GLENVILLE STATE COLLEGE

Wednesday, October 11, 1989

Advisory Board Meets

The Glenville State College Advisory Board met September 28, 1989 at 7:15 p.m. in the Pioneer Center Conference Room.

FALL ENROLLMENT REPORT

Mack K. Samples, Dean of Records and Admissions, presented an Enrollment Summary of the last nine years. The overall enrollment is down by 18, less than 1%, but the Fall Time Enrollment (FTE) is up by 19. Parkersburg's enrollment is down by 89 from last Fall which accounts for the drop plus more. Strong growth is reported on campus and in Summersville along with healthy extension classes. Residence hall occupancy is the highest since 1984.

CAMPUS FACILITIES REPORT

David Camilletti, Director of Administrative Services, reported that the construction on the Art and Music Building made big progress within the last month. The last of the outside structure is going very quickly, but the inside will take time. However, it is expected that the building will now be completed on time, Spring at the latest.

Other matters to be addressed in the future are: renovating Clark Hall columns, replacing some Science Hall windows, completing the fiber-optics network (to Art and Music Building) and placing computer stations in each building for student instruction, removing asbestos and improving handicap access.

Budget Request

President William K. Simmons and Academic VP Dr. Lowell Peterson viewed the Budget Narrative (formatted as the Board of Directors requested) from the following standpoints: Known Cost Increases (\$198,899), Statewide Funding Priorities (\$629,603), Institutional Initiatives (\$583,400), Organizational Structure, Academic Program and Quality Assessment, Federal and Other Funds, Expenditures and Capital Improvements.

Glenville State College has lost

\$695,330 (over 10%) since 1985 due to reductions, and the student body has doubled. Moreover, there are no prospects for additional funding; growth will have to come from GSC's own management. Currently, students are supporting the salary increases, and if another reduction occurs this year, employees will have to be laid off.

Role and Mission Studies

Colleges have been charged with two studies. The first was to comply with Senate Bill 420 with regard to the community college system. Dr. Simmons and the Council of Presidents have been placed in charge of the system's development which should be completed by Oct. 25. As a result, GSC will have to identify its community college component, and isolate it more clearly in schedules, the catalogue, etc. However, it will still remain as part of the overall institution, not freestanding. Glenville will make the best use of the resources in its service area by reaching out to vocational centers and offering additional class work.

However, financial support will be necessary for the system to work. It will have to be built upon the premise that tuition and fees be retained within the institution. The system will be directed toward vocational, technical, adult and general education. As a result, there will be additional federal vocational money.

The second charge was to study the overall mission of the institution. Glenville has created a series of committees to cover every aspect of the institution. Representatives include faculty and classified staff with hopes of also involving the Advisory Board. An overall Steering Committee will be created from the individual committees. The study will go to the Administrative Council and Advisory Board. By next Spring, administration will need to have a very good concept of what they want GSC to be within

Board con't on pg. 4

Carmen Wager, last year's yearbook editor, presents Dr. Simmons with a copy of the 1989 Kanawhachen.

Legislative Program Available

The Social Sciences Division announced today that application may be made by students interested in participating in the Frasure-Singleton Student Legislative Program. This program provides an opportunity for students to observe the West Virginia Legislature for one week during the 1990 regular session.

Student participants work on a one-to-one basis with legislators. They observe

committee meetings, floor sessions and hearings. Legislators are available to answer questions, explain strategy, and discuss procedures. The scheduled activities include discussion sessions with members of the executive and legislative branches of state government as well as lobbyists and the press.

The program is open to full-time sophomores, juniors, and seniors who have completed one course in

political science. Housing, two meals, and transportation while in Charleston are provided by the program. All other expenses must be absorbed by the participants.

Interested students should contact Dr. Wesley Phelan faculty program sponsor, for applications and further details about the program. Applications must be returned to Dr. Phelan at LBH office 237 by October 19.

Register To Tour Europe

Glenville State College's Spring 1990 travel/study program is now taking registration. Entitled "Historical/Cultural Tour of England and France," participants will visit Paris and environs as well as London

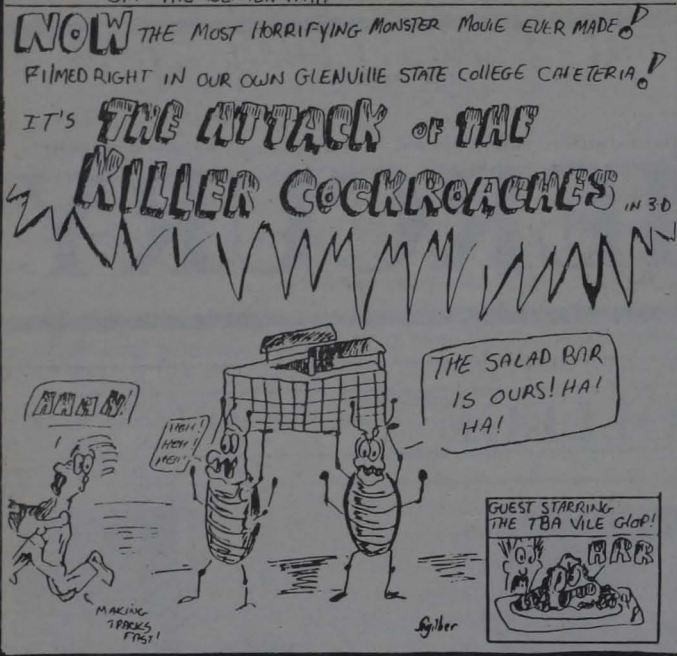

and the South of England leaving Glenville on March 8 and returning on March 19, 1990.

College credit is available in Social Science 399.

Included in the program are

visits to Versailles Palace, Notre Dame Cathedral, Left Bank and Montmartre in France and to Parliament, Westminster Abby and Stonehenge in England. There will

Europe con't on pg. 4

Letter to the Editor

To All GSC Students,

I would just like to thank all of you who attended the home football game on Saturday. All twelve of you. I know that is an exaggeration, but it is pretty sad when a team from New York can have more fans in the stands than Glenville students in the stands. I have never seen such a lack of school spirit on any campus I've ever been to. Do you people have any pride in your school? If you answered yes, I'd bet you were lying. From what I hear a bunch of you went up to Morgantown to watch WVU play Virginia Tech. And last week you went to watch WVU play Pitt instead of coming to the Homecoming Game.

Listen we are Pioneers not Mountaineers. If you people like WVU that much why don't you just pack your bags and get the xxxx out of Glenville and transfer to Morgantown. Our football team may not win but there is nothing that an athlete likes to hear better than a large crowd cheering for a victory. Our football team tries hard. Even Columbia, which did not win a game for four years, had their student body go to home games and cheer. It is kind of hard for the cheerleaders to do their job when all there is in the stands is the band and parents.

Some of you might say we did not go to the WVU game. Maybe not, but you did something much worse. You go home and watch your high school team play. Hey, it is time to grow up and cut those high school strings. Your in college now.

Also, how many of you have ever watched the volleyball team or cross country team participate. There is more than football and basketball on this campus. Let's support all our athletic teams.
Drew Taylor
Pioneer

to have a great time. Congratulations also to the Queen and her court. A fine looking group representing a fine institution.

The Forestry Club will announce its next regular meeting by Thursday of this week. Watch the bulletin boards or contact Eberle Hall for date, time and meeting location.

Thanks again to all who helped with the 1989 Homecoming

As the Editor Sees it

by Paul Biser

From time to time it is a good idea to stop and take account of how fortunate we really are. What privileges Americans take for granted, people living in other nations take life and death risks to achieve. At this very moment thousands upon thousands of young people are leaving East Germany, wishing to find new lives which give them more control over their destinies. The young East Germans are in hopes of being able to participate in the activities of their nation and in governing their own lives. These people are leaving everything they know and have ever had to search for freedom and civil rights in West Germany which is not under Communist control.

Americans at the age of eighteen are given the right to vote, yet many of our young adults are not even registered to vote. Some citizens do not even take interest in the issues affecting their lives, forfeiting the right to help determine their governance.

Why are young East Germans so determined to find democracy? Why are young Americans so disinterested in democracy? Would the absence of a democratic way of life be the only motivation for getting young Americans involved as voters and participation in democracy? Our complacency could allow us to experience a government in which somebody else controls our lives, and maybe only then could we understand the determination of the young East Germans.

Organizations

Delta Zeta

The Theta Xi Chapter of Delta Zeta held their formal meeting at 5:15, Oct. 2, 1989.

We would like to remind all first semester freshmen girls that they are now eligible to pledge Delta Zeta Sorority or Tri-Sigma Sorority. We will be holding a COR-Concentrated Open Rush with the Tri-Sigmas in the Ballroom Sunday, October 15, 1989 at 7-8 p.m. All girls interested in either sorority are welcome!!

On Monday, October 16, 1989 the Delta Zeta's are having a Grease Party from 7:30-8:30 p.m. in the Verona Maple Room in the Pioneer Center. Then on Weds., October 18, 1989 we will be having a Delta Zeta Cruise Liner Party from 6-7 in the Verona Maple Room in the Pioneer Center.

Don't forget Panhellenic at 12:30 p.m. on Thursday, October 19, 1989.

Remember Shirt Day on Thursday!! All students, faculty and residents are invited to an All-You-Can-Eat Soupbean Dinner Oct. 20th-21st, 1989 4-7 p.m. at the Delta Zeta House 305 E. Main St. Adults: \$3.00, ages 7-16: \$1.50, 6-under: Free!! We love you, Alice!!

Forestry Club

Homecoming week has come and gone, and although our Pioneers came up empty handed the week was still full of fun and games. I'd

like to take this opportunity to thank the people who contributed so generously to the activities of the forestry club this past week.

First, thanks to Matt Lindsey and Nannette Hoard for their help in creating the banner that hung from the science building. Although we lost out to those other well done banners it was a great time making it. Congratulations to the cheerleaders for their excellent work.

Secondly, a sincere thanks to Tom Snyder and Don Wildermuth for their help as advisors and workers in preparing the bon-fire for Friday night. Also, thank you Joe Kessler, Stan Wageman, Tom Oxley, Tony Richards and Stan Shimmel for helping get the wood and construct the bon-fire. It was a flaming success and I couldn't have done it without you.

Thanks also to the Gilmer Co. Volunteer Fire Dept. for being on hand in case our little inferno got out of hand. Sure wish the student body had stayed to share in the good time that few of us had Friday evening.

The banner was carried in the Homecoming parade by Joe Kessler and Stan Wageman. I delivered some goodies to the children and adults along the parade route and saw a lot of shining little faces.

The West Virginia Forest Service provided the Smokey The Bear bumper stickers, pencils, balloons and patches. They should remind us all to be careful with fire and protect our natural resources.

Congratulations to all the Student Congress committees for a job well done this Homecoming week. The decorations and band were top-notch. Everyone seemed

Wagner Overpowers Glenville

The young Pioneers had their hands full as they battled an extremely strong Wagner College football team on Saturday. Wagner (10-0), an NCAA Division III independent, defeated Glenville, the NAIA West Virginia Conference, 48-0. The Seahawks, the number one ranked team in the Division III (Eastern), contained the Pioneers to 147 total yards, while amassing 438 total yards themselves.

Wagner quarterback Ray Benvenuti threw two touchdown passes to Keith Johnson and Bill Holden in two touchdowns. Wagner seemingly had no trouble with the winless Pioneers.

Leading the Seahawks in rushing, was Greg Harris, rushing for 144 yards on 14 carries. The Seahawks, of Staten Island, N.Y., amassed 326 yards on the ground in the afternoon. Benvenuti was 6 of 13 passing for a total of 103 yards. The leading receiver for Wagner was Jeff Walker with three catches for 77 yards.

Wagner opened the scoring with two minutes gone in the opening quarter on Greg Harris' 1-yard touchdown run. Still in the first

quarter, Walter Lopez added a 22-yard field goal that put Wagner up 10-0. With Benvenuti throwing touchdown passes of 11 and 5 yards to Johnson, the first quarter score was 24-0. In the second quarter Wagner again scored at will. Bill Holden had an 11-yard touchdown run and a 10-yard touchdown run while John Fenaroll returned an interception 30 yards for a score. Lopez added his second field goal of the day (20 yards) making the score 48-0. Both teams were held scoreless in the second half.

Glenville State was led in rushing by Frank Myers with 36 yards on 13 carries. Through the air, quarterbacks Chuck Wharton and Mike Kellar combined on 5-of-28 for 122 yards passing. Defensively, the Pioneers were once again led by the one-two punch of Brian Hill and Luther Toney. Hill having 15 tackles (9 solo, 6 assists), and Toney having 14 tackles (8 solo, 6 assists).

The Pioneers will continue to look for their first victory next Saturday when they play a West Virginia Conference game at Fairmont. Fairmont is 1-4 overall and 0-3 in the WVIAC.

Glenville State College CROSS COUNTRY / TRACK & FIELD RAFFLE

Three Prizes: CVA St. Louis Hawken .50 Cal. percussion Rifle (donor: Glenville True Value Hardware); Sunbeam Oskar Deluxe Food Processor (donor: Glenville True Value Hardware); \$100 U.S. Savings Bond (donor: Glenville United National Bank-Central). 1st Prize - Choice; 2nd Prize - 2nd Choice; 3rd - Remaining. Tickets: 1/\$1, 6/\$5, 15/\$10, 35/\$20, 100/\$50. Your support will enable the team to purchase needed training gear and to compete in indoor track and field. Thank you to our donors and to you for your support.

Sports Trivia

Last Week's Questions

1. What professional football player has the most yards rushing this decade?
2. What professional football player has the most yards passing this decade?
3. What professional football player has scored the most touchdowns this decade?

Answers to Last Week's

Questions

1. Eric Dickerson--9,915 yards rushing.
2. Joe Montana--24,500 yards passing.
3. Eric Dickerson--75 touchdowns.

This Week's Questions

1. What college football player has the most yards rushing this decade?
2. What college football player has the most yards passing this decade?
3. What college football player has the most touchdowns this decade?

Dent Leads Crush Crew

On October 7, the Pioneer Cross Country Team traveled to Rocky Gap State Park in Allegheny County, Maryland, to participate in the 1989 Frostburg State University Cross Country Invitational. Rocky Gap State Park is located approximately eight miles east of Cumberland, Maryland, with a course having a grass surface except for several places where paved roads must be crossed.

The men's team, which was without two of their regular starters, finished in ninth place with 217 points. Leading the way for the Pioneers was senior Bubby Dent, as he finished runner-up to 1,500-meter Olympic Champion Peter Rono of Mt. St. Mary's (MD) College. Rono, of Kenya, covered the 8,000-meter course in a time of 25:40, a mere nine seconds ahead of Dent. Other placers for the Pioneer men were Richard Clark 31:26 (personal best), Jesse Giles 34:10

(personal best), Markus Hanshaw 36:40 (first race), and Mark Jackson 38:55 (first race). Pioneer starters Micky Grass and William James were both unable to make the trip.

The women's team placed fourth, with 79 points, just 8 points from third place Radford College. Coming in 9th overall for the women was senior Lori Barker-Gardner with a time of 20:56 (her season's best). Coming in 11th, just 18 seconds behind Gardner was Katie Riggelman with a time of 21:14 (her season's best).

Other placers for the women's team were Janie Hoffman 22:36 (her season's best), Tracy White 22:53, and Dawn Farley 25:10 (her season's best). Unable to make the trip for the women's team was freshman Tammy Taylor.

Next for the Crush Crew will be the Joel Varian Invitational at West Liberty State College, October 13th.

Hart's Headlines

If you heard of a football team that went 6-3 last year against Division III opponents, you probably wouldn't pay them very much attention. This team is similar to others, with coaches recruiting throughout the country. However, this team cannot take just anyone. This team has players who cannot hear the signals from the quarterback. Instead, they move on vibrations from a drum on the sidelines. In downtown Washington, D.C., is Gallaudet University for the deaf and hearing impaired.

Gallaudet University, founded in 1864, has been playing football since the early 1890s. For the past three years, they have been playing quite well. While hearing teams use their mouths, Gallaudet (deaf team) uses the drum.

The main product of Gallaudet's unheralded success was in 1985 when Coach Bob Westermann came to the team and turned a perpetual losing program into a winner. Westermann changed the attitude of playing with winning not a priority to a team expecting to win each time it takes the field and gets angry when it doesn't.

In 1985, Westermann's first year, Gallaudet went 5-5 for it's best record in school history. Gallaudet followed up that season with a 7-4 record in 1986 and a 9-1 mark in 1987. The Lambert

Trophy Committee ranked Gallaudet the 10th best Division III team in the East that year.

Gallaudet now has a respectable football team. It has come a long way from the losing years when other teams wouldn't play them because of the fear the game would be mismatched.

The Bisons do the same things offensively as other teams on the field, just in a different manner. Since the players cannot hear signals, the offense moves by the sound of a drum on the sideline. The drum is large enough to be used in a circus, and is wheeled along the sideline to the line of scrimmage. The players feel the vibrations through the ground and react to it.

Gallaudet is college football's only deaf team, but it has mastered the complicated system of playing while not able to communicate verbally. What the players lack in ability to hear, they make up with their other senses. The players depend on good eye contact and the ability to pick up on things.

Coach Westermann feels there is "a lack of awareness in society as far as the deaf are concerned." Westermann tries to prove that just because a person is hearing-impaired doesn't mean he can't go out and play football or do anything else. I think Gallaudet has already proven that.
