Specialization Test Scheduled

The West Virginia Board of Education now requires all candidates who seek to be recommended for West Virginia teacher certification to take one or more Content Specialization Tests. These tests for 36 teaching and school personnel fields will be administered on Saturday, March 14, 1987 at six test sites across the state. The registration deadline for the March 14 administration is Saturday, February 7, 1987. The next test administration (at one test site only) will be conducted on June 20, 1987.

The Content Specialization Tests are being developed and administered by the West Virginia Department of Education in conjunction with National Evaluation Systems, Inc. of Amherst, Massachusetts. Candidates are strongly encouraged to contact their teacher education office to obtain a copy of the testing program Registration Bulletin for 1986-87 or to obtain additional information about the Content Specialization Testing program.

Graduating seniors who plan to attend 1987 Commencement exercises need to order cap and gown attire. This is accomplished at the Alumni Center diagonally across from Pickens Hall.

Cost of cap and gown is \$15.00. If the tassel is the only item needed, that cost is \$3.00. Checks should be made out to the GSC Bookstore.

Commencement attire must be ordered by February 1.

Williams Mourned

by Minnie McNemar

Students, staff and faculty at Glenville State are saddened by the passing of former GSC physical education instructor, Clarissa K. Williams. Miss Williams died Wednesday, December 31, at her home in Glenville. Her teaching career at GSC began in the summer of 1947, and she retired from teaching in 1964. In 1983, the first Clarissa Williams Award to the college's most outstanding woman athlete was presented in her honor. This annual award is presented during GSC Homecoming. The Williams wing of Picken's Hall was dedicated in her honor on April 27, 1974.

She achieved her bachelor degree from Marshall College while teaching at Huntington High School in 1928. Her graduate work was

done at the University of Iowa and Ohio State University. Her masters was obtained from Columbia University in 1933. In 1965 she was one of the founders of the Gilmer County Association of Retired School Employees. But, perhaps one of her most cherished honors was being named Honorary Grandmother by Sigma Sigma Sigma Sorority.

She was the last surviving member of her family, being preceded in death by her parents Dr. Oscar F. and Martha Brockwell Williams of Springboro, Ohio, one brother and two sisters. Services were held on Sunday, January 4, 1987, in the Spurgeon-Ellyson Mortuary with the Rev. Walter Case officiating. Miss Williams was interred in the Bear Creek Cemetery in Dayton, Ohio.

"Mirrors" to Perform

by Minnie McNemar

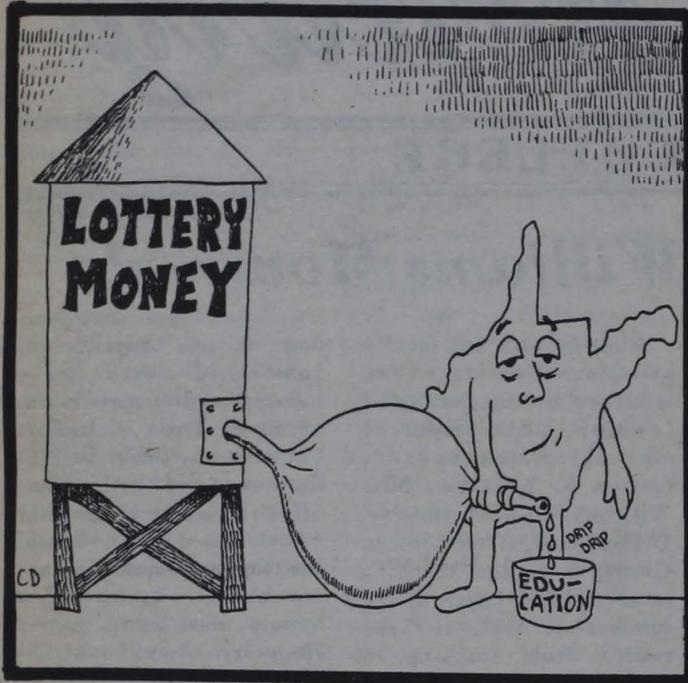

The 1987 Back-to-School Dance, sponsored by Student Congress, will be held tonight in the Pioneer Center Ballroom from 8-11 p.m. The band "Mirrors" will be featured.

This group of five hails from North Carolina and according to Tom Lusk, a P.R. person with East Coast Entertainment Inc., who stated, in a telephone interview, "This group shines with a hardhitting mix of

great dance music and showmanship." Their music consists of a varied selection of tunes from pop to country in the top forties by such artists as Mr. Mister, Kool and the Gang, Ready for the World, The Time, Dire Straits, Z Z Top, Bruce Springsteen, Lionel Richie and Hank Williams, Jr.

Admission to the event is \$2.00 single or \$3.00 per couple.

OPINION

"It Seems to Me..."

The first week of school is always the most hectic for me. Registration, going to class, and fighting the lines in the bookstore are the main events in the first week of each semester. This semester I had additional duties as editor of *The Mercury*.

This is my fourth semester of association with *The Mercury* and I believe the paper has improved steadily due to the efforts of the entire staff. My goal as editor is to continue to improve *The Mercury* with the help of the staff and the students at GSC.

This newspaper exists to serve the students and staff of GSC. One of the major improvements to the paper last semester was the input of the students and the staff. The numerous letters to the editor helped us and the school as people expressed their opinions on many important subjects.

Your opinions are important to us and I hope that you will continue to write to the editor or to talk to the staff members about your concerns.

Organizations

Letters

Dear Dr. Billips:

Would you please share this with the students who were involved with the Angel Tree?

Every year we have to depend on donations from other people and business organizations to donate toys to us. Every year we become frustrated and discouraged and swear that we are never going to do it again. A lot of people donate things to us that needs to be thrown away! However, this year, we were truly overwhelmed by the response from the students at G.S.C. We've had parents call us and say the gifts were really nice and if it hadn't been for us, their children wouldn't have received anything for Christmas. It is a call like that and the generosity of people like you and the students that makes it all worthwhile!

Thank you again for your help and for making a lot of needy children much happier on Christmas morning. It really makes one believe that there really is a Santa Claus.

Sincerely,
Helen Brown and Nancy Cutlip
Santa's Helpers

To The Editor,

One would think that when a student begins college, he or she would be, or at least act mature. This doesn't appear to be the case for some students here at Glenville State College. These particular students seem to be repressing back into childlike behaviors instead of maturing into responsible, respectable adults.

One group of students who I am referring to are those students who persist on writing on the walls and doors of our elevators and restrooms. Who cares who you are dating or how you feel about another person. I don't think these students realize that everytime these areas are repaired, all students suffer when we are forced to pay the expense.

The second group of students to who I am referring are those who find it cute to destroy property. It is probably common knowledge that Wagner Wing, along with Scott and Wagner Wing offices have no phones for public use. Not only have the receivers been stolen, but on some floors the entire phone has been destroyed. Once again these

SEA

The Student Education Association will begin second semester with a 4 o'clock planning meeting January 19, in room 102 Clark Hall. The organization will meet on its regular first Monday of the month schedule starting February 2. Area educators have been invited to the sessions to share experiences with the prospective teachers. All education students are encouraged to enjoy the benefits of SEA by becoming members. Barry Kuhl is the organization's president.

PBL meeting, Thursday January 15 12:30 AB 100. All Business students are encouraged to attend.

students must not realize that they are the ones who pay the cost which is deducted from their room deposit at the end of the semester.

It is a shame that these students have to act the way they do. Glenville State College is no place for you. Instead you belong back in the pre-school where you must have missed out on learning respect for public property and respect for others, along with the basic social graces.

A Glenville Student

Letters to the Editor should be signed and delivered to the Mercury office in a sealed envelope to insure confidentiality. All letters will be printed exactly as received. Spelling, punctuation, and grammatical errors will not be corrected. Please proofread your letter to avoid embarrassment.

TKE

TKE will be sponsoring a Slam Dunk Contest on Jan. 19, and a dance on Jan. 21. Anyone interested in pledging should attend the TKE meetings on Jan. 19. All TKE's are reminded of the road trip to Virginia on the weekend of Jan. 17-18. Anyone still interested contact brother G.P.A.

SPORTS

Pioneers Mired in Slump, Fall to 5-7

by Jesse Skiles

Back on December 12, the Pioneer basketball team had five victories. It is now January 12 (at press time) and coach Gary Nottingham's squad still has five victories.

Glenville enters this week with a 5-7 record and the Pioneers are now suffering through a five-game losing streak. During the second semester they have been defeated by Gardner-Webb, Waynesburg, Bluefield, and West Virginia Wesleyan.

Coach Nottingham said that he saw some good signs in Saturday's loss at Wesleyan. "We controlled the tempo, and played some good defense. We just failed to take care of the ball," the coach said. He also pointed out that this losing streak has

occurred at the hands of some good teams. Two of the losses were to Wesleyan (8-2), then there is Gardner-Webb (9-5), Waynesburg (8-3), and Bluefield (6-2). That is a combined record of 31-12.

Nottingham was not pleased with the Bluefield game. The fourth-year coach commented, "We played very poor defensively, but what disappointed me most is that we played with such little intensity at a home game."

This will be a big week for the Pioneer basketball team. Monday night they hosted Concord, tonight they will travel to West Virginia State, and Saturday they will host Salem.

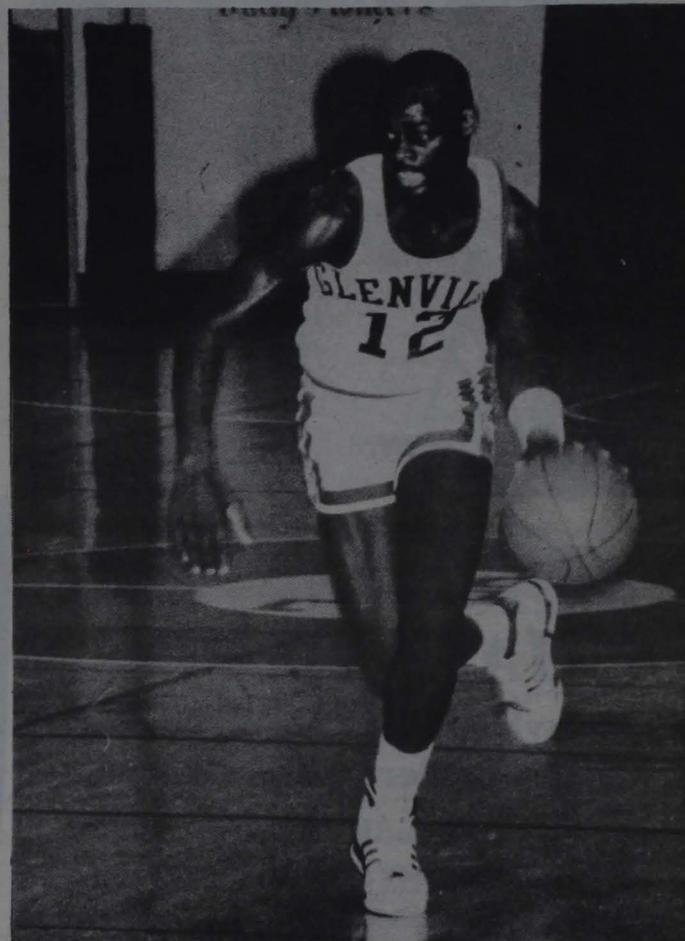

Here is a summary of last week's games:

Bluefield 96
Glenville 87

Bluefield's red-hot Big Blues managed to hold off a second-half Pioneer rally. Glenville cut a 14-point Bluefield lead to 5 points before succumbing in the final minutes. Matt Bullett led the way for Glenville by racking up 40 points.

WV Wesleyan 73
Glenville 67

Matt Bullett turned in another sparkling shooting performance with 37 points, but it was not enough. Bullett connected on six three-pointers in the contest. Rudy Watts chipped in with 16 while John Harris had 10. Glenville outrebounded the Bobcats 32-24.

Pioneer guard Paul Grier pushes the ball upcourt against Bluefield.
photo by Kris Rogers

Ladies Lose Heartbreaker

by Jesse Skiles

Glenville's Lady Pioneers had a 0-2 slate last week and now sport an even 5-5 record on the season. The team suffered losses to Rio Grande and Concord.

Coach Tim Carney is hoping that getting to play a few home games will turn things around for his team. So far eight of the team's ten games have been on the road.

The Rio Grande loss came to a very good team, and the Concord loss was not a badly played game for Glenville Carney said. Concord sent the game into overtime with an almost half-court shot at the buzzer. Carney must wonder what it is going to take to get a break.

"It is really a shame that the Concord game turned out like that, the girls really put forth a pretty good effort," Carney said.

Glenville will try to rebound this week with a pair of home games. Thursday they will host WV State. The State game is slated for 3:00 p.m. Here is a summary of last week's games:

Rio Grande 83
Glenville 62

Glenville fell behind early and was unable to catch the powerful Rio Grande team. Niki Randolph, Rhonda Hicks, and Monique Johnson all had 12 points for the Lady Pioneers.

Concord 83
Glenville 78 (OT)

Glenville saw a 13-point halftime lead disappear as Concord came back for the overtime victory. Tracy Fletcher of Concord (the nation's leading scorer) scored 37 points (including 81-22 from the line). Kim Creel led the Pioneer attack with 20 points and 13 rebounds.

SLAM DUNK CONTEST

When: January 19, Monday
Where: Halftime of GSC vs. AB basketball

Jesse's Place

As we get back into the swing of school, we are hoping that our basketball teams can get back into the swing of winning. At press time, the men's team was in the midst of a five-game losing streak, while the women's squad has dropped their last two. I still think we have some fine basketball teams here, both squads just need a victory in order to get the ball rolling again. If there can be any consolation for Pioneer fans at this point, I think we can find some in the fact that Tim Carney and Gary Nottingham-coached squads are traditionally strong finishers.

I must apologize for the smallness of this week's sports section. I am now student teaching and in desperate need of some help. Hopefully this problem will be taken care of by next week.

While I'm on the topic of student teaching, I would like to bid a farewell to my photographer Scott Kitchen who is student teaching this semester. He has been patrolling the Mercury darkroom for four years. Thanks for the snapshots Scott, and thanks for being a good friend.

Super Bowl Contest

by Jesse Skiles

All the signs were apparent...Saturday night my car (bearing a Cleveland Browns bumpersticker) broke down. Sunday morning I was unable to find my Browns watch in my room, and when I wanted to put on my Browns T-shirt I realized that I had carelessly worn it two days earlier on a training run. And yes my Browns lost. I am now in mourning with my fellow Browns fans, most notably of which is Lady Pioneer and golf coach Tim Carney.

Still, I am offering another contest. If you can pick the score of the Super Bowl, you will win \$10. You can drop off your predictions in *The Mercury* office or you can

give it to me personally.

As for my prediction, I think I'll pass (retiring with a 1-0 Super Bowl record). I am going to take my broken heart up to Coach Carney's office and ponder once again what happened to the Browns. I tell ya' if my marriage will be the Super Bowl of my life, my fiance' will no doubt dump me two weeks before the wedding.

Deadline for the predictions will be January 23. Best of luck.

Indoor Track

Pioneer Track coach Lou Geary has announced that all those wishing to go out for track (men and women) should report to the small gym on any weekday at 3:45 p.m. The squad will be in an indoor meet (the Hardee's Invitational) at West Virginia University on February 7. Geary's squad is the defending WVIAC Champions.

Sunday	11 a.m. til 9 p.m.

Student Credits Through Theatre

by Lisa McHenry

Plans for GSC's theatre season have been in the making since last semester. The two shows slated for this spring are Eugene O'Neill's one-act drama *Hughie* February 19,20 and the musical *Joseph and the Amazing Technicolor Dream Coat* in the middle of April.

Many people are needed for the shows. Technical hands are needed very soon for the set construction of *Hughie*. If you can hammer, saw, sweep, or any number of other tasks, your help would be welcomed. Also, crews are always needed for make-up, box office, and publicity.

The cast of *Joseph and the Amazing Technicolor Dream Coat* is a large one and is in need of many males. There is demand for 12 brothers of Joseph, a tenor lead, an Elvis impersonator, and several more interesting characters. In addition to the actors and musicians needed for the production, again technical crews will be required. Students can help in

different ways. Some may have props that could be donated, special skills they could use in make-up, carpentry, or organization, or simply a desire to learn something about theatre.

Theatre does not belong to a few, but to all who wish to get involved. It can be a very fun experience, not to mention the credit hours that can be obtained for drama participation. You don't have to be an actor!

Students are getting a chance to participate in the planning of shows. "Students have input on the artistic staff level," says Dennis Wemm, theatre director at GSC.

Wemm also encourages students who have ideas for the Brown Bag Theatre in the spring to see him.

For information on working with the shows and getting credit hours contact Mr. Dennis Wemm at extension 214, or in his office at 315, Administration Building.

The first issue of the 1986-87 *Trillium* is now being printed. It should be out sometime this month or in early February. Come to a meeting on Thursday, January 15 at 3:00 p.m. in 301 AB to hear about some exciting plans for the spring issue. We are having a contest for high school students to submit entries for publication. The *Trillium* staff and members of the Language Division will be judges.

SC Nominations

by Minnie McNemar

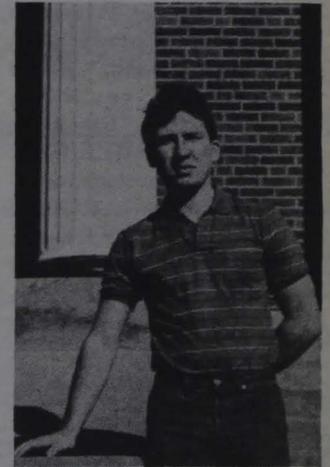

Nominations for Officers for Student Congress, Class Representatives and Senators at large will be accepted in the Office of Student Services in the Administration Building and in the Pioneer Center Director's Office Monday, January 19, through Friday, February 6, 1987.

Qualifications for these positions are listed in the Student Handbook on pages 17-18. Campus-wide elections will be held in the Pioneer Center lobby on February 16 and 17. Students will vote for their class representatives and the executive committee officers which include President, Vice-President, Secretary and Treasurer.

Hendershot Serves Internship

by Lesa Hendershot

Dan Hendershot, a junior pre-law major, has been chosen to represent Glenville State College in the Judith Herdon Legislative Fellowship Program in Charleston this semester. Dan applied for the position in October 1986 and was informed of his selection in December. When asked his reaction to being chosen he hesitantly replied, "I feel very honored to have been chosen to participate, but at the same time a little apprehensive, it's a big responsibility to live up to."

The first week of the program consisted of a series of tours and meetings in the capitol complex to familiarize the interns with the people and agencies they will be working with later in the internship. They have met with people such as the governor, Sec. of State, attorney general, and members of the State Supreme Court.

The first 60 days the interns will be assigned to a senator or delegate while the legislature is in session. During this period he will assist in researching bills and taking care of other tasks.

The last 60 days will be spent with an executive agency of the state government, "It's this part of the

internship that I'm looking forward to the most. I'm hoping to gain a lot of knowledge and expertise that will help me get into law school."

This is to invite members of the faculty and staff to be part of the Concert Choir this semester. It is our plan to mount a performance of Brahms's *German Requiem* for our April 26, 1987 concert. Rehearsals are held in Room 214AB, Monday, Wednesday, and Friday, at 12:00 noon until 12:50. If you are free during this time, join us. It should be great fun!!!

Students Gain Experience As SCA Volunteers

Last year, through a program sponsored by the Student Conservation Association, 1,000 college students and other adults from a variety of locations nationwide served as expense-paid volunteer workers in over 230 national parks, national forests, wildlife refuges and other conservation areas across the country.

The majority of our participants are college students for whom the first-hand work experience and training are both educationally beneficial and personally rewarding. This experience also enhances students' prospects for future employment in conservation/resource management fields and many participants arrange to receive academic credit for pursuing their interests off campus.

The Student Conservation

Association (SCA) offers college students, recent graduates and other persons 18 years old or older, the opportunity, through a conservation program involving actual field experience, to develop job skills, gain work experience and cultivate professional contacts in the resource management field.

Through the SCA's Resource Assistant (RA) Program selected volunteers work independently or assist conservation professionals with such tasks as wildlife surveys, natural history interpretation, backcountry and wilderness patrol, and biological or archaeological research. In return for their efforts, volunteers develop skills and gain experience that often enhances their college education and gives them an edge in seeking paid employment with these

resource management agencies. The program also offers students the opportunity to explore possible career choices.

Past participants also have found their volunteer service to be personally rewarding whether or not they are considering a conservation career. Although some positions require volunteers with specialized training in forestry, natural sciences or recreation management, many others are open to any persons with an interest in participating.

While carrying out their assignments, selected volunteers to these programs will receive a travel grant for round trip transportation to their program area and a weekly stipend to help offset food and basic living expenses. Free housing is provided by the hosting agency at or near the work

site.

The SCA is presently accepting requests for applications and listings of the 700 positions that are being offered during the 1987 summer and fall season. Positions are being offered in over 230 resource areas in 35 different states including Alaska and Hawaii.

Positions begin at varying dates throughout the summer and fall. Any person that is interested in participating or learning more about the program should send a postcard requesting an application and listing of the summer/fall RA position to: The Student Conservation, PO Box 550C, Charlestown, NH 03603 or telephone the SCA at (603)826-5206/5741.

Positions are filled on a competitive basis. The SCA will continue to accept applications for positions as

long as positions are available. While there are no final deadlines for application, there are dates in which the SCA begins processing applications and forwarding them to agency personnel for review and possible selection.

Application by these dates enhances the applicant's chances of selection. Applications should be received in March to receive the best chance at selection in top choices for summer positions; applications for fall positions should be received in June.

The SCA will be offering an additional 200 positions during the winter and spring of 1987/88. A listing of these positions will be available in July.

The Student Conservation Association is a non-profit, tax-exempt, educational organization and is an equal opportunity program.
