WSAZ 3 Airs Education Special

On Thursday, February 22, WSAZ television 3 hosted a public forum called "Teachers, Teachers." A panel of students, teachers, parents, education administrators, and business leaders discussed their thoughts and concerns about teachers in this area. On Saturday, March 10, at 7:00pm, WSAZ will air the content of the forum in a one hour special of the same name.

This public discussion, hosted by former NBC news correspondent Rick Perkins, is the second of a three part series focusing on education in the Tri-State, and is part of "The More You Know" campaign.

"The More You Know" is a community action campaign designed to bring together local resources in a comprehensive program to raise public awareness of problems facing our educational system. WSAZ Television 3, Key Centurian Bankshares, Ashland Oil, and C&P Telephone are partners in this educational campaign.

WSAZ Television 3 is a division of Lee Enterprises, Inc. Lee Enterprises publishes directly through its affiliates 18 daily newspapers and numerous weekly and/or shopper publications. It also owns and operates five television stations and is involved in graphic arts systems through its affiliate, NAPP Systems, Inc.

Memorandum

TO: ALL RESIDENCE HALL STUDENTS

FROM: A. T. BILLIPS, DEAN OF STUDENT SERVICES

RE: SPRING VACATION

The residence halls will be closed on Friday, March 9, 1990 at 12:00 p.m. and will reopen on Sunday, March 18, 1990 at 12:00 noon. Lunch (noon meal) will be the last meal served on Friday, March 9, 1990. Dinner (evening meal) will be the first meal served on Sunday, March 18, 1990. Classes begin on Monday, March 19.

Check-Out Procedure

Before you leave the residence hall for the break, **PLEASE** be sure that:

1. You have **UNPLUGGED** everything in your room (clocks, etc.).
2. You have **TURNUED OUT** all lights.
3. Your curtains and windows are **CLOSED**.
4. Your door is **LOCKED** (and windows, also). Please note that the college is **NOT** responsible for anything stolen from your room. We will be checking your rooms to see that you have complied with the above requests.

Students Informed About Gas Well

Misinformation? That's right. In case you were wondering, all the rumors you have heard about the oil well, by the way it's a gas well not an oil well, can now be cleared up. According to Mr. David Camelitti, the college plans to start drilling in the gravel parking lot in front of Clark Hall sometime between Spring graduation and Summer school. Mr. Camelitti said "the process takes about two to three weeks." The drilling of the well should be done in plenty of time before the arrival of Summer students. The college plans to drill

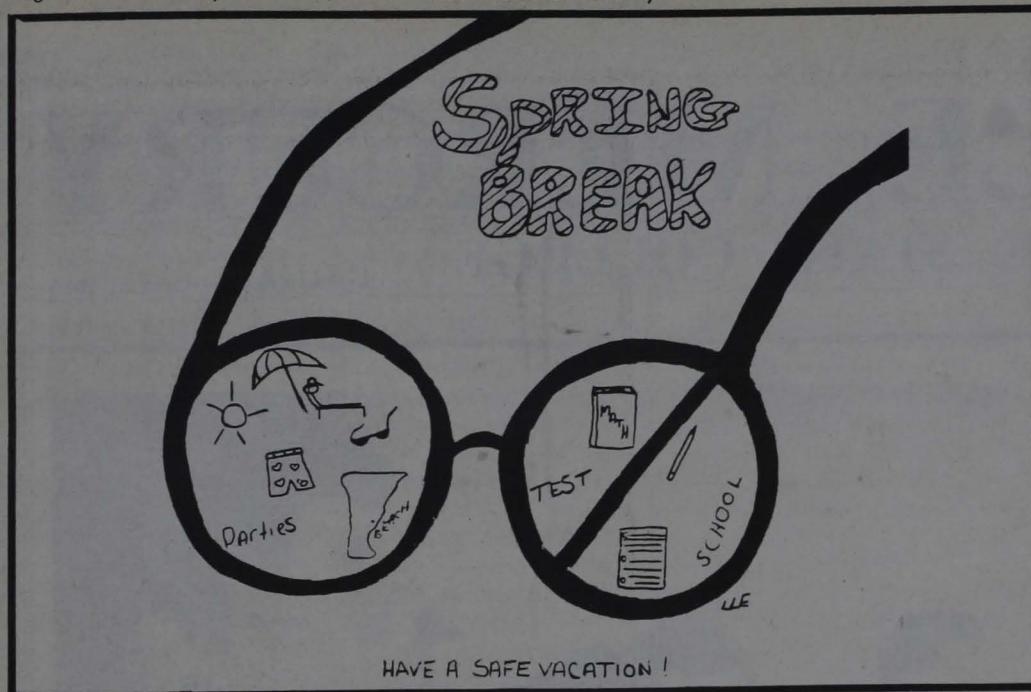

only when nobody is on campus because of safety reasons.

A company has not yet been named to drill the well. The College is currently putting together a specification package to put the bid out. The bid that is accepted will be the lowest or the most efficient.

The well will serve two main purposes. The first being offsetting the cost of heating the campus. GSC has a program that already uses the natural gas because it is cheaper. We currently have two

wells that produce gas to heat the buildings. The second purpose of the well is that it can be used as a learning tool for the petroleum and engineering class. The students will be able to observe the well and get hands-on experience as to how the well actually works.

If you're worried about the well taking up parking space, don't worry any longer. Once the drilling of the well is completed, the small area will be fenced in and the parking lot will be redone so the students can park there.

ORGANIZATIONAL NEWS

PICAS

The PICAS is an organization for commuter students to advocate for the services and facilities commuters need on campus. The next meeting is Thursday, March 8, 1990 in the Vandalia Room of the Pioneer Center at 10:30 p.m. The prime importance of this meeting is to nominate a new slate of officers for the coming year.

Commuters are defined as any non-dormitory resident students enrolled at Glenville State College. They comprise almost two-thirds of the campus student body and are at present the silent majority. You as commuters are either totally satisfied with conditions at Glenville State College or do not want to

take the time to voice your thoughts on how to improve facilities and services.

Your participation is crucial to having your needs voiced - you can make a difference if you attend.

ATTENTION: To all students, faculty and staff. Plans are being made for an all day tag day festivities for March 26, 1990. The procedure for this event is that anyone can purchase 100 stickers at a price of 50 cents. An entry fee per person is 50 cents. The object is to collect the most stickers in one day from anybody carrying stickers on them and/or to remain stickerless. The person who gains the most stickers

can win 1/10 of the Leprechaun's Pot of Gold, and the person who ends up with the least amount of stickers can win 1/10 of the Pot of Gold. However, to be eligible the person(s) must pay their entry fee. For further information you can contact Minnie McNemar or Marilouise McNemar to gain further insight in this activity.

Our next meeting is set for March 8 at 12:30 p.m. in the Vandalia Room of the Pioneer Center. Each member is asked to bring a new member with them. Members, remember that nominations for next year's officers is slowly, but surely coming up.

SEA

On February 6, 1990, the Glenville State College Student Education Association held its second meeting of the Spring semester. The agenda began with a discussion of selling Current products and the books were passed out to each attending member. If anyone would like to order, please contact one of the SEA members. These are to be turned in on March

6, 1990.

Pictures were also discussed and were set for March 6, 1990. We would like all members possible to attend for this picture. The possibility of ordering t-shirts was discussed as well as the possibility of elections being moved from each semester to annually. However, a final decision has not been made.

SEA members, we also need

articles about what is going on in our education classes to put in our newsletter. These should be given to Jeanne Bennett, president, by the end of February.

The next meeting will be March 6, 1990 at 5:00 p.m. in Clark Hall, Room 101. All education majors are welcome! Come see what we are all about!

Ladies of the White Rose

The Ladies of the White Rose held their weekly meeting on March 1 in the Wesley Foundation.

During the meeting an Easter Basket Raffle and visiting the elderly were discussed. All Ladies are reminded that dues must be paid before leaving for Spring break.

Don't forget the BBQ at "The House" Wednesday, March 7, starting at 7:00. Ladies, see Linda Malcomb to find out what you need to bring.

Congratulations to all of the new associates who get pinned Thursday.

Congratulations to the Lambda Chi's on the recent victory over the TKE's in basketball. Final score 76-58.

Awards for the week are: BBOW-Spook, Dribbling Chi's; FOC- James Collins; LW-Burt, P.J.; LOTW- The Dribbling Ladies intramural team.

Are Education Caps Necessary?

Editor Paul Biser

Higher education administrators plan to place enrollment caps or programs. Their reasons for this plan are weak and an ineffective idea even contrary to the national goal of education for everyone.

One stated purpose for the cap is to keep quality in the classroom. We are told that too many students cut down on quality. How, by this logic then, can West Virginia University be considered a more accredited school than Glenville State College when the size of their average class is at least twice as large as our classes here? With the decrease in funds for higher education, it would appear that state schools would want more students to help boost funding. The cost of teaching a class is the same regardless of the number of students. The extra tuition money taken in can be used to purchase equipment. In the following semesters these classes will be able to accommodate more students without added costs.

Incoming students will be directly affected by the cap. There will be few alternatives for students once a program is filled, none of which are desirable. One option is to enroll in a program other than the student's original choice. Another choice is to wait until there is an opening. The final alternative is to go to another college. These alternatives will not be beneficial to GSC students or to the College in maintaining healthy enrollments or budgets.

Letter to the Editor

Dear Editor,

A couple of weeks ago we were in a conversation with you about athletes and their paid meals. You said that there have been many complaints about the money used to take the athletes out to eat during away games. We feel that these athletes deserve to be taken to decent restaurants when they are playing for our school. No athletes are paid for the work they do for the school. A basketball player or cheerleader, for example, has to practice approximately three hours a day including weekends. This restricts them from going home on the weekends or even having extra time to study on the weekdays. These

athletes provide entertainment for the student body, staff, and people in the community. Although some of these athletes do receive scholarships, this doesn't always cover everything and some don't receive financial aid to help with excess expenses. We're sure that not everyone realizes the time and effort that the GSC athletes contribute to the school, but if you would get to know someone who is in a GSC sport, you might be a little more willing to give these people a decent meal every once in a while.

Bloops and Blunders

by Pam Short

Walking is something each of us were taught how to do at a fairly early age. Unless we suffer some type of traumatic accident, the ability to walk relatively well stays with us - doesn't it?

Not according to my sources. A student at the Nicholas County Center was spied walking through the Center on a peaceful and quiet evening when he tripped over nothing, except maybe his own two feet. Talk about coordination.

Another student of the Center was rushing to get to class and locked the keys in her car. The student called her husband to come and unlock the car. When the car was unlocked with the extra set of

keys, the original set were not in the car. The husband looked at his wife perplexed. The lady dumped her purse into the front seat of the car and, you guessed it, the keys had been there all along. The wife smiled a smile of pure sunshine at her husband and asked sweetly, "Since you're already here, how about taking me out for dinner?" Talk about making the most out of a bad situation.

No, GSC students, I haven't forgotten you. I was just saving the best for last. According to a male student, a female student was coming out the side door of the Administration Building with a

dress on. She apparently missed a step and her dress ripped to about mid-thigh. He commented that the "Rockettes" could use her.

This week has to be known as "toilet paper" week. Students from both campuses spied people coming out of restrooms with toilet paper stuck to their shoes. Once the victim was a student, and once it was a professor. The students reportedly had a hard time concentrating on the lesson, it seems the toilet paper was the only thing that could "stick" with the professor.

That's all until next week, but remember to keep your eyes open and your shoes clean!

Spend Spring Break at Disney

College Spring breakers can give the beach a break and save more than 35 percent on admissions to the popular Walt Disney World Magic Kingdom and Epcot Center March 1-31, 1990.

One-day admission to either the Magic Kingdom or Epcot Center is \$19.99 plus tax. A two-day ticket good for one day at the Magic Kingdom and one day at Epcot Center is \$38 plus tax. Regular admission to the parks is \$31 plus tax per day. Students must show a valid college ID card at the main ticket windows, and they are on their way to Disney's worlds of adventure.

In the Magic Kingdom, students can challenge asteroids in the black holes of space on Tomorrowland's Space Mountain or sail the high seas in Adventureland's Pirates of the Caribbean.

In Frontierland, a wild ride awaits aboard a runaway freight train on Big Thunder Mountain Railroad, and in Liberty Square, students will see the supernatural come to life right before their eyes in the Haunted Mansion.

At Epcot Center, students can travel the world and journey into the future all in the same day. A high-speed rescue mission inside the human body launches students in a wondrous thrill ride through the blood stream in Body Wars at the new Wonders of Life Pavilion. In Journey into Imagination, guests don purple shades to see spectacular special effects in Michael Jackson's

3-D adventure, "Captian EO." A short walk away at Norway brings students to the Maelstrom, an exciting boat ride through the fjords of the Scandinavian country. IllumiNations, an exciting show combining lights, water fountains, pyrotechnics and scored to symphonic music caps off every night at Epcot Center.

As a special bonus, students 18 and over can party till 2 a.m. every night at Pleasure Island for 50 percent off. Spring breakers can dance at Mannequins, the hottest top-40 dance club in the country, laugh till it hurts at the Comedy Warehouse and do some heel kickin' at the Neon Armadillo Music Saloon. They must present a valid ID, their driver's license and their Disney Break '90 ticket at one of the Pleasure Island ticket booths. Half-price tickets at Pleasure Island are only available with a Disney Break ticket.

While at Disney, students may also want to take some time to check out the Disney-MGM Studios Theme Park, where movie magic can be experienced first hand. There's fun in the sun as well at Typhoon Lagoon, a 56-acre themed water park with huge water slides and a monstrous wave pool.

Daytona Beach-bound students can stop by the Disney Break welcome center to purchase Disney Break tickets and merchandise, located at 312 S. Atlantic Avenue, one block south of Broadway across from the International Inn.

Reflections

"United we stand, divided we fall."

Anyone can break a single toothpick or even a few of them together. But try breaking several of them bound tightly with a string and that is a different matter.

Individuals can easily be defeated. A few well-placed words will usually suffice. The strategy of "divide and conquer" is quite effective as well. Groups, churches, organizations, clubs, agencies, and institutions with division will have a short life if there is no healing, binding, or union. Survival, and more importantly, excellence can be accomplished when individual differences, desire for individual

or clique power and prestige, greed, envy, and malice can be set aside.

Just as every member of a sports team is needed and important for victory, so is each person essential for harmony. The cooperation of every administrator, faculty member, staff member, and student is necessary for the smooth operation of Glenville State College. Uniting in mutual caring and concern with a commitment toward the common goal of educational excellence will produce strength and result in respect.

So, what will it be folks? The ball is in your court and the stakes are high.

VA Scholarships Available

The Department of Veterans Affairs (VA) is announcing the availability of scholarships to nursing, physical or occupational therapy students for the 1990-91 school year.

Awards are for students in the final year of an associate degree in a nursing program, as well as third and fourth-year students in baccalaureate and master's degree programs in nursing, and physical or occupational therapy.

Recipients receive tuition, educational expenses and a monthly stipend of \$621. In exchange, participants agree to serve as a full-time registered nurse, or physical or occupational therapist in a VA medical center for a period of one year for each year of scholarship support. The maximum length of a

scholarship award is two years.

Requests for applications may be made in March 1990 to the Chief of Nursing Service or the Chief of Rehabilitation Medicine at any VA medical center. Applications also may be requested from the Dean of Nursing, Director of Physical or Occupational Therapy, or the Financial Aid Administrator at schools with accredited programs. Applications must be postmarked no later than May 29, 1990.

Additional information is available by writing to the VA Health Professional Scholarship Program (143B0, Office of Academic Affairs, 810 Vermont Ave. NW, Washington, DC 20420, or calling (202)233-3652.

Miss Ohio Valley Pageant Accepting Applications

Attention young ladies 17-26 years old; how would you like a chance to advance to the preliminary Miss America pageant and represent your area?

The Ravenswood Chamber of Commerce will again sponsor the Miss Ohio Valley pageant which will be held on April 7, in Ravenswood, Judy Riggs, pageant director, announced recently.

The winner of the Miss Ohio Valley pageant will compete in the Miss West Virginia pageant to be held in Clarksburg in June. The winner there will compete in the Miss America pageant held in Atlantic City, New Jersey in September.

The Miss Ohio Valley pageant is in its fourth year and this year is open to girls in Jackson, Roane, Clay, Wood, Wirt, Cabell, Kanawha, Pleasants, Putnam, Ritchie, Mason, and Harrison counties.

This year's Miss Ohio Valley pageant will take place at the Ravenswood High School auditorium on April 7, at 7:30 p.m.

The young woman who wins this local competition will continue to seek scholarship awards at the West Virginia state pageant, which will aid her in obtaining an education at the college of her choice, said pageant officials.

Requirements include: the entrant must be a female between ages of 17 and 26, a high school graduate by Labor Day, single and never been married, of good moral character and a citizen of the United States.

There is no entry fee or sponsorship required for this local pageant. Entry deadline is March 24.

Please contact one of the following people for more information or an application: Judy Riggs, (614) 985-3595; Sandra Lamm, 273-5383 or the Ravenswood Chamber of Commerce office, 273-9672.

Standard Food Service to Conduct Interviews

Director of Career Planning and Placement Jennifer C. Nottingham announces that Standard Food Services, Inc. has changed its day for interviewing to Wednesday, April 4.

Standard Food Service Company, Inc. is located in Hurricane, WV and is owned by the White Swan Company which is

the 6th largest institutional food distributor in the United States. They stock and distribute chemical products for dishwashers and laundries, kitchen equipment, fresh, frozen and canned food products and disposable paper products for hospitals, nursing homes, schools, colleges, restaurants, in plant

feeding, etc.

Additional salespeople are needed because of expansion. The company offers dental, health and life insurance. For further information, or to register for an appointment, please contact Jennifer Nottingham or Eleanor Nicholas in the Placement Office.

Outer Limits Gameroom Observes New Hours

The Outer Limits Gameroom, located in the basement of the Wesley Foundation, is now observing new hours. It will be open every day from 2 to 10 p.m. except on Thursdays when it will open at 3:00 p.m. and close when the last scheduled Mocktail Movie is finished (by midnight).

Come by and enjoy playing pool (35 cents--7 foot tables) and/

or ping pong. A television, video games (25 cents), and a juke box (25 cents) are also available for your entertainment.

Individual and 12" pizzas may be purchased for snacks, or you may prefer a sandwich, corndog, or beefstick. Pepsi, Mountain Dew, Diet Pepsi, Root Beer, and Orange Slice only cost 40 cents per can.

All proceeds return to you, the

consumer, through Wesley Foundation programming; mocktails and movies, overnights, and so forth.

As a Christian endeavor, the Wesley Foundation will not condone the use of tobacco, alcohol, or drugs, profanity, gambling, etc. on the premises. Hormones are also expected to be kept in check.

Hart's Headlines

As the major league owners' lockout continues, their negotiations with the players continue to sour.

My biggest complaint as a fan is why these discussions didn't begin months ago. So far, the negotiations have centered around discussions that should have taken place in November or December.

Commissioner Fay Vincent, who first elected to stay neutral, decided to plow into the dispute after no settlement seemed in sight.

Vincent immediately acknowledged his presence on the owners' side of the bargaining table, as his set of proposals readily supported the owners.

The 1990 Spring training lockout is the third in 18 years. In 1973, the owners kept camps closed for one day until they reached an agreement in a new bargaining package. In 1976, the camps remained closed until Bowie Kuhn, then the commissioner, ordered the training sites opened on March 17.

The following are some of the elements that Commissioner Vincent has brought to the table: the agreement would run four years, with team owners having the right to reopen it after two years; the pay-for performance plan would be dropped; the free agency system would remain the same; minimum salaries of \$75,000, \$125,000, and \$200,000 would be established for players in their first three years; salary arbitration would be continued for players with three year's experience or more with a 75% arbitration cap; finally, the owners' contribution to the players' benefit plan would remain \$39 million.

Personally, I don't feel these elements are going to get the job done. As the gulf between the two sides widen, it seems clear to me that no agreement is going to conclude in the near future.

Teacher Feature

Pat Metheney from Nicholas County Interviewed

Mrs. Pat Metheney of Craigsville has become a very well-known person in Nicholas County. Before teaching in the Nicholas County school systems, Mrs. Metheney taught at West Virginia Tech for twelve years. She then left Tech and began teaching at Richwood High School. She has been there for the last eight years, and has been teaching extension classes for the last nine years.

Mrs. Metheney attended Glenville State College to do her undergraduate work. She obtained a comprehensive degree in English, speech, journalism, and drama. She then got her masters degree in secondary administration.

Finding time to relax is a difficult thing to do for Mrs. Metheney, but when she does find some time, she describes herself as a real "outdoors person". Her

favorite hobbies include fishing with her husband Larry, camping, working around the house, walking her dog, and playing with her cat.

When asked why she puts the added pressure of the extension on top of a full time job, she commented that "it's not really pressure. I love teaching, I love being with kids, I love writing, and if I can help one student to learn, then it's all worth it."

Letters can't from pg 2

To the Editor,

It is with deep appreciation that I want to thank the Resident Assistants, House Directors, the Fire Dept., and the City and Campus Police for all their help and expertise during the unfortunate fire on the first floor of Scott Wing, on Thursday night, March 1.

Without the help of each of you, a far more serious tragedy

could have occurred.

A fire, no matter how small, can be a scary thing to experience. Your presence has reassured many students at Glenville State that we are living and learning in a safe and trustworthy community of many fine citizens.

An extended thanks to Dave, for the bravery he showed. Again, my thanks to each of you.

Students Ideal Vacation Spots

Spring Break 1990 has finally arrived for GSC students. When questioned about where the ideal vacation spot was and why, several students responded these various answers:

"I would go to Florida," responded Mark Miller, "because there are thousands of people there over Spring break, so it would be more fun."

Rod Barker would go to Yellowstone National Park in Wyoming. He says it's the best trout fishing around. He would sit back, relax and fish all week long.

Nikki Cale would go to Ft. Lauderdale, Florida. She said,

"That's where the fun and excitement is." Kathy Koontz says she would go to Florida.

Marcia Moore's ideal vacation spot is Daytona Beach. She, too, believes in hitting the beach, catching some rays and having some fun.

Other ideal vacation spots were: South Carolina; Nags Head, North Carolina; Houston, Texas; Bahamas; New York City; and Washington, D.C.

Keeping all these places in mind, go visit your ideal vacation spot over Spring break and have fun!

American Poetry Sets Deadline

The deadline for entering the American Poetry Association's contest is March 31. The contest is open to the public and entry is free.

Prizes worth \$11,000 will be awarded to the best 152 poems. The grand prize is \$1,000, and first prize is \$500.

"Students have written some of our finest winning poems," said Robert Nelson, publisher for the association. "They are just the kind of undiscovered poets we are looking for, so we can give them the recognition they deserve."

Poets may send up to six poems, each no more than 20 lines, name and address on each page, to

American Poetry Association, Dept. CO-40, 250-A Potero St., P.O. Box 1803, Santa Cruz, CA 95061. Poems postmarked by March 31 are eligible to win. A new contest opens April 1.

Each poem is also considered for publication in the American Poetry Anthology, a leading collection of contemporary verse.

Every poet receives a copy of the "Poet's Guide to Getting Published," a 4-page booklet of useful information.

In the last eight years, the association has run 36 contests and awarded \$180,000 in prizes to winning poets.

Plans For Arts and Craft Fair

Plans for the 28th annual Harvest Moon Arts and Crafts Festival are well underway. This year's festival will be bigger and better than ever before. Over 100 craftspeople are expected at this year's festival. Last year 89 craftspeople participated in the festival and over 5,000 area residents visited the festival to browse, buy from the craftspeople, listen to the outstanding entertainment and have a delicious snack.

The juried festival will be held on Saturday, September 15, 1990 from 11 a.m. to 7 p.m., and on Sunday, September 16, 1990, from 11 a.m. to 6 p.m. at the city park in Parkersburg. For the fifth year the festival is being sponsored by the junior department of the Parkersburg

Women's Club and the Wood County Recreation Commission.

The purpose of the Harvest Moon Festival is to provide artists and craftspeople with an opportunity to exhibit and sell their work and to encourage the development of public access to the fine crafts and the processes by which they are made. Each participant is required to demonstrate their craft during the festival. This is a juried festival.

The festival is open to artists and craftspeople 18 years and older. Both amateurs and professionals may enter. Exhibitors are selected each year. Original work, handcrafted by the exhibitor only, is acceptable. No commercial molds, stencils or patterns are allowed. Commercially made parts

are accepted only for functional jewelry findings, furniture, hardware, etc.

Exhibitor's registration and set up will be on Friday, September 14, from 4 to 8 p.m. and Saturday, September 15, from 7 a.m. to 9 p.m. The festival recommends that all exhibitors set up Friday evening. Security will be provided on both Friday and Saturday evenings. All cars must be removed from the festival area by 9 p.m. on Saturday and 10 a.m. on Sunday.

Entry deadline is June 1, 1990. Booth fee for each 6x8 space will be \$40.00 per space. Entries received after June 1 may still be accepted if space allows or they will be placed on a waiting list. Late entry fee will be \$50.00 per

space. Limit 2 spaces per entry. No commission will be charged. Each exhibitor collects and pays their own sales tax. A representative from the State Tax Department may be present at the close of the festival. No refunds will be given to exhibitors who cancel.

Early entries are given priority as to space location. Spaces are available in the pavilion, under shelters or under large tents. Spaces are available both inside and out. The festival committee encourages all participants to mail their applications in early to get the space that they desire. The festival will provide pegboard and electricity upon request. The festival no longer provides chairs. Please fill your

application out very carefully to insure you get what you need.

If you would like to receive an application for the 1990 Harvest Moon Festival, please mail a stamped, self-addressed legal size envelope to the Harvest Moon Festival, P.O. Box 228, Parkersburg, WV 26101, indicating that you would like an application to be a craftsman for the 1990 HMF.

The festival is looking for many outstanding craftspeople. Some craftspeople that they are particularly interested in are a blacksmith, a glassblower, a potter who could bring their wheel, spinning and weaving, soap making, broom making and many other crafts.

College Bicycle Tours

College Bicycle Tours, now entering its third season, proudly announces its 1990 Summer schedule of bicycle tours.

College Bicycle Tours is the only bicycle touring company in North America "geared" exclusively for the college-aged (18-30).

Our 1990 Summer tours range from 12-47 days, and cost from \$635-\$2365. Tour costs include all accommodations, most meals, van support, and transportation to and from airport and train stations at the beginning and end of tours. Lodging is provided at hotels, bed and breakfasts, youth hostels, and campgrounds (all camping equipment supplied by CBT). Discount air fares are also available.

Our 1990 Summer tours visit seven countries: England, Holland,

Belgium, France, Luxembourg, West Germany, and Switzerland. Tours depart from May through August.

All tours are van-supported, so participants travel "worry-free."

We have common destinations each travel day, but offer several bicycle routes, enabling everyone from the novice rider to the experienced racer to enjoy our tours.

Our groups average between 15-35 participants, with travellers from across North America, Europe, and Asia!

For a copy of our 40-page 1990 Summer brochure, contact CBT by phone or mail.

Note: for further information on newspaper story, contact Jerry Soverinck, director, at CBT: (800) 736-2453.
