## Student Vote Urged

The media is bombarded with many topics these days and one topic that has been in the news often this year is the election. Presidential debates between Mondale and Reagan have been going on and all politicians on the national, state, and local levels have been campaigning for the upcoming election date, which is November 6.

As a college student, I would like to urge students to vote and to take interest in the 1984 election. After all, the politicians elected will be leading the nation, states, and cities when most of us graduate and are looking for jobs. Our votes are important because most of us will be the working class during the elected politician's terms. We have the right to choose whom we want to lead our nation, states, and cities. Are you going to pass up this chance and are you going to be unconcerned about your future? If so, when you do graduate and there are some problems you do not like in the nation, states, and cities you will wish you had voted. Vote on November 6.

# Ideas Requested

In trying to avoid the controversies of past years related to sports editorials during that time of year commonly referred to as "football season," I have left editorials off of the sports page during the fall in order to try to give attention to all of the sports (football, cross-country, golf and volleyball) that have their seasons during the autumn months. Admittedly, some sports have received more attention than others, but this is generally as true campus-wide as in the pages of **The Mercury**.

As winter approaches, however, I am faced with the problem of only two sports to report on: men's and women's basketball. Both of these sports are important and will receive the main attention on this page, but some readers may find the prospect of following only two active GSC teams somewhat monotonous.

One idea suggested to me to supplement the basketball stories was to follow the progress of local NCAA teams (i.e. WVU, Marshall, etc.). However, this would probably only stir up controversy from those who would hold no interest in these teams. Another suggestion was a weekly contest in which readers could pick the winners of major college or West Virginia conference games. I also plan to print a weekly column devoted to both men's and women's action around the conference and how the GSC teams fit in the scene.

Of course, reader interest will be the main factor in introducing any new feature to the sports page. If you have a suggestion or comment, please send it to **The Mercury** office. Any help will be greatly appreciated. Thank you.

## Ping-Pong Tourney Results, Future Competitions Listed

The results from last Wednesday's intramural singles ping-pong tournament have been released from the intramural office. Anthony Russ captured first-place honors in the men's division, while Tina Burkhamer took the women's.

Behind Russ for the men were David Cronin, representing the Lambda Chi I team, and Greg Knight of the Scorpions, respectively.

Kim Maynard took second place in the women's division, followed by Marsha Shrader in third. All three of the top women participants represented the Winkies.

There will be a doubles ping-pong

tournament Thursday, October 25, in the gameroom. Pairings will be listed on the intramural board in the PE building, and those participants who can bring their own paddles are urged to do so.

The intramural office would also like to announce that volleyball play will resume on November 5, and tournaments for the top four teams will be on November 14 and 15.

Entries for a 3-on-3 basketball tournament are now being accepted, with a limit of two entries from each intramural team being enforced. For more information, contact Jeff Propps or Coach Jesse Lilly in the intramural office.

## Pioneers Whip Wesleyan; Frosh Shines In 1st Start

The Pioneer football team upped its record to 3-2 in conference play and 4-2 overall with a 38-12 drubbing of winless West Virginia Wesleyan.

Led by the top rushing defense in the conference, the Pioneers were on top the entire game. The defense accounted for four interceptions and eight sacks in limiting Wesleyan to just 225 yards, only 26 of which were gained on the ground.

Offensively, the Pioneers were led by freshman quarterback Alan Fiddler in his first start, replacing injured starter Forrest Hall. Fiddler connected on 11 of his 20 passes for a total of 217 yards and three touchdowns. The first of these touchdown passes was a 46-yard strike to Jim Bird, who caught five passes for 115 yards. Fiddler also hooked up with conference rushing leader Byron Brooks on a 44-yard touchdown pass.

Mark Szklennik began the GSC scoring attack with a 37-yard field goal in the first quarter. In the second period, Fiddler's TD passes to Bird and Brooks gave the Pioneers a 17-0 lead at the half.

An eight-yard run by Robbie Jacobs put Wesleyan on the

scoreboard in the third quarter, but Glenville came back with a one-yard run into the endzone by Brooks.

Fiddler struck again in the fourth quarter with his third touchdown pass, a seven-yard throw to Vern Withrow. Wesleyan scored once more on a 10-yard pass play from Scott Forster to Kevin McCormick. Then Calvin Coleman intercepted Forster on the Wesleyan 34 and ran to paydirt.

Overall, the Pioneers had 103 yards on the ground and 217 in the air for 320 yards of offense.

Glenville, currently in a three-way tie for third place in conference winning percentage, will host Fairmont State next Saturday.

## Net Team Drops Two

The GSC volleyball team dropped to 1-15 on the season last Tuesday in Philippi. The young squad fell to Concord 15-12 and 15-7, then lost to Alderson-Broadus 15-1 and 15-2.

Kelly Smith led the netters with eight points, followed by Kim West with five. Nettie Alford and Rhonda Daugherty each scored three points, while Myrtle Conley had two and Kelly Cain had one to round out the scoring.

The team competed against A-B and West Virginia Tech Monday night. Scores were not available at press time. The ladies' next match will be in the GSC gymnasium on Thursday, October 25 at 2 p.m. Participating teams will be from Tech, Fairmont State and Concord.

The Glenville State College vs. Fairmont State College Football Game originally scheduled to start at 7:30 p.m. has been changed to 1:30 p.m. on Saturday, October 27, 1984.

This was done in order not to conflict with the WVU vs Penn State 7:30 p.m. nationally televised game.

## 67 Year Old Freshman Makes Mercury History

She is only 67 years young. She is new and refreshing. Her charm and vibrance are qualities which set her apart from the masses. Her excitement for life and love of learning are traits that are irreplaceable. She cares for young people and is amazed at what all they have taught her.

This extraordinary lady is a mother, grandmother, and GSC student who is a dedicated reporter for **The Mercury**. That's correct — Mrs. Jewel Townsend is spending her retirement years doing what she enjoys most, and that is writing and learning. Jewel was encouraged to attend GSC by her daughter Barbara Coatney, former member of the Glenville State College faculty.

Jewel is living in Glenville with her daughter while she is being treated in Morgantown for lymphoma. Her view on life reflects her ability to deal with difficult situations and come out smiling. She feels that "facing everything" is the only

way to exist. Her medical doctor told her, "Your attitude in life is half the battle when you are facing cancer." That was 6 years ago.

Jewel Townsend is enjoying every moment of her college career. She loves working for her journalism class and press night will be treasured as a learning experience never to be forgotten.

Jewel was delighted with her acceptance by fellow students. She was afraid she would be "out of place" because of the generation gap. At the first press night she was asked by an upperclassman what she was doing there. Jewel replied, "I belong here."

Mrs. Jewel Townsend is correct. She does "belong" and her presence is a delight to all. She is an inspiration to others, enjoys life to its fullest and looks at learning as an adventure. She has also shown many how to mature with grace.

## Election Issues Forum Slated

On Sunday, October 28th, the Glenville State College Pioneer Center Verona Mapel Room will be the site of a public forum on the national issues of the '84 general election. The forum is entitled "AFTER '84..... WILL IT BE MORE OF THE SAME?"

Beginning at 6:00 p.m., the forum will feature presentations by Kent Hall, State Republican Chairman; and Billy Burke, former Democratic legislator from Gilmer County.

Brief speeches by Hall and Burke will be followed by questions from a panel of three representing different political views.

Following this, a question and answer period with members of the audience will round out the evening.

The forum is sponsored by the Glenville State College Pioneer Center and the Wesley Foundation.

Everyone is welcome.

## Kids Having Fun In Special Class

Working with clay, dressing up like clowns, watching movies are all part of a class offered at Glenville State College. But before you start trying to register for this class, it is open to children 4-9 years of age. The Creative Learning Class is sponsored by the Office of Continuing Education, and currently enrolls 21 students. In fact, the class is so popular that it will begin meeting on Thursday evenings to accommodate the students. Tammy Stalnaker, Kelly Davis, Kim Evans and April Powell serve as instructors.

According to Tammy Stalnaker, the class was set up as an outlet for children from their everyday school activities. Guests come in and perform for the class. Some guests have included Nila Golden, who sang; Eric Chico, who performed magic; and Dwayne Duffield, who demonstrated the use of pottery wheel.

Ms. Stalnaker stated that "the class goes over well because they are not stifled; children express themselves freely through creative experiences." The class concentrates on creative expression and focuses on movement activity.

The parents of the children in the class are very supportive, according to Ms. Powell. If you are an interested parent and would like to enroll your child, contact the Office of Continuing Education.

By Shelly Morris

There will be a yearbook staff meeting Wednesday, October 24th at 6:30. All staff members please try to attend.

Students are invited to submit entries in the Thumbs Up - Thumbs Down column for possible publication.

A Halloween Film Festival will be held Tuesday, October 30 in the Ballroom of the Pioneer Center beginning at 7:00 p.m. The movies that will be shown will include **PSYCHO**, **PSYCHO II**, and **THE TEXAS CHAINSAW MAS-SACRE**. All GSC students are admitted free.

## Woodchips REVISITED...

## 'Woodchips' Creator Speaks on Campus

Remember the woodchips? Most of us presently in college don't remember this hysterical weekly cartoon run in **THE MERCURY**. The cartoon began after woodchips were dumped in piles on the campus in the fall of 1981. The cartoon portrayed woodchips discussing their view of the happenings on the GSC campus. The talented artist who developed this unique idea was Bill Pitzer.

Pitzer graduated from GSC in 1981. He returned last week as a guest speaker sharing his past experiences and hopes for future success.

While in college at GSC he was dorm director at LBH, cartoonist for **THE MERCURY**, member of the Art Club, part of Kappa Delta Pi, and a staff member for the first **TRILLIUM**. He won the Whiting Art award, and the most outstanding student award in 1981. He also graduated with honors.

After graduation he went back home to Charleston, to work for the **CHARLESTON GAZETTE** as a graphic artist. After great success at the

**GAZETTE** he went to work as a free lance artist. One of his major accomplishments was the illustration of a published book "High Alleghenies." (You can find this book in the GSC library.)

He is now working as a graphic artist for the **LEXINGTON HEROLD-LEADER** in Lexington, Kentucky. His job consist of drawing maps, charts, and diagram. He also does cartoons and illustrations for various areas of the paper. He works in page layout and designs which show his ability to be flexible in his talents. He chose informational graphics because of the better opportunity and his strength in this field, although Mr. Jim Rogers claims "He's talented, he could be a fine artist as well as a graphic designer." This is shown in his involvement in many exhibits of his fine art work.

Pitzer has nothing but praise for his old alma mater. He feels GSC provided him with the fundamentals needed for his success.

Bill Pitzer (the man in the suit jacket) is shown above presenting his art work to a GSC art class.
