Homecoming Welcome Given

As Editor of THE GLENVILLE MERCURY, I would like to welcome all alumni back to Glenville State college for the 49th annual homecoming. Many changes have taken place on campus but Glenville is still the same small and friendly campus.

Homecoming is a time for friends, students, and alumni to get together and enjoy the festivities planned. The Student Congress and others have worked extremely hard to plan Homecoming and if everyone participates Homecoming should be very successful. "Go For The Gold" is this year's homecoming theme and the Pioneer Football team will "Go For The Gold" vs. the Yellow-Jackets of WV State at 1:30 on Saturday. The parade, Queen's coronation, and dances are also planned for Saturday.

Again, welcome to alumni of Glenville State. I hope the current GSC students, faculty, and staff enjoy themselves as well.

Carney Second In First Round Leads Golfers At Slippery Rock

Scott Carney was second with a 73 and the Pioneer golf team was fourth overall after the first round of the second annual Tournament of Champions at Slippery Rock, Pa.

Carney combined nine-hole scores of 35 and 38 to place himself second individually after Sunday's first round. Scores from Monday's last two rounds were unavailable at press time.

The Pioneers were 29 strokes off of first-place

The Pioneer football team dropped to 1-1 on the season Saturday as they were defeated 22-7 by defeating WVIAC champions Shepherd College.

Shepherd, ranked first in the WVIAC in a pre-season poll, scored first on a 27-yard field goal by John Treadway. A 7-yard touchdown pass put the Rams on top 10-0 at the end of the first quarter. Another field goal made the score 13-0 at the half.

Shepherd compiled another touchdown in the third quarter and a safety in the fourth to round out their scoring.

The Pioneer's only score came by way of a 2-yard touchdown run by Joe Mullan in the fourth quarter. Mark Szklennik added the point after to complete GSC's scoring.

For the game, Steve Grosse led the Pioneer offense by completing six of eleven passes for 61 yards. Mike Chadwick led the defense with 15 tackles, followed by Dave Darst with 13.

The Pioneers will host West Virginia State to highlight Saturday's Homecoming activities. The Pioneers are now 0-1 in conference play.

Indiana (Pa.) with a score of 411. Other conference teams participating in the tournament were Fairmont State, Davis and Elkins, and West Virginia Wesleyan, all of whom were behind GSC after the first round.

For Glenville, John Oplinger followed Carney with an 81, Jeff Bennett shot an 83, Danny Wassick had an 86, Charlie Moss scored an 88, and Bill Forrest followed up with an 89.

Byron Brooks scrambles past a Shepard defender.

Golf Team Strong

The Glenville State College golf program is on sound footing this year after an off year in 1983-84. Coach Tim Carney is optimistic concerning his team's chances in the spring. In fact, the veteran coach remarked, "I feel the most optimistic about our program since I've been here."

Currently, team members are practicing and attempting to qualify for the spring season. They will compete in four matches this fall, in preparation for the most important spring campaign.

The Pioneers participated Sunday and Monday in the Slippery Rock Invitational (PA). Also, on Sept. 21 and 22, they will play in the Davis and Elkins Invitational; on October 6 and 7, in Wooster (OH) Invitational; and on Oct. 11, in the West Virginia Intercollegiate at Marshall University.

Carney has reasons to be positive about his squad's outlook for the 1984-85 season. Nine good, quality players are his reasons. The coach's son, Scott, a transfer from Elon, N.C.,

The 1984 Edition of The Trillium is still available in the Language Div. They can be picked up during regular office hours.

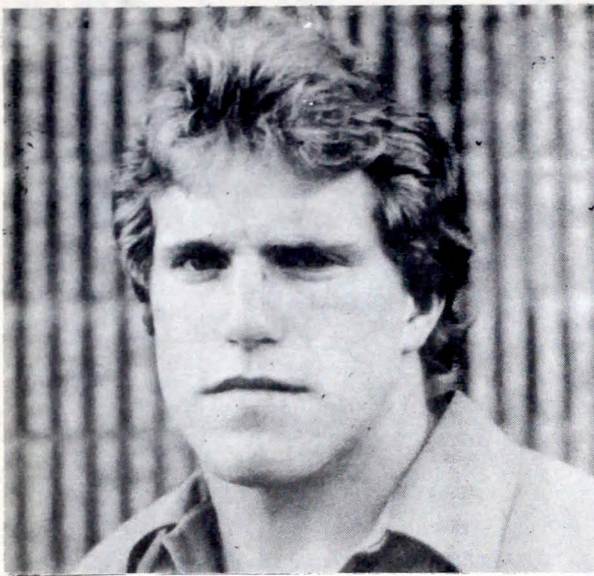

and John Oplinger, a transfer from WVU and PCC, will be counted on heavily for leadership.

Also playing will be: Danny Wassick, a freshman from University High in Morgantown; Billy Forrest, a freshman transfer from Genese College, NY; Jeff Bennett, a sophomore returner from Buckhannon; Charlie Moss, a junior returner from Ripley; and Larry Beall, a sophomore transfer from Harrisville.

Two players, John Forrest, a senior who has performed at GSC before, and Mike Dynda, a sophomore from Lock Haven (Pa) college, will be eligible to participate in the spring.

The Glenville golfers own six WVC titles, but they haven't won one since 1979. Carney feels that with his current personnel, this year could be the year for number seven.

The Artie Shaw orchestra that had been scheduled for Sept. 21 will not perform at GSC, because the Cultural Affairs Committee did not receive funding from the Mid-Atlantic Arts Consortium and the West Virginia Arts and Humanities Council.

Jeff Metheny

Metheny Named Montrose Winner

Jeff Metheny, former captian and quarterback for the GSC football team, has been named as the 1984 recipient of the Montrose Award.

The Montrose Award is presented annually at GSC to a top male athlete from the previous year's graduating class who has exhibited high moral character and service to the college community.

Metheny, who presently serves as House Director at Pickens Hall and as an assistant football coach, was a three year starter for the Pioneers at quarterback.

He was named to the 1983 WVIAC All-Conference team while leading the Pioneers to a 6-2-1 record and a second-place finish in the conference, their best season since 1973.

Jeff was also a standout in baseball until the sport was discontinued. He was a three year starter in left field and was named to the All-Conference team his junior year.

In service to GSC, Metheny served as a Resident Assistant in Louis Bennett Hall during the 1981-82 school year. He was the Head RA for LBH during 1982-83, as well as serving as the president of the Physical Education Majors Club.

Head Football Coach Frank Vincent said of Metheny: "In my thirty years of coaching I have never had a player that worked harder or was more dedicated than Jeff Metheny. (He)...is a young man of high moral character...(and) is most deserving of this prestigious award."

A representative from the Department of Natural Resources will interview prospective December, May and August graduates October 2, in the areas of biology chemistry, and forestry. Appointment and resume required.

Graduate School Information Day Representatives from several graduate schools will be in the Verona Mapel Room Wednesday, Sept. 19 to talk with all interested students. No appointment necessary.

The GSC cross-country team travelled to Morehead, KY, last Saturday to compete in the Morehead Invitational. The Pioneers finished seventh behind strong performances by Jay Dawkins and Dave Antonik.

Head coach Butch Hays is very pleased with the way his team is

Members of the 1984 Pioneer Cross Country Team

Enrollment Increases

According to Mack Samples, Dean of Records and Admissions, enrollment at Glenville State College showed a slight increase over the fall 1983 semester. Last year's total enrollment was 1807 and this year's looks to be approximately 1885, an increase of 78 or about 4.5 percent. Full time enrollment appears to be 1165, two more than last year. These are preliminary figures, but are fairly accurate.

Samples said that he is pleased with the

enrollment and that the figures indicate that Glenville continues to do well in an increasingly tough market.

Health Plan Outlined

There's something new in student health! New students at GSC had the opportunity to choose between the standard physical examination form and a new computerized health history inventory. The new system allows a student to complete a health inventory privately and replaces the need for a physical examination from a doctor.

The benefits of the system are 1) privacy, 2) lower cost — \$8-14 as opposed to \$20-30 for a doctor's visit, 3) the student receives a print out that outlines his/her overall health, risk

status, and suggestions for improvement, 4) more comprehensive than a usual physical because the questions cover family and personal health history, diet and nutrition, fitness, medication use and other pertinent data.

Any student who has not completed a health form, traditional or otherwise, should contact the Kyle Clinic immediately. Also, students who completed the new form and have not received their reports should contact the Kyle Clinic because the clinic has received over 50 reports.

"Staircase" Band To Play

The Student Congress is presenting the group "Staircase" at the Homecoming dance on September 22, from 9:00 p.m. til 12:00 a.m. in the Ballroom.

They are one of the hottest bands in the South today. The group will play fourteen different instruments for one of the most complete musical sounds available. They

have the most current repertoire possible from rock-n-roll to the hottest disco. They feature songs like: "Bad Mamma Jamma" by Carl Carlton, "Any Way You Want It" by Journey, "Truly" by Lionel Ritchie, and many other songs by great entertainers will be performed by the group "Staircase." Admissions will be a \$1.00 per person.

Intern Program Forms Available

Dr. Darnall has received application forms for two internship programs. One is the Frasure-Singleton, a one week internship awarding one hour credit in which the student is assigned to a legislator who assists in explaining the legislative process. In addition, participants meet with representatives from all branches of state government, lobbyists, reporters, and legislative staff persons. The program is open to any sophomore, junior, or senior who has completed one course in political science. GSC can select one intern to participate in this program. Applications should be submitted by October 15.

The other internship is called the Judith A. Herndon Legislative Fellows Program. Competition is on a statewide basis and the number of selected fellows will not exceed ten during one legislative session. However, GSC has been represented in three out of the last four legislative sessions. This is a semester-long program which awards twelve hours academic credit and a stipend of \$150.00 per week. The goal is to instruct selected students in the theory and operations of legislatures and legislative bodies. The program is open to full-time undergraduates who have completed 60 hours and at least one course in political science. Applications should be submitted by October 15.

Dr. Pribble is shown presenting the grant to Scott Demers, treasurer of the American Chemical Society of GSC.

ACS Receives Grant

The student affiliate chapter of the American Chemical Society at Glenville State College was selected as one of ten chapters to receive a 1984 Innovative Activities Grant. The ACS Committee on Education check for \$200 was presented to the treasurer of the club, Scott Demers, by the sponsor, Dr. Mary Jo Pribble, on Friday, September 14, 1984.

"A Guide to Successful Chemistry Projects," is the title of the chapter project which won in the midst of intense competition on the national level. Initiating interest and participation on the high school level in chemistry science fair projects is the goal of the project. Project director, Deb Wildman, and associate director, Kim Evans, wrote and submitted the proposal to the national ACS in June of 1984. Brochures, visitation to the schools, and a GSC workshop are the three levels of approach to be used in Braxton, Calhoun, Clay, Gilmer, Lewis, Nicholas, Ritchie, Webster, and Wirt counties.

Current officers of the chapter include: Pres.-

Deb Wildman, Vice-Pres.- Steve Wright, Treas.- Scott Demers, Sec.- Kim Evans, Publicist- Sheldon Sturm.

Current members include: Linda Billips, Eric Chico, Patty Coulter, Shawn Johnson, Crystal Spaur, and Brent Tenney.

New members to be accepted during the October 4, 1984 ACS luncheon meeting are: Ricky L. Barnett, Bill Crane, Kathy Ellyson, Janet Ferrebee, Leslie A. Howard, Anna Jackson, Jane Kniceley, Lisa Mayle, Tina McClung, Kathleen A. Mitchell, Terry Mullooly, Pamela Nicholas, James Parsons, Danny Ray, Gary J. Petty and Kelly Haynes.

Graduated Members as of this fall were: Steve Bumgardner, Jean Drake, and Barb Ledoux.

In order to actively pursue the project discussed above, the chapter would appreciate the purchase of a hoagie on sale today in the main union lobby for \$1.25. Community assistance currently would be appreciated in this endeavor too, as the club must raise matching funds to the grant.

West Virginia Medical School Team Representatives from the areas of dentistry, pharmacy, medicine, physical therapy, and other health-related areas will meet with interested students in the Verona Maple Room. The program on September 26 will be a group session with all students attending. On September 27 the representatives will meet with individual students in a particular area. Students planning to attend either session should register with Dr. Mary Jo Pribble in the Science Hall.

"We believe and confess that God's Word, as recorded in the inspired scriptures, is the only source and guide for faith, doctrine, and life. We speak where the Bible speaks, and are silent where the Bible is silent. We call Bible things by Bible names, and do Bible things in Bible ways. We advocate a return of all believers to the principles of original Christianity as taught by Jesus and His inspired Apostles. We gladly invite you to consider our plea."
