valentine hearts, St. Patrick's Day Shamrocks, and miscellaneous decorations represents the "Gumby" craze and the coming of springtime.

The MERCURY staff feels that it has stumbled onto a new trend in interior decor and invites the campus to come and view our "Un-Christmas tree."

Pictured is One Way Track, a bluegrass group which will perform during GSC Week.

Bluegrass Group To Play

Brady, guitar and banjo; Marsha Brady, bass; and Dan Brooks, Dobro, Rigsby, Price, and Randy Brady also do the bulk of the vocal parts.

The concert will be presented as a part of the GSC Week activities, and will take place at 8 p.m. on Tuesday, April 10 in the auditorium.

Students Urged To Participate

GSC Week is almost here, and hopes among the organizers are that the pretty weather will hold out through next weekend and that everyone will participate as much as possible during the week. This year's GSC Week, the fifth annual, promises the most exciting and action-filled celebration yet.

Participation is a big key to the success of the entire week, as it is with other events on campus. Unfortunately, several recent events on campus, such as the Mainz Orchestra performance and the Mike Cross concert, have suffered from poor attendance. Hopefully, this won't happen next week.

Activities for the week will begin on Monday, April 9 and conclude with the ever-popular field day on Saturday, April 14. Each day has a variety of activities from which to choose, so come on out and enjoy the fun.

Some people may think GSC Week is not a good idea, but it provides at least one week during the year when people can't complain of "nothing to do" in the little ole' town of Glenville.

Voter Registration To Occur

To the Student Body of GSC:

I would like to take this opportunity to inform everyone of an activity to take place on our campus on April 17. The Secretary of State's office will be in the lobby of the Pioneer Center to register students to vote. If you are a resident of West Virginia, you should make every effort to register. Registration will be on a state wide level, so you will have no problem with registering for your home county. The 1984 primary (which will be held on June 5) and general elections should prove to hold many exciting and interesting contests. As a West Virginian, you should utilize your voting privileges by registering and more importantly casting your vote on election day.

Sincerely,
Shelly L. Morris

Samples Promotes GSC Week

To the Student Body:

We are on the threshold of Glenville State College Week and this is a chance for all of you who have been hiding in the residence halls all year to get out and see how about twenty-five percent of the student body spend your activity money. It's nobody's fault but yours that other people enjoy your activity fee dollar. The administration and student leaders do all that they can to bring entertainment and activities to the campus. The problem is, only a few come out to participate.

There will be a wide variety of activities going on around campus next week. A good slice of your activity fee money is going to be spent. Are you going to hover in your room and live like a sloth or are you going to step out into the light of the world and discover that some people actually enjoy life?

The fast lane at Glenville State College is really not terribly fast and even you can pull out into it without fear of being overwhelmed.

I am going to be enjoying your money. I hope that you come out and join me.

Job Opportunities Available

The seaside resort areas of Cape Cod, Massachusetts and the off-shore islands of Martha's Vineyard and Nantucket are experiencing a growing problem in finding enough college workers to adequately service a rapidly expanding tourist industry.

This summer Cape Cod and the Islands will be offering thousands of good paying jobs to college students and teachers. Because it is impossible to fill these jobs with local residents, most of whom make up the year round work force, it is necessary to draw from other geographical areas to satisfy this seasonal need.

The Cape Cod Summer Job Bureau gathers all pertinent facts on available summer employment and publishes this information in a concise Job Directory which is available to college students and teachers each spring. Names and addresses of individual seasonal employers are listed in separate job categories from bartenders to yacht crews.

The Job Bureau is a service agency, and therefore charges on employment fees of any kind to employers or employees.

For further details on these job opportunities send a LONG SELF ADDRESSED STAMPED ENVELOPE to: 1984 Summer Job Directory, P.O. Box 594, Room 350, Barnstable, MA 02630.

The DZ pledges are sponsoring a "Cutest Couple" Contest. Entrance deadline is Friday, April 6. Entry fee is \$5 per couple. Pictures will be taken Thursday, April 5 at 4 p.m. and Friday, April 6 at 1 p.m. in the Ad. Building Music dept. To enter, contact a DZ pledge.

The Order of Diana will be taking orders until this Friday for chocolate covered Easter eggs. The price for each egg is \$2.50, and names can also be printed on the egg. The eggs come in five flavors - vanilla, cherry nut, maple, peanut butter, and coconut.

The Computer Club will be selling Easter messages. There is a choice of five designs. Messages are \$.50 each. Have them delivered on campus for free or anywhere in the United States for 20 cents. All you do is choose the design and give us the delivery address. Just contact any member of the Computer Club. Orders will be taken until April 16.

It's No Fun Housing Illegal Alien

To the Editor:

It's 1:54 in the morning and I can't fall asleep as usual. Suddenly, I hear this pitter-patter noise come running across the floor above me and down the wall making a loud kurplunk at the bottom of the heater (which is next to my bed). At this moment it hits me like all other nights, "it's that dern rat coming down to wake me up again."

At first I thought I was imagining things but one night I turned on the light and there was a rat staring me in the face through the three inch space in the heater. The only thing you can do is pound on the wall and scare it but in a few minutes the rat is back again.

I've said something about it to our house director and he was very cooperative about it and he told maintenance, I guess. So what do they do? They put a bag of D-Con inside my closet which is on the other side of the room, which means the rat has to run over me to get to it.

At the beginning of the fall term I looked out the window and there was a grave yard about 10 yards away. I said, "OK, I can live with that but I shouldn't have to live with a rat running around my room. If I wanted a room with a rat in it I would have got one downtown for \$50 a month which is a lot cheaper than I'm paying now to have a rat in my room."

There's not many days left in the school year and I hate to complain this late so let's just kill the rat so I can get some sleep.

Thank you,
Jeff Cicci

FORGIVENESS

"We have...the forgiveness of sins, according to the riches of His grace" (Eph. 1:7).

The climax of Paul's first recorded sermon is reached in Verses 38 and 39 of Acts 13, where he declares:

"Be it known unto you therefore, men and brethren, that through this Man is preached unto you the forgiveness of sins:

"And by Him all that believe are justified from all things: from which ye could not be justified by the law of Moses."

Thus God through Christ, forgives and justifies those who believe. Nor is this all that was accomplished for us by the death of Christ at Calvary. There is also reconciliation, baptism by the Spirit into Christ and His Body, a position at God's right hand in the heavenlies and all spiritual blessings there.

"The forgiveness of sins" must come first, however, and the above passage assures us that in Christ we

have this—not barely, but "according to the riches of His grace." Indeed, the next verse continues: "wherein He hath abounded toward us..."

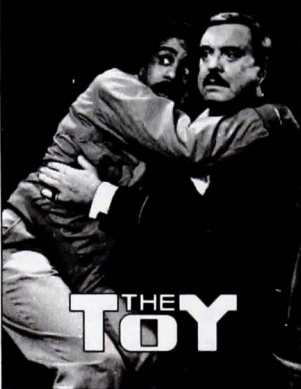

Thus Ephesians 2:2-7 declares that though we were once "the children of disobedience," and therefore "by nature the children of wrath," "God, who is rich in mercy, for His great love wherewith He loved us" has given us life and raised us from the dead, exalting us to "heavenly places in Christ..."

His purpose in all this? "That in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus" (Verse 7).

When God forgives us He no longer sees us in our poor selves, but in Christ, who took our place, dying for our sins on Calvary's cross. There He hung in our place that we might now stand in His—"complete in Him" (Col. 2:10).
