Wordsworth Exhibit Opens in Library

An exhibit of "The William Wordsworth and the Age of Romanticism" opened March 1, 1988, in the Robert F. Kidd Library here at GSC.

This exhibit celebrates the achievement of the British Romantic poet William Wordsworth, his contemporaries in literature and art, and the extraordinary era in which they lived.

Central to the exhibit are a series of full color poster panels which combine images of paintings, the most crucial manuscripts of the English Romantic poets and rare books, with literary texts and clearly written commentaries. Among the poets and artist represented are William and Dorothy Wordsworth, Samuel Taylor Coleridge, Lord Byron, Percy Bysshe Shelley, Mary Shelley,

John Keats, William Blake, J. M.W. Turner, John Constable, Thomas Girtin, and Francis Towne.

There will also be a video presentation and discussion given by English professor, Wayne de Rosset on Monday, March 7, at 7:00 p.m. in the library media center.

The exhibit is sponsored by the National Endowment for the Humanities, and Glenville State College. The state coordinator is Dr. Avery Gaskins, Professor of English, West Virginia University.

Everyone is invited to view the Wordsworth exhibit during regular library hours and to attend the video presentation and discussion on March 7, at 7:00 p.m. The exhibit closes on March 9.

OPINION

FLIGHTS OF FANCY

It is with great satisfaction that we include in this week's Mercury a letter to the Editor from a concerned student. While we may disagree with some of the details of the writer's response to our previous Editorials, we are delighted with the intelligent, reasonable, well written letter.

The writer pinpointed on error of omission in last week's editorial which became obvious on later rereading. In no way do we espouse obfuscation or concealing unconscionable behavior. The thrust of our intent was to state that avenues exist to gain satisfaction, and that those avenues should be pursued to the fullest extent before resorting to the media as judge or jury. The turmoil and adverse publicity surrounding the GSC Athletic Department has tainted all of us in the eyes of the public, and poisoned satisfaction the principals in the incidents may gain. Last week's editorial did not clearly state that fact and "Concerned Student" quite properly takes us to task for appearing to favor a cover up. Well, nobody said it was going to be easy.

While we are on the subject of letters, perhaps we should reiterate the Mercury guidelines for publication. In recent weeks we have received some well-written, topical letters automatically doomed by lack of authorship. Either the advisor or the editor must have the name of anonymous letter writers. Additionally, we cannot print libelous, profane, or obscene material, for obvious reasons.

Thanks, "Concerned Student," I hope you have started a trend.

LETTERS ORGANIZATIONS

Dear Editor:

Your editorial of 2/24 seems to be a call for responsible journalism, quoting "facts and truth usually lie somewhere between the extremes." You speak of facts and truth yet provide the readership with neither, only warnings to keep quiet about anything that may disrupt the tranquil atmosphere of the college. Provide your readers with the facts or allegations, allowing both sides to respond, and allow a responsible reader to make an informed decision. If such a story can make it to statewide newspapers (Gazette-Mail, 2/21 page 14B), why can't the Mercury publish the facts in a fair and impartial manner? Perhaps if this problem had been reported to the Mercury, the state papers would not have seen it as a cover-up, and may not have run the story. The editorials of 2/24 and 2/10, along with the lack of coverage of anything which does not paint a glowing picture of GSC, make the Mercury, in my opinion, little more than a mouthpiece for the administration. I agree with Dan the Fan that this should have been taken care of in house, the fact it wasn't points to the apathy of the administration in dealing with students' complaints. I sincerely resent the Mercury philosophy that the reader and school should be protected from bad press. This institution has been here since 1872, I doubt this

controversy will close the doors next fall. I would like to thank the person responsible for allowing the story to be known, unfortunately the students involved are the ones who will pay the price, not the professor who verbally abused them.

The editorial of 1/27 says we should feel a chill due to the Supreme Court's decision to allow a High School Principle to censor the school paper. I am embarrassed that the Mercury has nothing worthy to censor, and the only chill I feel is from the knowledge that California High School students have sharper journalistic skills than West Virginia College students. I am chilled that the administration has no need to censor the Mercury, as no threat is posed by this paper. Another case of apathy in action at GSC.

Finally, February was Black History Month. How fitting to have the letter from Hinton. His assertions were correct. Racism was on the wane in this country, until 1980, when the reactionaries found a friend in apathy as official government policy. He was correct that the person who tried to write the slur was not a true American, the true Americans were those people who saw the poster, saw what was written, and just walked on by. I disagree that a limit must be placed on what people can say or write. What greater proof of the racist's ignorance than

Ladies of the White Rose

The Ladies of the White Rose held their meeting on Tuesday, February 23, 1988 at 5:30 p.m. in the Wesley Foundation Chapel. The dues have been extended until the end of February. Wednesday is Shirt-day and we want to thank all the Ladies who have been wearing their shirts.

We discussed having another fund raiser, and decided to get a bunny rabbit and a basket to donate candy to put in the basket. We will sell chances 1 for 25¢ and 5 for \$1.00. The Ladies will begin selling these chances individually the week before Spring Break and will have a booth set up in the Pioneer Center the week following break. The drawing will be Friday, March 25 and will be delivered to the winner the following week.

We want to thank the Ladies who stayed for the pinning and went to the Chi game afterward. By the way, a big congratulations is in order to the Lambda Chis for winning their game against the TKE's. Way to go Chis!

A special thanks goes to the Ladies who worked this weekend raising money for the Jim Wiley Fund and most importantly a Thank you to Don Mercer who drove some of the Ladies around town Saturday asking for money.

We love you Chis!!

Letters

(continues from pg 2)

Is he or she is capable of correctly spelling an elementary word with two syllables and six letters? In the proof lies the solution to racism. The racist is an ignorant person. Education must be the answer. What education is recorded by the Mercury to see the level of consciousness. Lets start now. Why is February Black history month? Some possible reasons: on February 1, 1960, Civil Rights sit-ins began at lunch counters in Greensboro, N.C.; on February 6, 1956, Autherine Lucy became the first black student to enroll at the University of Alabama; on February 8, 1986, the Haitian people finally rid themselves of Papa Doc's son, dictator Baby Doc Duvalier; on February 12, 1909, the 100th anniversary of Abraham Lincoln's birth, the National Association for the Advancement of Colored People (NAACP) was formed; on February 14, 1817, Frederick Douglass, anti-slavery activist, was born, on February 21, 1965, Malcolm X, a black freedom leader was assassinated in New York City; on February 28, 1986, black workers at South African 3M factory staged a 24-hour walkout to protest the closing of the 3M factory in Perth Amboy, N.J., USA. To be fair, the apathy about black history month cannot be laid solely at the door of the Mercury, the students must also share the blame. Next month is Women's History month, so get with it women! "Those who profess to favor freedom and yet renounce controversy are people who plant crops without plowing the ground." Frederick Douglass.

Sincerely,
A concerned student

Music Faculty Performs

Three members of the Glenville State College music faculty will present a recital on Wednesday, March 9, in the college auditorium at 8:00 p.m. The faculty members are Mr. Harry Rich, trumpet; Ms. Jenny Morris, oboe; and Mr. Edward McKown will perform piano accompaniments. Mr. Robert K. Morris of Glenville will perform as guest baritone.

Mr. Harry Rich is completing his third year as a member of the Glenville State College music faculty. Mr. Rich is the brass specialist in the music department. He is originally from Glen Falls, New York. He has a BME degree from the University of Kentucky and a MM from Western Michigan University. Rich was, for many years, a part of the music faculty at West Virginia Technical Institute in Montgomery, West Virginia. He is a member of the Charleston Symphony Orchestra and CSO Brass Quintet.

Originally from Weirton, Ms. Jenny Morris came to Glenville in 1985 and has taught part-time in the Music Department of Glenville State College since then. Her degrees include a bachelors from West Virginia University and masters of music from The State University of New York at Stony Brook where she studied with renowned oboe pedagogue, Ronald Roseman. Ms. Morris also plays with the Charleston Symphony Orchestra. Her husband Robert is manager of LK Furniture and Appliances, Inc.

Mr. Edward McKown is

completing nine years as a member of the Glenville State College music faculty. He is a 1961 graduate of Glenville State College and has a MA from Marshall University. McKown was band director of Fayetteville High School from 1961-66. He was the first band director of Parkersburg South High School when that school opened in 1967. He directed the Big Red Band at Parkersburg High School from 1972-1977. During his tenure at Glenville State College, Mr. McKown has completed levels one, two, and three of the Orff Schulwerk to certify as an elementary Orff music specialist. Mr. McKown is offering the Suzuki violin methodology to two elementary children. Mr. McKown performs with the Charleston Symphony Chorus.

Robert K. Morris will be assisting the faculty musicians in this recital. Morris, a baritone, is a native West Virginian and has sung extensively throughout the state, both as a solo artist and in choral performances. His most recent solo role was with the Charleston Symphony Chorus' Christmas Concert. A 1984 winner of state and regional Music Teachers National Association Competitions, Morris recently made a solo debut in Liszt's Requiem with the Cleveland Chamber Orchestra. He also performs regularly with The Larry Parsons Chorale and The Clarksburg Madrigal Singers.

Morris is the son of Mr. and Mrs. Carl Morris of Grantsville.

The program is free to the campus and public.

Alumni Hosts Hospitality Room

The Glenville State College Alumni Association will host a hospitality room during Thursday, Friday and Saturday - March 3, 4, and 5 of the WVIAC Basketball Tournament in Charleston. The GSC Alumni will be in Parlor A of the Charleston Civic Center.

Thursday night, March 3, has been designated as Kanawha Valley night. Members of the Kanawha

Valley Chapter of the GSC Alumni will serve as hosts for that night.

All GSC alumni, friends and especially Kanawha Valley residents are invited to visit the hospitality room before, after and at half-time of games on Thursday, Friday, and Saturday. If Glenville should play games during the afternoons of those days, the room will be open.

CRAIG DRENNEN

Senior Show Set

Craig Drennen is a senior majoring in interdisciplinary studies (art/english). As part of his art program, he is having his senior exhibition the upcoming week in the Vandalia Room of the Pioneer Center. The exhibition will run as follows:

Sunday	2:00-6:00
Mon-Thurs	10:00-6:00

There is no admission charge to the exhibit, and the dress is casual. Mr. Drennen will be exhibiting drawings and paintings in a variety of different styles and techniques. He recently had eight pieces in the Alpha Rho Tau group show.

All GSC students, faculty, and staff are invited to attend the Sunday opening of the show. If you are, however, unable to make it, don't worry - it will be up all week during the times posted above. See you there.

Competition Deadline Nears

Time is running out to enter Honeywell's sixth annual Futurist Awards Competition, an opportunity for college students to write about technology as they see it 25 years in the future. The deadline for requesting entry forms is March 4, and the contest closes on March 18, 1988.

The competition is open to all full-time undergraduate and graduate students who attend any accredited U.S. college or university. Students are asked to predict technological advancements in the year 2013 in a 2,000-word essay on one of the following areas: aerospace applications, aircraft capabilities, control systems for commercial buildings, control systems for homes, industrial automation and control, and microelectronic devices. The second part of the essay should reflect the societal impact of the predicted changes.

A panel of Honeywell engineers will judge the essays on their creativity, technical understanding, feasibility and clarity of expression. Each of the 10 winners will receive a \$3,000 cash prize and an expense-paid trip to Minneapolis for the awards banquet in April.

To obtain registration information, call toll free 1-800-328-5111, extension 1581. Entries must be postmarked no later than March 18.

GSC students gaze at the displays at last week's Alpha Rho Tau Art Show.

COACH GARY NOTTINGHAM

NOTTINGHAM NOTES

Danny Ray - How is your team's overall physical health going into the tourney?

Gary Nottingham - "Nothing other than bumps and bruises. Not anything that any other team in the conference doesn't have right now."

D.R. What is the goal of this year's team?

G.N. "Our first goal is to play well to remove the bad taste a disappointing regular season left in our mouths. Our second goal is to win our first game. We have done that for three years in a row now, which is unusual in this conference. Our third goal is to make the final four."

D.R. What do you have to do to achieve these goals?

G.N. "Score more points than the opposing teams." He laughed. "Seriously, we have to do the three things that we do best. We have to play good defense, get our inside oriented offense working, and control the tempo of the game. If we do those things we will be hard to beat in the Civic Center. Some teams unintentionally change their style of play. The shooting background is different, which creates a problem for perimeter shooting teams. The tempo is usually slower because of the pressure of the tournament. Our style of play never changes."

D.R. Evaluate this year's team.

G.N. "I think it is ironic that I give this team a hard time, but we finished the same place as last year's team, 7th. The positive thing about this team is that more times than not they play hard. Overall, I think it is the best defensive team that I have coached. If they would quit committing 'dumb-fouls' they would be among the best defensive clubs the league has seen in three years. On the negative side, we have got to put everything together. I don't think we have gotten any better. The record for this team in February is worse than any I have ever coached."

D.R. What are your predictions?

G.N. "I predict that it will be a wild tournament full of close games, wild games and upsets. This is the most balanced league I have seen, as a player and coach, in eleven years. We are capable of beating anyone there, and, unfortunately, we are capable of losing to anyone there."

GLENVILLE TEAMS CLOSE SEASON

Both our basketball teams ended their regular season last week. The men's team beat University of Charleston 79-71, but dropped their final game to Shepherd 102-81. The split ended their regular season with an 11-16 overall record and a 10-9 conference slate.

Clinton Hinton was leading scorer in both games for the Pioneers scoring 18 against UC and 21 against Shepherd. Clinton also led both games in rebounding pulling in 16 against UC and 8 against Shepherd.

The Lady Pioneers finished strong, beating UC 79-71 and Bluefield State 70-51. Finishing second in the conference, the Lady Pioneers are 16-5 overall and have a conference record of 14-2.

Against the University of Charleston, Monique Johnson scored 22 points and Tammy Pence registered 12 rebounds. Kim Creel led the way against Bluefield scoring 19 points and pulling in 12 rebounds.

DAN THE FAN

SPORTS EDITOR:

DANNY RAY

I once said that I would vote for a Democrat when the lights came on at Wrigley Field. The lights have come on, and will end a 72 year old tradition of only day games at Wrigley. It looks like I might be going to the polls this year with "Donkey" in mind, but I seriously doubt it!

In average salaries of NFL teams, the Dallas Cowboys were ranked 11th with \$219,746, and the Washington Redskins were 19th with \$199,235. I guess you get what you pay for.

A wise man once said, "It don't mean nothin." I agree!

CONVERSATION

with CARNEY

Danny Ray - How is your team's overall physical health going into the tourney?

Tim Carney - "We are in good shape. We are probably in the best shape we have been in all year."

D.R. - What is the mental attitude of the team?

T.C. - "We have an experienced team. Most of the players have been there (WVIAC Tournament) twice. Hopefully the team approaches this with a positive attitude. You have to play one game at a time. The pressure is on everyone."

D.R. - What do the Lady Pioneers have to do to win?

T.C. - "Our strength has been our defense. We have to continue to play good defense. We have to shoot well. There is a different perspective on shooting in the Civic Center. Basketball is an easy game if you shoot well."

D.R. - What are your predictions?

T.C. - "I don't like to predict. A lot of things can happen. Some teams will get on a roll in the tournament and things will just fall into place. I think there are 5 or 6 teams that could win it."

D.R. - Evaluate the 1987-88 regular season?

T.C. - "We could have easily been 20-1. There was only one game that we were really out of during the season. A bounce here or there many times meant the game for us. All in all I was pleased with this season. I think the girls showed a lot of heart late in the season. They beat Salem at home and continued to win on the road against WV State, U.C., and Bluefield State. We have skill and talent. We have some freshmen in reserve rolls that have no tournament experience. I don't know how they will pick it up."

Delta Zeta

The Theta Xi Chapter of Delta Zeta Sorority held a meeting on Monday, Feb. 22. Congratulations to our new pledges - Traci Chapman, Bridgette Duellley, Chris Jamison, Vickie Myers, Brenda Simmons, and Lynn Wass. Keep up the good work. We love you, pledges!

Delta Zeta would like to thank the escorts who helped with Rose Preference - Bernie Barley, Kevin Davisson, Tom Ellyson, and Michael Wilson. Also, we appreciate the alumni for helping during Formal Rush.

Thanks to all the girls who came to dinner and to those who came to the Video Party. Come back and visit anytime.

Also thanks to the Lambda Chis for coming to dinner. Good luck to the Pioneers and Lady Pioneers during tournaments. DZs are behind you! Good luck also to the GSC cheerleaders in competitions.

Congratulations to all our girls who were elected for Student Congress - Rhonda Simmons - vice-president, Bridgette Duellley - junior representative, Chris Jamison - sophomore representative, Sherry Burke and Phyllis Parsons - senators at large.

Clean room for last week went to Kim Wright and Pig Pen went to Anita Hess.

Also, Happy Birthday Mary Alice, Jan and Carla.

Alpha Rho Tau

The exhibit is over and I think the group deserves a round of applause. It was, by all accounts, a strong show. Quite an auspicious comeback for the organization, eh?

We would like to thank all of you who made it to see the show. It's reassuring to see that kind of turnout. Thanks again to all of our new patrons who bought pieces. Enjoy them in good health.

Alpha Rho Tau members can now kick back and relax a little, perhaps entertaining a few thoughts about the next group show (Let's hope it becomes a regular event.)

That is, everyone should relax except Craig. The silly boy has his senior exhibition opening this Sunday in - you guessed it - the Vandalia Room. Details of the sordid affair should appear elsewhere in this very paper.

Once again, thanks to all who visited the exhibition and thanks to all who ventured a purchase. You have provided encouragement and critical response to a hard-working group of people. It has not gone unappreciated.

P.B.L.

The Lambda Alpha Theta chapter of Phi Beta Lambda held their meeting Tuesday, February 23 in A.B. 302.
