1990-91 Student Congress Inducted

The 1989-90 Glenville State College Student Congress held its installation banquet for next year's Congress on Tuesday, March 20. The banquet was open to all past members of this school year's Congress and next year's new Congress members. During the banquet, the old officers presented the Pioneer Musket to Drew Taylor. Also, Mack Samples, the Dean of Admissions, swore in the new Congress members. After the installation of new officers, old Congress members passed the keys to new members. Scot Montgomery, the new president for the school year 90-91, gave a few remarks on his ideas for Congress next year.

This year's Congress members

include: President, Crystal Kitzmiller; Vice President, Mike Miller; Secretary, Traci Chapman; Treasurer, Robert Blake; Parliamentarian, Chris Jamison; Senior Representative Fall 1989, Michelle Riley; Spring 1990, Scot Montgomery; Junior Representative, Cheryl Amos; Sophomore Representative, Sandra Kell; Freshman Representative, Jeremy Brown. Senators-at-large were: Kristi Rogucki, Michelle Jordan, Robin Dodrill, MaryAlice Maher, Paula Rexroad, Sharon Rose, and Gordon Stevens. Residence hall representatives were: LBH-Scott Wymer and Gary Messenger; Pickens Hall- Mary Conrad, Tony

Evans, Kristi Barnard, Janie Clark, Jill Harman, and Lewis McClung. Advisors were Dr. A. T. Billips and Jerry Burkhammer.

This year's Student Congress has been involved with the following projects and issues: homecoming, freshman orientation activities, movies, WV Board of Directors-Advisory Council of Students, mixes and dances with refreshments, GSC Week, AIDS Teleconference, Drug Awareness Week, WVUSPA, Chinese Magic, Alcohol Awareness, campus Christmas tree, spirit competition, lobbying for higher education, lunch bunch, and big screen and satellite maintenance.

by Jayson Scadden

New Coach to Rebuild Football Team

by Carmen Wager

Mr. Rich Rodriguez, former head football coach of the Salem Tigers, has been hired to rejuvenate the Pioneer Football Program at Glenville State College.

Coach Rodriguez will enter this position at GSC with several years of football experience, including an impressive playing and coaching career. During his college football days as a defensive back at West Virginia University, Rodriguez played in four different bowls including the 1981 Peach Bowl, 1982 Gator Bowl, 1983 Blue Bonnet Bowl, and 1984 Hall of Fame Bowl. Rodriguez was awarded the "Ideal Mountaineer Man" during his senior year by the WVU coaching staff and was a three-year letterman. He cited as his personal highlight at WVU his defensive play during the Penn State game which the Mountaineers

won 17-14. In 1984, Rodriguez made 39 tackles (27 solo) and had two interceptions, including one in the Penn State game.

Following his college career, Rodriguez remained at WVU and joined the coaching staff as a graduate assistant. He was hired as the defensive coordinator and assistant head football coach at Salem College in 1986. Two years later he accepted the position of head football coach of the Salem Tigers making him "the youngest head football coach in the nation."

When Salem became Salem-Teikyo University and dropped its football program, Rodriguez became a volunteer assistant coach at WVU and returned to North Marion High School as a teacher. He helped coach the Mountaineers on their path to the Mazda Gator

con't on pg 5

Glenville students participate in a woodwind clinic directed by Randall Hall.

Campus Picnic at Cedar Creek

Hungry??? Come on out and join in on the campus wide picnic, Wednesday, March 21, 1990. If the weather permits, the picnic will be held at Cedar Creek from 3:00-7:00. Bring your volleyball, tennis equipment, and softball equipment and participate in the fun and games. A shuttle bus will pick people up in front of the Pioneer Center to transport them to and from Cedar Creek. If the weather does not permit the picnic to be held at Cedar Creek, it will be held in the

ballroom the same day from 4:00 to 6:00. If this change has to be made, signs will be posted throughout the campus Wednesday morning. The menu for the picnic includes: hot dogs, hamburgers, sub sandwiches, chips, potato salad, decorated sheetcakes, and beverages. Joe Drahnak will cater the food. The picnic is open to all students, faculty, and staff. Bring a few friends and come on out and enjoy the food and games.

Theatre WV to Present "Sweet Sue"

Wednesday, March 28, at 8:00 p.m. the Theatre West Virginia will be presenting "Sweet Sue" at the Glenville State College Auditorium.

There is no admission charge for students, faculty, or staff. A small fee is charged to off-campus adults.

"Sweet Sue" is a play in two acts by A. R. Gurney, Jr. It is a contemporary romantic comedy about modern relationships. Originally produced on Broadway,

"Sweet Sue" featured Mary Tyler Moore and Lynn Redgrave. This is a two-character play, performed by four actors, so we can see two different but complete approaches to each role.

In this May-Dec. unorthodox romance, two people, Susan, a divorced artist and mother of three, and Jake, a college student, are thrown together during the summer. The situations that arise comprise

this work which has a bittersweet ending in which desire and convention are both touchingly accommodated.

The Theatre WV is funded through matching grant money from the West Virginia Department of Culture and History. "Sweet Sue" is being presented by the GSC Cultural Affairs Committee as a part of the Artists Series. For more information, call 462-7361, ext. 122.

LBH Residents Praised For Conduct

Dear Editor,

We the "men" of Louis Bennett Hall (A title which is brand new yet now deserved,) would like to thank every resident of our hall for their participation in making last semester one of the best in recent memory. After last year's dreadful, yet improved showing in the area of damage, it seems the boys decided to become men and take responsibility for themselves and their home away from home. Last year damages exceeded the fifty dollar deposit by \$7.57 making for a total of \$57.57 per person. Although we have had personal damages adding up to around

\$500.00, the average cost per person to this point has yet to exceed \$1.00. In a recent maintenance hall inspection, both Roy Clemons and Dr. A. T. Billips commented on how much cleaner and better taken care of the residence hall has been this year. Congratulations go the Louis Bennett Hall's residents and custodial staff (Hallie and Ruth) for the tremendous turnaround that has taken place--Thank you! Thanks also go to the maintenance department for the wonderful service we have received this semester.

LBH Notes: Congratulations to Gary Messenger and all the other

folks who were elected to Student Congress. Applause also goes to the men's and women's basketball teams on their efforts in the season and tournaments. Good luck and best wishes go to the new head football coach, Rich Rodriguez--Let's get behind him and the Pioneers and help make the upcoming season a memorable one. And finally, we hope you had a fantastic Spring vacation and are ready to get back to work as well as get ready to gear up for a fun in the sun GSC Week.

Thanks guys,

Jerry Lee Burkhammer II
House Director- LBH

Bloops and Blunders

Recently, during the national track competition, the van that was transporting the two GSC participants and their coach ran out of gas. Not just once, but twice! The coach decided to see if he could thumb a ride to the nearest gas station.

Later, the coach was walking along with his arms full of packages when he missed a step. The packages flew out of his arms and went straight up in the air, scattering the contents everywhere.

A teacher in the Physical Education Department ripped a hole in the back of his pants. He was eating in the cafeteria, when he

dropped something as he was exiting. When he bent over to retrieve the lost article, everyone got a free view of his red underwear.

Bowling is a non-contact, non-violent sport, right? Not according to my sources! A student was bowling at the college bowling alley, and as she drew the ball back to toss it down the lane, it flew out of her hands, twice!

The Nicholas County Center was the scene of an incredibly deep sleeper this week. A student was sleeping so soundly that when another student knocked his books off his desk (accidently of course), the student didn't even budge!

Many students have told me I could print their bloopers if I didn't

use their name, or the name of the other students involved in the incident. This week I have a brave soul that doesn't mind if the whole world knows that they're only human. Me! Yes, I made the Bloopers column. For those of you who know me, you knew it was only a matter of time. I'm always late for everything, and on this day, I was really late. I was rushing up the stairs of the Administration Building and boy, are they a killer! I fell at about the top and rolled about half-way back down, but I laughed the longest and the loudest. Did I get hurt? Of course not!

We are only mortals after all, and "if you don't want it printed, don't let it happen."

ATTENTION!!! May and December graduates. Now is the time to register with the Placement Office and begin your credentials packet, if you have not already done so. Contact either Jennifer Nottingham or Eleanor Nichols for assistance in preparation of your credentials file.

ATTENTION!!! Business majors who will be graduating in May. Interested in working with FDIC? Contact Placement Office for more information.

Freshman Counselors Needed

Freshman counselors are needed for next Fall's Freshman Orientation. Stop by the Placement Office for an application. Forty-three people are needed for counselors.

Travel To Broaden Your Horizons

Editor Paul Bier

Vacations can be a time for relaxation as well as a time for expanding upon the education which students are acquiring. Many students here at GSC come from quiet, peaceful, homogenous, rural communities where ideas and resources are limited. They need to be introduced to life-styles other than the typical West Virginia small town life-style. Student travelers can get out of Glenville to escape the pressure and stress from classes and exams. Traveling to nearby cities enables students to see historical landmarks and cultural events. Traveling helps students to be able to adapt to a new place and experience what it would be like to live in other areas of the country beyond WV. Traveling can provide students with a head start in locating a place to work and live. Another advantage traveling offers is seeing new occupations that students were not aware of before.

All the advantages of traveling broaden a student's knowledge of urban ways and helps him adapt to society. Traveling helps students assume responsibility and teaches them how to communicate with people. Forced to be independent, the traveler must make decisions for himself--even spur-of-the-moment decisions whenever a hotel has no more rooms or a restaurant is closed. Unforeseen changes of plans at a moment's notice help a traveler to become flexible and adaptable. Even driving in city traffic is not comparable to driving in rural WV. A driver must pay attention constantly and be alert to all other drivers and pedestrians. City life is the other half of the total picture of life--half rural and half urban. A well-rounded student needs to experience both styles of living.

Gas Well Project Clarified

To The Editor,

Your article about the gas well (March 7) stated that the well would be drilled between Spring Graduation and Summer School "when nobody is on campus".

In fact, there will be hundreds of students on campus during that period attending the Elderhostel, Intensive English, and Training Institute programs. In addition,

there will be several dozen non-faculty, staff, and other students on campus employed in these programs and ancillary activities such as food service and Residence Halls.

Sincerely yours

Duke Tabot

Director of Community Services and Continuing Education

Student Teachers Return to Classroom

By Carmen Wager

Teachers returned to the classroom this week after accepting the recommendation of West Virginia Education leadership to end the strike. The strike placed student teachers as well as students doing observations and practicums in a tenuous position.

According to Dr. Mark Keefe, Director of Field Experiences, "the College and our new Dean (of Teacher Education) have responded in the best interest of our students."

GSC was prepared to take measures to ensure timely graduation and certification for student teachers had the strike continued. GSC would have provided on-campus experiences in lieu of the student teaching

requirements. It would have been necessary for student teachers to attend four days of presentations, seminars and clinical experiences on Glenville's main campus.

Student teachers did not report to their placements during the week of March 12-16. For their own protection, students were encouraged not to participate in strike activities.

Now that the strike has concluded, student teachers will return to their classrooms today. Although teachers throughout the state resumed their jobs on Monday, GSC's education department didn't feel it would be appropriate to send the student teachers directly back

to their placements. "We wanted the teachers to have the opportunity to resolve their problems," Dr. Keefe stated. The teachers will need time to talk to their students as well. "They need to allay their (the students) misdirected feelings of guilt" about reasons why the teachers opted to strike.

Glenville State College's education department has shown dedication to its students by working ardently to provide an alternative way for the student teachers to gain certification had the strike continued. Unless any more problems arise, student teachers will complete their placements and graduate as scheduled.

Auditions For Children's Theatre

Auditions are announced for GSC's annual Children's Theatre production, this year featuring "The Wonder Processor," a play in one act. Auditions will be held on Wed., March 21 and Thurs., March 22 starting at 5:30 p.m. Be prepared to move, play games and have fun.

Performances will be given in area elementary schools during selected days, with the cast providing technical support and enjoying the beautiful scenery. There will also

be one performance given on the GSC campus.

It can give you a sense of what it's like to create performance experiences for children in the spaces usually provided by schools.

If you are interested in acting, in working with children, in having fun, or in earning an hour's credit for your work with us, contact Mr. Dennis Wemm or watch the bulletin boards for times and places.

Millions Available For Education

Student Assistance is now accepting applications for scholarships, fellowships, grants and loans for the 1990-91 school year.

According to the president of Student Assistance, Mark Caffey, millions of dollars available to students for financial aid go unclaimed each year.

Caffey believes Student

Assistance will help many students. "Education should not be prohibited because of cost," he added.

If you are a high school student or college student and would like to fill out an application, please send a self-addressed-stamped envelope to Student Assistance, P.O. Box 57037, Webster, Texas 77598.

Advisory Council Rep. to be Chosen

Elections will be held for the position of Representative to the Glenville State College Advisory Council for the 90-91 school year. Any GSC student with a 2.0 or better is eligible to run for the position. Nominations will be accepted from April 2-12 in the Office of Student Services. Deadline for nominations is Thursday, April 2 at 4:00 p.m. Students are reminded that nobody has to nominate you. You can nominate yourself.

The Advisory Council is a group of people who meet with President Simmons on policies and act as a go-between for the Board of Directors.

Nicholas Co. Secretary Featured

Mrs. Carol Lantz is sort of "the new kid on the block" at the Nicholas County Extension. Mrs. Lantz was hired on October 16, 1989 as a secretary. Mrs. Lantz performs many tasks at the Nicholas County Center. She files, answers the phone, types the checks for the instructors, and registers the students. Mrs. Lantz stays very busy at her new job, but says she really enjoys it.

Mrs. Lantz is originally from

Morgantown. Before coming to work at the center, she worked at the Nationwide Insurance office at Richwood.

Mrs. Lantz and her husband, Gail, have an eighteen-year-old son who is a part-time student at Glenville State College.

Away from the center, Mrs. Lantz enjoys her family and "listening to rock stations."

Percussion To Give Concert

The Glenville State College Percussion Ensemble will perform in concert Tuesday, March 27 at 8:00 p.m. in the College auditorium. The doors will open at 6:30 p.m. The concert is open to the public and is free of charge.

The ensemble will play hits from the past including "MacArthur Park," "Somewhere Out There" and other chart-topping tunes from the 60's, 70's and 80's.

Members of the Ensemble include Ric Burns, Mike Fling, Debi Dingess, Fred Channell, Mathew Hersom, Julie Harbert, Gary Allen, Tom Chappell, Michelle Walkup, Kristi Barnard, Jill Harman, Steve Jones, Trey Simonson, Marsa Corathers, Michele Fling, Heather Vineyard, and faculty member Cheryl McKinney. The ensemble is directed by Glenville State College band director, Mr. John McKinney.

Nominations Being Accepted For New Pioneer

Wanted: Enthusiastic senior to help cheer on the new football program at GSC. That's right! If you're a senior filled with enthusiasm and GSC pride, you should consider running for the honor of being next year's Pioneer. Nominations for Pioneer will be taken between April 2 and Thursday, April 12, at 4:00 p.m. The election for the Pioneer will be held April 23 and 24.

Guidelines for the candidates

are as follows: 1.) Senior status is required unless no seniors run, then juniors will be permitted to run. 2.) Candidates must earn and maintain a 2.0 average on all work attempted. 3.) Pioneer must attend all home football and basketball games in designated costume. 4.) Pioneer must exhibit conduct in a manner becoming a GSC representative. 5.) Pioneer must attend state basketball tournament in the

function of a Pioneer. 6.) Pioneer should project spirit and enthusiasm and assist the cheerleaders. 7.) Use of controlled substances and misconduct such as intoxication are not permitted and will be just cause for suspension.

For more information on the qualifications, see your Student Handbook, pages 20 and 21, Article VI, Section II.

GSC

WEEK

The Pioneer Center Programming Board has released the winner for the 1990 GSC Week Logo Contest. The winner is Kris Rogers, a senior from Buckhannon. Kris is an art education major with a minor in theatre. He won \$25.00 for his 1st place entry.

Support Adopt-A-Highway by Tena Rogers

Do you like a challenge? If so, here's one for all of you. The Forestry Department challenges students, faculty, and staff to adopt a highway. Last spring, the Forestry Department adopted the part of the highway which is located three miles between town and Leading Creek Bridge. There are approximately 20 people in the forestry's Adopt-A-Highway Club. These members are made up of both students and faculty. Through the West Virginia Adopt-A-Highway Program, local civic organizations, fraternal and business groups will have the opportunity to take the responsibility of adopting two or more miles of secondary highway on or near their communities, where they will pick up litter at least three or more times a year. It is suggested one of these pick-ups be scheduled during the month of April. The program is designed to instill pride in the hearts and minds of all West Virginians. The program involves encouraging participation by local volunteer groups in their respective counties. The benefits from the program are: enhancing the environment beautifying highways, helping to keep adopted sections clean and reducing litter along highways, giving members of the Adopting Groups a sense of proprietorship over public lands, helping to create a society where prevailing attitudes do not tolerate littering, making communities more attractive to businesses and industrial development, educating the

traveling public about litter problems, building a broad-based community support for the anti-litter and state beautification programs, providing a way for groups to contribute to the community, instilling pride in all who participate, and lessening the financial burden placed on the taxpayers to keep roadways litter free.

Groups or businesses interested in adopting two or more miles of secondary highway need to contact Maxine Scarbo, Administrator Conservation Education and Litter Control, WV Department of Natural Resources, Charleston, WV, 25305. Phone 348-3370. After the contact has been made, the Department of Natural Resources will forward applications and agreement forms along with guidelines and responsibilities of the adopting groups and group leaders. Upon receipt of the application/agreement forms, the State Litter Control Coordination will assign requested miles for adoption. (Miles will be assigned on a first-received basis. If miles requested by a group have already been assigned, the nearest miles will be given to the group.) Miles will not be split. For example: a group cannot adopt a section one mile east of a town and one mile west because of wanting to clean the town entrance. In this case, one entrance should be assigned to another group.

3. Name the original eight AFL teams.
4. Who is the only man to play on an NCAA title winning team in basketball and coach one?
5. What NFL team holds the record for most consecutive losses?

Library Adds Computers

Through the cooperation of Mr. Ernie Smith of the Division of Business and Mr. Jim Conaway of the Micro-Computer Center, there are now three PC's available for student use in the Robert F Kidd Library. Two are located in the reference area near the index tables and one in the Media Center.

All three computers are IBM PC's, take 5 1/4" DS/DD Diskettes and have printers.

While these PC's are available for your use and convenience, neither the Library nor the Media Center can provide a full-service computer laboratory. You need to bring your own software and understand both PC operation and your assignment. Should you need instructional assistance, please contact your instructor or Micro Computer Center personnel.

Register Now To Vote In May Primary

Less than a month remains for West Virginia citizens to join the ranks of registered voters who will be eligible to cast ballots in the May 8 primary election. Every registration- whether in person or by mail- must be received by the county clerk no later than Monday, April 9, according to Secretary of State Ken Hechler.

"I hope every West Virginian who is already registered will help at least one friend or neighbor get registered," Hechler said. "Let's prove to the world how much West Virginians value the right to vote."

Seventeen-year-olds who will

turn eighteen before the general election on November 6, 1990, may cast their first ballot in the primary. "This provision means most high school seniors can go to the polls this Spring and put their civics lessons to work," Hechler said. County clerks are required to visit every high school to register eligible students before the April 9 deadline.

Voters must show identification and proof of age when they register. A driver's license, birth certificate or military ID are acceptable. Older voters who clearly meet the minimum age requirement may show a social security card

and some signature ID such as a credit card to meet the requirements. When a postcard registration is used, this identification must be presented at the polls.

"To guarantee your registration is complete and acceptable, we urge you to visit the county clerk's office or register at one of the special registration sites," Hechler said. "Postcard registration is there for convenience, but it is safer to register in person. Then you will be sure you are in the books in the right precinct."

Several other provisions of registration are designed to protect the integrity of the voting process. For example: voters who register by postcard must sign the oath in the presence of a notary public. Postcard registrants must vote in person the first time either at the

SPORTS

By Michael Hart

Hart's Headlines

Who says emotion has left the game of basketball? Don't tell that to the Loyola Marymount Lions who dedicated their post-season play in the NCAA Tournament to their superstar teammate Hank Gathers who died two weeks ago.

So far the Lions have made waste to New Mexico State 111 to 92, and most recently to defending national champion Michigan 149 to 115.

The emotional Lions (25-5) sank 21 3-pointers, including 11 by Jeff Fryer. The 149 points by the Lions was an NCAA tourney record.

Loyola Marymount's Bo Kimble, the nation's leading scorer,

paid tribute to Gathers by making his first free-throw left-handed.

The next opponent for the Lions will be this Thursday against the Crimson Tide of Alabama.

The NCAA Tournament has always been known for upsets, but this year most of the top seeds in the tournament are eliminated and, it has become a wide-open affair. Look for either Duke with their tradition and experience, or Georgia Tech with their unlimited amount of talent to surface on top of this year's tournament and become national champions of the college basketball world.

SPORTS LOOK

March 24 (Sat) Pioneer Track at Marshall Early Bird Relays 10a.m., Huntington, WV.

March 29, 30 Pioneer Golf at Glenville State Invitational, Oxbow Golf Course, Beverly, Ohio.

Collegiate Track & Field Officials Needed

Glenville State College will host two major men's and women's outdoor collegiate track and field meets this spring: (1) The Pioneer Track & Field Classic (Saturday, April 7, 1990), and (2) The NAIA District #28 Track & Field Championships (Friday, April 27 1990).

In addition, GSC will host the (1) Pioneer High School Track & Field Classic (Saturday, April 28, 1990), and assist Gilmer County High School in hosting the (2) Little Kanawha Conference High School Track & Field Championships (Friday, May 11, 1990). Both of these meets will be boys' and girls' meets.

Gilmer County High School (Mr. Larry Barton, Athletic Director-phone 462-7960) will host three boys' and girls' high school meets at the GSC track on Tuesday, April 3 (High School All-Comers), Monday, April 9 (High School All-Comers), and Tuesday, April 24 (High School Invitational). All three Gilmer County High School meets will begin at 4:00.

It takes the coordinated efforts of many individuals to run a track and field meet smoothly and efficiently with the best interest of the competing athletes in mind. We are in need of volunteers who will serve as meet officials. If you can help at any or all of the above mentioned meets, please complete the enclosed officials' form and return it to the GSC Men's Track & Field Office.

Experience is not a prerequisite. There is something everyone can do. Your help is greatly appreciated. If you can't help, please pass this information on to someone who can!

Athletic Director Russ Shepherd Welcomes Coach Rodriguez to GSC.

New Head Football Coach

con't from pg 1

Bowl. Rodriguez will draw on his coaching experience with Don Nehlen as a basis for improving the GSC Football Team. "Don Nehlen is my mentor," Rodriguez stated at a press conference on Wed. March 7 held in the Pioneer Center Verona Mapel Room.

Rodriguez feels there are "a lot of positive things the team and community has to offer." His first priority is to make sure everyone is ready to make a commitment to the football program. "I'm going to require that our players make a commitment both academically and athletically," Rodriguez said. Recruiting will be his second priority.

Although Coach Rodriguez

realizes GSC went 7-20-1 in three seasons under Coach Nocida, including 0-8 in 1989, he stated, "I'm not a person to dwell in the past. There's a lot of hard work ahead. It's going to be a tremendous challenge, but it's also a tremendous opportunity for me."

Rodriguez stated, "I think there has been a lot of negative talk here. I learned from Coach Nehlen that everything should be approached in a positive manner."

This positive attitude is already felt among next year's football players. Terrence McGee, a sophomore physical education major, believes "we'll be more motivated, dedicated, more

organized and better conditioned." Chris Langham, a pre-law student, is also a second-year member of the team. "I think that he (Coach Rodriguez) will make the necessary changes to make the Pioneer Football Team successful. I think he will give us enthusiasm and a more positive attitude," Langham stated.

Rodriguez, 26, a Fairview native, is married to the former Rita Setliff of Jane Lew. As well as taking on the responsibilities of head football coach, he will instruct physical education classes.

Athletic Director Russ Shepherd said Rodriguez was selected from a field of 41 applicants.

Bob Sowards Leads GSC Golf Team

Glenville State's Bob Sowards made all-tournament honors in leading the Pioneers to a third place finish in the 14-team Carson-Newman Invitational Golf Tournament held at Saluda, South Carolina on March 12 and 13.

Sowards led the Pioneers as he shot a four-over-par 148 to finish third in the individual competition.

Individual honors went to Kevin Ratcliffe of the University of South Carolina Aiken. Ratcliffe shot an even-par 144.

Glenville will next host their own 19-team tournament on March 29-30 at the Oxbow Country Club.

GSC Scorers:

Bob Sowards 76-72-148 (all tournament), Mike Stills 75-78-151, Patrick Geraghty 80-79-159, Greg Tallman 84-75-159, Ben Moore 76-84-160

Team Scorers:

(1) USC-Aiken 589, (2) Morehead State 608, (3) Glenville State 611, (4) Western Carolina 615, (5) Catawba Valley 629 (6) Carson-Newman 635, (7) Presbyterian 641, (8) Lincoln Memorial U. 657, (9) Spartanburg Methodist 662, (10) Baptist 667, (11) Brevard 672, (12) Ithaca 693, (13) U. of the South 705, (14) Bluefield, Va 160

GSC Hosts High School Science Fair

Glenville State College will once again be hosting the West Virginia State Science and Engineering Fair for the 5th year in a row.

The thirty-seventh annual state fair will be held April 6th and 7th in the Science Hall.

The fair is open for grades 9-12. Winners from the regional fairs will advance to this state fair.

An estimated one hundred and twenty-five entries will be competing in thirteen categories: behavioral and social; biochemistry; botany; chemistry; computer

science; earth and space science; mathematics; medicine and health; microbiology; physics; and zoology.

A judging panel of thirteen experts in the math and science fields will judge the projects and oral presentations on Friday, April 6. There will be three winners chosen from every category. The winners will then again compete on Saturday with a new team of judges. There will be ten winners chosen on Saturday. The top two winners will advance to the International Fair in Tulsa, Oklahoma.

Adopt-A-Highway continued from page 4

When doing litter clean-up, groups and businesses are encouraged to separate aluminum, glass, and plastic bottles (no styrofoam) into separate bags as there is cash for recyclables for your group or favorite charity. The Department of Natural Resources will process, forwarding to the group or business a Certificate of Adoption, a prepared news release, safety procedures and any other helpful material. DNR will notify the Department of Highways that the group is eligible to receive the following items: orange vests, plastic pick-up mitts and trash bags. Groups or businesses will pick up necessary equipment for the cleanup directly from the DOH during regular working hours and ahead of scheduled

cleanup. The group is responsible for making arrangements with the Department of Highways to pick up bags of trash. After each of the three major pick-ups, group of business is to forward one of the three report forms, which was mailed to the group with Adoption Certificate, to the Department of Natural Resources as instructions note at the top of the form.

Register to Vote continued from page 4

polls, or at the circuit clerk's office if they are going to be out of town on election day; naturalized citizens must present proof of citizenship to the county clerk when they register.

If you are already registered, you must correct your registration by April 9 if your legal name has changed, you wish to change party affiliation, or you have moved from your previous precinct.

Students Enjoy Spring Break

by Lori Burton

The Mercury would like to welcome everyone back from Spring Break.

During the ten day break, most students enjoyed their break away from Glenville. After talking to a few students, I found that many of them traveled to warmer climates.

For example, Bernie Rees went to Columbus, Ohio and worked for a marketing research firm. Paul Biser went to Washington, D.C. to do some sight seeing. Julie Darnell went to Florida to visit her parents and search for a summer internship. Tou Tou Abraha went to Paris, France, to spend a romantic Spring Break with her boyfriend. Robin Dodrill went to Daytona Beach to enjoy, relax, and catch some rays. Several students went to Snowshoe over break to learn how to ski with the ski class the college offered.

FOP can cause joints to freeze overnight leaving the victim in an awkward position. Some studies show that most victims of the disorder will be in a wheelchair by age 30.

Dr. Michael Zasloff is the only physician in the world who has done any research on FOP. Dr. Zasloff needs \$75,000 to continue the research.

The Mercury staff would appreciate any donations of baked goods for the fundraiser. Please contact Julie Darnell at 462-8151 or 462-7361 ext. 290. Please have your baked goods ready by Monday night and drop them off at the Mercury office in the bottom floor of Clark Hall.

SUMMER JOBS

Over 50,000 summer job openings at Resorts, Camps, Amusement Parks, Hotels, National Parks, Businesses, Cruise Lines, Ranches and more in the U.S., Canada, Australia, & 20 other countries. Complete Directory only \$19.95. Don't wait until after finals. Send to Summer Jobs 38039, Colorado Springs, Colorado. 80937

**Teacher Feature - Marty Armentrout**

by Carmen Wager

Mrs. Marty Garrett Armentrout has been a familiar face on Glenville's main campus for many years.

She graduated from GSC in 1971 with a BA in English education and secretarial studies. Mrs. Armentrout began her teaching career at Clay County High School. She taught business courses for grades 9-12 as well as an English class occasionally. During her summers, she took graduate classes at Marshall University and obtained an MA in business education.

Mrs. Armentrout became a professor at GSC in the fall of 1976 teaching classes in accounting and computer science. She agrees that Glenville is a friendly campus and expressed her appreciation for GSC. "I believe that Glenville offers an opportunity to obtain a good quality education."

Mrs. Armentrout enjoys many hobbies in her leisure time. "In the

summer time I like to work in the yard as much as I can and I like to walk," she stated. She also enjoys working with her hands and reading. Robert Ludlum and Leo Buscaglia were cited as her favorite authors.

Traveling is something Mrs. Armentrout hopes to have the opportunity to enjoy someday. "I hope to do a lot of sightseeing in the U.S. I've always wanted to see all the states," she said.

She would also like to expand upon her education. Although she hasn't ruled out the idea of obtaining another degree, she stated, "I'd just like to keep up with the changes in my field." She enjoys taking additional classes whenever possible. "I like to get on the other side of the desk," Mrs. Armentrout stated.

She is the wife of Hunter Armentrout and she is a member of the Sand Fork Baptist Church where she participates in the choir.

Handicapped Parking Designated

The handicap parking spaces on campus are provided specifically for those who are disabled, and not for students who don't feel like walking.

It's very inconsiderate to park in these designated spots. Have you ever thought about the inconvenience you're putting these handicapped through? Although it's quite understandable about the parking situation here on campus, what gives you the right to park in a spot that was not put there for you.

Consider yourself grateful that

you have the ability to maneuver your body in any position you wish. The parking places designated for the disabled was not specifically put there out of spite to us fortunate ones, but because they are unable to maneuver themselves like us. So, please, think twice before you go and dominate their parking place. If you feel you are unhappy with this comment then you should make the effort to get on campus earlier to be guaranteed a parking place before parking in a spot which was not made for you!

Bake Sale To Benefit Young Girl

The Glenville Mercury will be sponsoring a bake sale on Tuesday, March 26 and Wednesday, March 27. All proceeds will be going to an organization to do research for a rare disorder called fibrodysplasia ossificans progressiva or FOP.

Amie Darnell, 5 yr. old niece of Julie Darnell, a student at GSC, has this rare disorder which causes

bone to form within and around connective tissues and muscles, allowing little or no movement of the joints. There is no cure for the disorder. Amie's neck is frozen which allows no movement of her head, and she cannot move her arms above eye level. Amie has had FOP since birth, but has just been diagnosed.

Art Center Offers Grants

In its continued efforts to promote and foster the development of new art forms, the Painted Bride Art Center, 230 Vine St., Philadelphia, PA is pleased to announce its 1990 New Forms Regional Grant Program, formerly the Grant Program for Interdisciplinary Artists (GPIA). The program will be awarding average grant amounts of \$4000.

The types of projects supported by the New Forms Regional Grant Program are those works that explore new definitions of, or the boundaries between cultures, disciplines, and/or traditions. We invite work that has political and social relevance or that considers the social context of a neighborhood. The deadline for applications is April 6, 1990.

An invitation to apply is

extended to non-student residents of Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, and the District of Columbia. The Bride encourages applications representative of the ethnic and cultural diversity of the region.

The program is funded by The Pennsylvania Council on the Arts/Cross Disciplinary Arts Program, The National Endowment for the Arts/Inter Arts Program, and The Rockefeller Foundation.

For guidelines, applications, and information on the 1990 grant program, call: (215) 925-9914, or write: Steve Gerba, New Forms Regional Grant Program Director; c/o Painted Bride Art Center, 230 Vine Street, Philadelphia, PA. 19106.
