Glenville State College January 30, 1991 Volume 62 Number 15

## Parker To Speak At Glenville State College

On Wednesday, February 6, the GSC Student Congress will sponsor a campus-wide convocation in the Fine Arts Building auditorium at 10:10 a.m. Dr. William C. Parker will speak on the topic of "Diversity and Excellence in Higher Education."

Dr. Parker, retired Vice Chancellor for Minority Affairs at the University of Kentucky and presently president of the Human Resource Institute in Lexington, is author of numerous publications on human behavior, motivation, behavioral learning patterns, human development, counseling, managerial psychology, assessment, cultural pluralism, leadership and affirmative action in education and the corporate environment.

His popularity as a human development expert speaks for itself, having provided consultant services to over 800 colleges and universities, public school systems and eight state school systems and industries and corporations. He is listed in Who's Who in Black America.

He is a native of Illinois and received his undergraduate and master degrees from Illinois State University. His Ph.D. is in Psychology from Columbia Pacific University. He has done post-graduate study at Rutgers, Princeton, Case-Western Reserve and the University of Ghana in Accra. With 42 years experience as a teacher, college professor, administrator and

management consultant, Parker has been granted outstanding service and achievement awards from over 200 colleges and universities, public school systems, and civic and

professional organizations.

The faculty is encouraged to bring their Wednesday 10 a.m. classes to the convocation.

## GSC Alumni Own Former Arbuckle Residence

by Tracy Samples

Some might think it is amazing that the alumni of Glenville State bought a house of their own, but after four and one-half years they have finally done it.

The new GSC Alumni Center, formerly the Arbuckle home, was the dream of the late alumni director, Linda McKown. Thanks to McKown's insistence, the Alumni association, in cooperation with the Alumni Foundation borrowed \$68,000 from Kanawha Union Bank in March of 1986 to finance the purchase.

The original cost of the house was \$80,000, however, the association made a request to the graduates first to determine their interest in the project. The GSC alumni came up with \$12,000, between November 1985 and March 1986 to make the down payment. The Association decided the goal could be met, so they started to pay off the house.

The Class of 1937 came through with the largest amount of

any one group. Mr. Ralph W. Curry, of Hagerstown, Maryland, a member of that class, paid the last \$8,000 on the center in November, 1990. As a result of this, Curry is being honored on Alumni Day, April 27, by having a room in the center dedicated in his honor.

The Alumni and friends of GSC together have donated over \$100,000. GSC Alumni Director, Thelma Samples said, "It is wonderful that so many graduates and friends of GSC contributed so much to this project. Most of our graduates are not wealthy people, but they gave what they could and I thank them for that."

Although the Alumni Center is paid for, contributions are still needed. The Center is like any other home. There are repairs and upkeep to be done. Contributions can be made payable to the GSC Alumni Foundation and sent to the office of Alumni Affairs, GSC, Glenville WV.

## Troubled Waters Persist in Gulf Crisis

by Arson Workman

Saddam Hussein has unleashed the world's largest oil spill into the Persian Gulf, dumping more oil than was released as a result of the Exxon Valdez accident that occurred two years ago off the coast of Alaska. The spill is 35 miles long and 10 miles wide. The source of the oil is a pipeline facility used to pump crude into oil tankers off the coast of Kuwait.

No U.S. official is sure of Hussein's motivation for creating the slick. According to military analyst, there is no strategic military value. The White House lashed out at Hussein calling the act "Eco-Terrorism."

U.S. planes have hit the pumping facility and the oil has slowed. However, the military is unsure if this will stop the flow of oil into the Gulf.

Because Saudi Arabia and other countries around the region depend on the Gulf for their water supply, there is a serious danger to the desalinization facilities used by the Saudis. However, one desalinization plant worker stated that the water that is used by the plant comes from the lower levels of the ocean and not from the surface which is the slick's domicile.

## Environment Threatened by War Extensive Ecological Damage Expected

When nations go to war there are many devastating results. A serious consequence of the war now being waged in the Middle East may be the damage to the environment. Whether it be the Vietnam War when millions of acres of rainforest were destroyed or the recent Iran/Iraq conflict when tremendous amounts of oil were spilled into the Persian Gulf, war is harmful to the environment.

The Gulf War represents some unique and serious threats to the environment. Scientists warn the confrontation in the Gulf may produce serious air and water pollution around the globe.

When the Allied forces launched their attack on Baghdad one of their primary targets was the petrochemical plants around the

city. The destruction of these facilities, scientists warn, may cause deadly ammonia clouds to rise and cover the area. These deadly toxic clouds may cause serious threats to the area in the form of water pollution as well as causing serious health threats to people located in the region. The destruction of Iraq's nuclear facilities might also have a devastating ecological impact on the world. Some scientists even go so far as to warn of another Chernobyl type of contamination with radioactive matter being carried around the globe by air currents and causing widespread contamination.

Saddam Hussein has threatened to destroy oil refineries and storage areas in and around Kuwait. John Pomfret of the

Associated Press reports a toxic cloud nearly 1,000 miles high may be the outcome of this kind of attack. Scientists are extremely alarmed by this prospect. Some even go so far as to estimate global warming may be advanced by as much as 30 years from such a toxic cloud.

Attacks on oil tankers will result in further ecological damage. Thousands of tankers find their way in and out of the gulf region. Environmentalists fear an ecological disaster 100 times worse than the Exxon Valdez in Alaska may occur.

Precautions are being taken to protect the region from possible ecological catastrophe that may result from the war. Oil booms have been set up in the region and fire fighting equipment has been installed to fight possible ecological catastrophes. Only when the conflict is resolved will the facts be known about what kind of ecological damage has been done. No matter the outcome of the war, one of the big losers will be the environment.

## War Poll Shows Opposing Views

by Angie Kemper

The Persian Gulf War sparked opposing views on college campuses across America, and with a knack that students seem to have, those opinions are being expressed.

At Glenville State, a random poll was taken to determine how students felt about the war. Out of the ten people questioned, six believe that President Bush did the right thing in deciding to attack Iraq. One student, Chris Kennedy, exclaimed, "They ought to give him (Saddam Hussein) a hydrogen bomb suppository!" On the other side of the argument, three people support the troops but feel that war

is wrong, and one woman answered with a flat no. She feels that America ought to use its own resources and shouldn't import oil anyway.

On a more national basis, students have been demonstrating both for and against the war. Staff Writer for The Parkersburg News, Jesse Mancini's story Friday portrays one such instance. One hundred three Ohio University students - members of the Athens Peace Coalition - were arrested Thursday after an anti-war demonstration in an Athens intersection where they sat down and refused to leave. Besides them, another campus organization, the Young Americans

for Freedom, also demonstrated. Their president, Stuart Grimes, explained, "We did this to show that the Athens Peace Coalition doesn't speak for our campus."

Although there have been many anti-war demonstrations, ABC News and the Washington Post showed that Americans approved President Bush's decision by a 76 to 22 percent margin. The poll had a plus or minus five percent margin of error. War-influenced demonstrations armed with more participants can be expected to continue as reports of the fighting intensify emotions.

## Park Service Offers Lifeguard Jobs

The U.S. Dept. of Interior National Park Service has announced that summer lifeguard jobs are available at the following locations:

Acadia National Park-Maine  
Assateague Island National Seashore-  
Maryland/Virginia  
Cape Cod National Seashore- Mass.  
Cape Hatteras National Seashore-  
North Carolina  
Delaware Water Gap National

Recreation Area- New Jersey/Penn.  
Fire Island National Seashore-New York  
Gateway National Recreation Area-New York/New Jersey  
Gulf Islands National Seashore-Florida  
Natchez Trace Parkway-Alabama  
Virgin Islands National Seashore-St. John, U.S. Virgin Islands

Applicants for these jobs must be American citizens at least 18 years old for all the above duty

stations except Gateway National Recreation Area, where applicants may be 16 years old. They must pass all parts of a preemployment performance test in one test session by May 12, 1991, and meet applicable experience requirements. Relatively low-cost summer housing is available at most of the above work locations.

For information about the test, pay scales, and applicable experience requirements for these lifeguard jobs, applicants should call toll-free 1-800-678-7946 (1 800 NP 8 SWIM). In New York City, call 1-718-338-3670.

## Fall Semester 1990 Dean's List Released

The following students made the Academic Dean's List for the fall semester of the 1990-91 school year: Jennifer Allen, Jill Allen, Michele Allen, Christopher Allowatt, Elizabeth Anderson, John Anderson, Tammy Arnold (4.0), Robin Austin, and Kenneth Bailey.

Lisa Baker (4.0), Gail Balcourt, Kristi Barnard, Thomas Barnes, Diana Barnett (4.0), Steven Barr (4.0), Peggy Benton, Joy Bird, Paul Biser (4.0), Toni Bishop, Charlotte Blair, Robert Blake (4.0), Michael Boggs, William Boone, Cynthia Brake (4.0).

Larry Bright, Teresa Britton (4.0), Carla Brooks, Debbie Brown, Diana Brown, Kevin Brown, Lynn Browning, Amanda Bumgarner, Bobby Burns, John Busc, Patrick Cahill, Sandra Camilletti, Debbie Caplinger, William Carroll (4.0), Patricia Caufield, Debra Ceslovnik (4.0).

Donald Chapman, Janie Clark, Dee Clemens, Gene Collins (4.0), Charlesta Comer, Jo Coombs, Rachel Cornell, Susan Cosper (4.0), Claudia Covill, Carolyn Cox (4.0), Monica Cox (4.0), Mary Crites, Julie Crowl, Tommy Cunningham, Douglas Currey (4.0), Bonnie Cutright, Betsy Dawson, Samantha Deal, Kimberly Dennison (4.0).

Debra Dingess, Tammy Dobbins, Rebecca Duclely (4.0), Traci Edman (4.0), Kellie Ellyson, Brent Emmart, John Engel (4.0), Karen Etchison, Anthony Evans, Leslie Farley, Suzanne Ferguson-Knox (4.0), Stephanie Ferrell, Kathleen Finley, Marie Finley, Connie Fisher (4.0), Terry Fisher, Michael Flesher (4.0).

Sandra Florence (4.0), Robert Fockler, Donald Freidhoff, Roberta Friedmann, Charles Garrett (4.0), Deborah Garrett (4.0), Michael Garrett, Mari Gillespie (4.0), Kenneth Godfrey (4.0), Lea Gonzalez (4.0), Dorlinda Graham (4.0), Milton Grass, Melinda Gray, Tonya Gray, Karen Gregory, Patricia Groves.

Terri Halstead, Lisa Hamilton (4.0), Karen Hammons, Catherine Harbert, Inez Gardbarger, Renee Harold, Kenneth Heiney, Shannon Heinlein, Denise Hendershot, Timothy Henline (4.0), Kimberly Hershman, Norma Hess, Jane Hoffman, Jackie Houchin, Shirley Hupp (4.0).

Billy Hurst, Elizabeth Hurst (4.0), Kimberly Isaacs, Cynthia Jackson (4.0), Jill James (4.0), Christine Jamison, Jodie Janschek, Daniel Jarrell (4.0), Deborah Jenkins, Annette Keenan,

Roger Keene, Jr.

Suzanne Kenna, Carrie Kerns, Jeffrey Kincaid, Patricia King (4.0), Rita Kyle (4.0), Christy Lackey, Barbara Landis, Crystal Law, Monica Lay, Mark Lilly, Susan Lilly (4.0), Michael Little, Tabatha Logan.

Hazel Long, Tonya Looney (4.0), Lisa Lough (4.0), Ronda Love, Melissa Lowe, Robin Lowther, Michael Ludle, Lucinda Lynch, Robin Mace, Tina Martin, Erica Mason, Edward Matalik, Tammy Matteson, Kathryn Maze, Marion McClung (4.0).

Leigh McGinnis, Brian Miller, Mary Miller (4.0), Michelle Miller, Candy Minigh (4.0), Linda Minigh, Annette Minner, Bryon Montgomery, Dana Morr, Patricia Morrison, Janet Morton (4.0), Farron Moss, Matthew Mowrey, Luann Moyers, Loretta Mullens, Stephen Mullinax (4.0).

Walter Mullins (4.0), Charles Myers, Ann Nash (4.0), Sharon Neal, Vicky Neal (4.0), Patricia Nicholas (4.0), Martina Norman, Denise Oldham, Emily Ongiro, Sue Pelfrey (4.0), Kelli Perkins, Karen Peters, Jennifer Phares, Kathryn Phares, Paul Phillips, John Pitsenbarger.

Barbara Rader, Jacqueline Rader, Sally Randolph (4.0), Judith Ratliff (4.0), Terri Ray, Bernie Rees, Elizabeth Rhodes, Earlene Richards, Mercedes Richmond, Michael Richmond, Deann Roberts, Kimberly Roberts, Janet Robertson, Sally Robinson (4.0), Kristin Rogers (4.0).

Kristi Rogucki, Leah Rollyson, Anna Rose, Justin Rowan, Elizabeth Samples (4.0), Brian Sanford (4.0), Lois Schoolcraft, Mark Scroggins (4.0), Janet Sears (4.0), Kevin Sears (4.0), Lori Sevy, Debbie Sheets, Sheryl Short (4.0).

Elizabeth Shriver, James Shumate, Leslie Sims, Ricky Singleton, Amanda Skidmore, Connie Smith (4.0), Katherine Snider, Elisabeth Snyder (4.0), Mark Spencer, Mary Spencer, Sharon Spencer, Everett Starcher (4.0), Melissa Starcher, Ramona Steele.

Gayla Stump (4.0), James Summers, Wes Swaim, Rhonda Swartz, Thomas Tanner (4.0), Karen Taylor, Julie Thomas, Sandra Thomas (4.0), Lisa Thompson, James Trivolette, Jeffrey Underwood, Robert Updegrave, Jr. (4.0), Tessa Viers, Heather Vincyard (4.0).

Beat the deadlines, apply early.

## Editorials

### GSC Admissions Staff Praised

The Glenville Mercury Editor:  
On January 16, a transfer student from one of the State's universities related an experience which he had in the Glenville State College Registrar's Office. He said that at the other college, secretaries and workers in the offices were either helpful nor courteous;

however, at Glenville State College, everyone of the ladies in our registrar's office was helpful, friendly, and polite. Many students have made similar comments countless times before, and perhaps recognition is due Mrs. McCartney, Mrs. Frame, Mrs. Snyder, Mrs. Stump, Mrs. Carney, and Mrs.

Grottendieck. These ladies strive to be helpful to students and faculty alike. Their work helps to make GSC a great school, and the College is very lucky to have such dedicated workers.

Dr. Gary Gillispie

### Faculty Member Responds to Clancy Letter

Dear Editor,  
I wish to comment on the editorial in last week's paper by Bobby Updergrave. Mr. Updergrave wrote to complain that an editorial by Tom Clancy was printed as hard news. He also had a comment about the content of the editorial.

Mr. Updergrave characterized Mr. Clancy's arguments as "standard right-wing ap." I did not read Clancy's article,

and I am not trying to defend anything he said. I do wish to comment on Mr. Updergrave's method of argumentation.

That method is known as the ad hominem argument. It is an argument directed at the reader's passion, not his intellect. It does not demonstrate logical weaknesses or errors of fact in the opponent's stand. Rather, it characterizes the opponent or his argument as simply

beyond the pale. It is the logical equivalent of the old school yard taunt, liar, liar, pants on fire.

I hope that future debate on this serious issue of war and peace can be carried out on the Glenville campus without name-calling recriminations.

Sincerely,  
Dr. Wesley Phelan

### Are Minority Scholarships Valid

by Thomas A. Perry

The recent Department of Education ruling which sent the so-called civil rights leadership into frenzy should have become one of the cornerstones of United States education policy. The Department's ruling only reaffirmed what the language of Title VI of the Civil Rights Act of 1964 so clearly states: that discrimination on the basis of race, color or national origin is against the law. Why then would so-called minority leaders come out so strongly against the application of a law which many of them (are you listening Ben Hooks?) helped to enact?

The Department of Education via Assistant Secretary Williams recently declared that the practice of awarding race-based scholarships was against public policy. Many legal scholars, including Derrick Bell of the Harvard Law School, have declared that the Department of Education's ruling could easily have withstood judicial scrutiny. Similarly, there has been no outcry from the legal community attacking the legality of Williams' policy statement. It seems that the legal community understands the concept of applying the various laws of our country equally to all people, not just to specific groups. I would call the application of the Civil Rights Act of 1964 to all Americans as being a type of intellectual honesty. What

defines intellectual honesty? It means that one group shouldn't ask for the protection of its rights under a law unless it is willing to submit itself to the possible detriments that may occur within an equal application of that same law. Does it not seem unusual then that civil rights leaders such as Benjamin Hooks of the NAACP cry foul when one of the arguably more important laws of our country is simply applied to blacks in the same fashion that it would apply to whites?

It seems that Dr. Hooks is leading minority students down a yellow brick road of resentment and perhaps increased racial hostility on the nation's college campuses. This resentment will undoubtedly result as a by-product of the President's decision not to follow Mr. Williams' findings. This resentment and animosity may manifest itself in the form of racial hostilities at college campuses where race relations were somewhat amicable. However, if Hooks truly believed in bettering the racial

climate in the United States, he could have spoken a thousand words simply by uttering nine, "I support the ruling of the Department of Education." Yes, uttering these nine words may have altered the college plans of hundreds if not thousands of black and other minority college students, but it would have also sent a message. The message sent to millions of Americans would have read "blacks and other minorities can be intellectually honest even when it hurts." Hooks, however, chose not to send this message.

President Bush also failed to seize this opportunity to stand up for fairness. The result of the President's lack of leadership means that for the next four years minority students would be able to receive scholarship monies for which the non-minority population on most college campuses will not have a chance to compete. If I were a non-minority college student, I would be madly upset at the fact that I did not have the opportunity to compete

### Students and Standardized Tests

by Kristi Rogucki

Remember your high school days when, during the spring, you spent four to five days completing sections of the CTBS standardized tests? And who could forget those college entrance exams; the ACT and the SAT, the tests that decided the fate of your future college career? But those tests are in the past, you are now in college, and the days of standardized aptitude tests are over, right? Wrong!

Standardized tests do not die in high school, ask any education major. He or she will gladly explain his or her feelings on what is known as the Pre-Professional Skills Test or, more importantly, the Content Specialization Test. These are only two of the many standardized tests college students could be asked to complete. For example, the aspiring doctor, in order to enter virtually any medical school in the country, must obtain a successful score on the MCAT; the young accounting major who hopes to become a Certified Public Accountant must pass a standardized exam, and all of those education majors, if they hope to continue their pursuit of a teaching degree, are continually pressed to pass standardized tests?

The original purpose of the standardized method of testing was to provide an objective means of measuring mental aptitude and basic skills. Employers and educators argue that a high school diploma is no longer a guarantee of basic skills acquisition. The standardized method of testing measures basic skills in a way that is not subjectively scored, and therefore gives businesses and schools unbiased information.

Employees and students disagree. Some feel the standardized testing method is culturally biased. Others feel the scoring method is arbitrary—who determines what exactly is a passing score and why? Many resent a business or school's right to judge an individual's performance solely on one test score. Education majors see their future resting on one score on the Content Specialization Test, and they wonder why?

While the program is not perfect, the national trend seems to be moving to the standardized method of testing. The business and education world need to know what basic skills future employees and students possess. Until an alternative method is devised, employees and students must continue to face the rigors of a standardized method of testing aptitude.

## Dr. Pribble's Organic Chemistry Class Constructs Model Of A "Bucky Ball"

by Sheryl Short

Students in Dr. Mary Jo Pribble's organic chemistry class recently constructed a model of a 60 carbon Buckminsterfullerene molecule or, more commonly, a bucky ball.

The bucky ball, which was first proposed in 1985 by Richard E. Smalley, Hackerman Professor of Chemistry at Rice University, is comparable in shape and design to a soccer ball. It takes its unusual

name from Buckminster Fuller, who pioneered studies in polygonal structures.

According to Dr. Pribble, it is very unusual to find a molecule in this shape. Consequently, scientists believe that this special

roundness will enable it to protectively transport an atom.

Students in this class are of Jennifer Butcher, Donald Hays, Daniel Jarrell, Michael Schimmel, and Bob Williams.

New Assistant Business Manager and Director of Personnel

## Jerry Slivka Assumes Position

by Chris Harper

Glenville State College consists of more than just teachers and coaches. There are jobs behind the scenes that many college students don't realize exist. One of those is the job of Jerry Slivka, Assistant Business Manager and Director of Personnel. Slivka has the responsibility of reviewing job applicants, writing job descriptions, and interviewing prospective job applicants.

When asked what his goals are for his new job, Slivka said, "I want to continue to carry on the tradition of hiring quality employees." Slivka hopes his

background in computers can lend a different angle to the business computers, and he hopes he can lend some help to those around him.

Slivka is a graduate of Bowling Green State University and a Veteran of the Armed Forces.

When asked how he compared Glenville to his previous residence, Slivka said, "Glenville is smaller, but I am impressed with the friendliness of the campus and facility. The hardest thing I have to get use to is driving the hills of West Virginia compared to the flat land of Ohio."

photo by Tom Armstead

## Student Standout: Sally Robinson

by Tracy Samples

An early morning interview brought Sally Robinson, a 50-year-old Glenville State College senior, to the Student Union ready to answer necessary questions.

Perched on a chair pulled up to a table full of books, Sally was reading a book on Vietnam; at the same time the big screen TV was tuned to CNN for the full Gulf story.

As the mother of three girls, it was never really convenient to go to college until a few years ago. Her youngest daughter Renee' commuted to Glenville from

Braxton County, so Sally decided to take classes also. "There's always been that desire to go to college," Sally admitted.

Sally has fared well at Glenville, managing to keep a 4.0 throughout her college career.

Her husband Larry, who Sally considers to be a "hard driven person," has been very supportive. Sally said the most difficult part of college has been giving up her weekend time with her husband.

Being an English major, Sally's first ambition after college will be to write a children's book. She said she is thinking about

pursuing her master's degree, but she would also like to spend some time at home. She said even though she has had support, "the family is getting tired of me being gone."

Sally did not know Glenville State was on the map until her daughter transferred here from Fairmont State. Sally said she was "amazed by the attention teachers (at GSC) give to their students. She also said "the great part about college is not so much what you learn while you are here, but that you know where to get help if you need it."

## GSC To Enforce Drug and Alcohol Policy

by Nicole Hamilton

In recent months or in months to come, all Glenville State College students and employees will be receiving or have already received a copy of the Drug and Alcohol Policy here at GSC. The policy is in accordance with the federal government.

"The Prevention Program" as it is called, states, "The unlawful possession, use or distribution of

illicit drugs and alcohol by students or employees on college property or as part of any College activities is prohibited." The college will discipline students and employees who violate the policy. Discipline ranges from suspension to expulsion and possible prosecution for the student; for the employee, up to and including dismissal and possible prosecution. Also listed in the policy are the uses and effects of drugs,

state and federal sanctions, and where one may obtain counselling for drug and alcohol abuse in our area. West Virginia colleges and universities are participating. If the schools do not, they stand to lose federal funding.

"It is not intended to sound harsh," said Mr. Slivka, Assistant Business Manager at Glenville State College, "We are here to serve the students. But on the other hand, we must comply with the law to better serve the students."

Although it might not apply to you, it could help a friend, so when you get your copy read it and keep it.

## HIS GREATEST TRUTH

An old, old man gives what to him is the greatest truth that has ever come to him: At his birth, man is endowed with Creator love. Living by and with this Creator love, man's every expression is loving-kindness like rain from a cloud. --This is the very opposite of world's greatest hoax; that man was never so endowed with creator love.

# SPORTS

by Greg Alfred

Eric Knight on the move.

## Scouting Report

During the next week, the Pioneers will be playing three conference games against Alderson-Broaddus, WV Wesleyan, and Davis and Elkins.

The first game is against defending conference champion Alderson-Broaddus. AB is 12-3 overall and 10-2 in the conference. The Battlers are led by two-time All-American Willie Davis who is leading the conference in both scoring and rebounding. He averages over 28 points a game and almost 15 rebounds a game.

Other players to watch include Sean Carey, Kenny Ziegler and Chris Morrow. Ziegler ranks third in assists while Morrow

averages almost 10 rebounds a game. Carey is third in the conference in three point field goal percentage.

Coach Nottingham's keys to victory include containing Willie Davis, rebounding, and not letting a role player have a career night. Alderson Broaddus defeated Glenville last time out by the score of 102-101 in overtime.

The next game is against conference leader WV Wesleyan. The Bobcats' record stands at 13-4 and 8-1 in the conference. Players to watch include Kado Wilks, Eric Kinley and Darrell Valentine.

WV Wesleyan is a running and gunning team that is very athletic and has a very good trapping defense.

## How They Stand...

How do the players on the men's and women's basketball squads compare to the other players in the West Virginia Conference?

First, the Lady Pioneers' Nikki Cale is second in the league in scoring with a 19 points per game average and leads the conference in three point field goal percentage. Mary Jo Ellyson is sixth in assists, averaging a little over four a game. In the rebounding

category Tami Simons is seventh pulling down almost seven rebounds a game. As a team the Lady Pioneers rank first in total offense and are in tenth place in the conference.

For the men's squad, William Jackson is thirteenth in scoring. He averages 18.5 points a game and is tenth in rebounding with 8.25 rebounds a game. Eric Knight is fifth in assists with an average of 5.44 a game. The

## GREG'S INSIDE EDITION

The New York Giants have defeated the Buffalo Bills 20-19 to become Super Bowl XXV champions. The Giants were led by quarterback Jeff Hostetler, who I felt should have received the MVP trophy. Otis Anderson did have a good game, but I may be showing a little favoritism since Hostetler did play for the Mountaineers.

Who will be the starting quarterback for the Giants next year? This is a question Bill Parcells may be pondering over during the off season. But, for now we will let him enjoy the win.

While the Giants rejoiced happily after their big win the Buffalo Bills sat sorrowly in their locker room wondering "what if?" What if Bruce Smith had stripped Jeff Hostetler of the ball in the endzone resulting in a touchdown? What if the Bills were more successful on third down conversions and, the big question Scott Norwood keeps going through his head, "what if I had made the field goal?" This is one of the few game in Super Bowl history that the question "what if?" can be addresses. Let's just hope more Super Bowls in the future resemble Super Bowl XXV.

"The Rocket" turning pro is the other big story in the football world. Raghib Ismail has decided to forgo his senior year at Notre Dame to turn pro. Can you blame him? He is projected to be either the first or second pick overall in the upcoming draft. Ismail does plan on going back during the summers to get his degree.

## Tech Defeats Lady Pioneers

WV Tech stayed undefeated in the West Virginia Conference with an 88-70 victory over the Lady Pioneers.

The score remained tight through the first half until a technical late in the half, on a called foul, resulted in six points without

Glenville even touching the ball. This seemed to get Tech going as they rolled to their eleventh win in the conference and sixteenth win overall.

## Wheeling Downs Pioneers

Coming off an upset of then conference leader and number seven ranked Alderson-Broaddus, the Wheeling Jesuit Cardinals continued their winning ways with an 81-71 victory over Glenville.

Glenville leading by eight at the half had a chance to tie in the closing seconds but the desperation

shot at the buzzer was no good.

Coach Nottingham felt that his team played very well defensively. He also gave credit to Wheeling for being able to make the big plays when needed.

Leading the Pioneers in scoring was William Jackson with 20 points. John McKinley had 11 rebounds. Others scoring in double digits were Uwone Jackson with 13 points and Eric Knight with 11. With this loss, the Pioneers dropped to 10-9 overall and 5-7 in the conference.

Leading the Lady Pioneers in scoring was Tami Simons with 22 points. She also pulled down a team high 10 rebounds. Others scoring in double digits include Nikki Cale with 14 and Jacki Myers with 12. The Lady Pioneers' record now stands at 7-11 overall and 5-9 in the conference.

### Correction

Nikki Cale's 42 points against WV State did not tie a school record set by Tammy Pence-Hughes as stated in The Mercury last week. Tammy Pence-Hughes holds the record with 43 points scored in one game against WV State during the 1989-90 season.

## Pioneers' Rally Falls Short

Visiting WV Tech defeated Glenville by the score of 91-84. Leading by six at the half at 44-38, Tech increased its lead to 72-50 with a 22-12 run in the first ten minutes of the second half. Tech held the lead at 80-58 when the Pioneers made their run cutting the lead to six at 86-80 with a little less than a minute to go. Tech was less than able to hit their free throws the rest of the way for the victory.

Both rebounding and shooting hurt Glenville. On the evening Tech out rebounded the Pioneers 52-28 and the Pioneers shot just 37 percent from the field.

William Jackson led the Pioneers in scoring with 21 points. Eric Knight added 18 point. Others scoring in double digits were Chuck Smith with 15, John McKinley had 14, and Uwone Jackson scored 12.

Glenville's record now stands at 10-10 overall and 5-8 in the conference.

## Lady Pioneers Romp WV Wesleyan

The Lady Pioneers raised their record to 7-10 overall and 5-8 in the conference with a 113-69 thrashing of WV Wesleyan.

With the score tied at 17-17, the Lady Pioneers scored the next 13 points to build a 30-17 lead and were never threatened again.

Freshman Nikki Hardman scored a game high 24 points and pulled down 11 rebounds. Nikki Cale got her shooting touch back and scored 23 points on 10-14 shooting, hitting 3 out of 4 from three-point range. Tami Simons added 16 and Marcia Moore scored 14.

For Wesleyan, who only two years ago was one of the top teams in the league, fell to 1-15 overall and 1-9 in the conference. Leading Wesleyan in scoring was Karen Fisher with 18 points while Michelle Moran added 16 in a losing cause.

### OOPS. WE GOOFED!

The caption on page five of the January 23 issue of The Glenville Mercury that read, "Brent Emmart shoots for two," should have read, "Mike Fallon shoots for two."

## Alumnus of the Week: Robert Duskey

by Nicole Hamilton

As one semester ends and a new one begins, familiar faces begin to blend in with the not so familiar. Robert Gaylen Duskey, a one time familiar face, has been chosen as Alumnus of the Week. Robert attended GSC from 1966 to

1970. While enrolled, he participated in a thespian organization and was a Mercury staff member.

Mr. Duskey is a native of Grantsville and now resides in Alexandria, Louisiana with his wife, Linda, and his daughter Kimberly.

He was chosen as this week's alumnus for his outstanding accomplishments in journalism. Robert, along with the other staff members, was a Pulitzer finalist while working at the Billings Gazette. He has also had countless news articles printed - most dealing

with sports. "There are, of course, some high points in my career, but the ones that stand out the most are winning the national sports writing award, editorial page excellence, and, of course, almost winning a Pulitzer," explains Robert. He is currently employed as a Managing

Editor for the Daily Iberian.

As our new semester begins, Robert Duskey, you are remembered as are the contributions you made as a student at GSC. We salute you and wish you continued success.

## Update: Lorton Prison Relocation

by Ann Nash

Donald Pepe, Executive Director of the Gilmer County Industrial Development Association, gave an update on the current status of the private prison proposal. He says that the Batman Corporation, developer of the project, is negotiating with officials in Washington, D.C. to move 1500

of the inmates at Washington prison facilities to a state-of-the-art prison to be built in Gilmer County.

If approval is obtained in the state of West Virginia, Gilmer County government would then have to approve such a plan. The prison would be a minimum to moderate security system with inmates

sentenced in Washington serving time in Gilmer County then returning to Washington for release.

The original project proposal was to locate in Gilmer County a facility that housed 6,000 to 8,000 inmates. Presently, the proposal has been scaled down to 1,500 occupants. Pepe projects

that the prison, if approved, would employ from 250 to 450 in the Gilmer County labor force. It could be an economic cornerstone of redevelopment in the county, a "clean" industry, with buffer zones between the facility and county inhabitants.

Pepe said that in

independent surveys taken by objective parties, over 70 percent of the county residents indicate support of this proposal.

If the proposal is approved, Pepe believes that Gilmer County residents should consider the benefits of such a proposal and support elected officials' approval.

# NCATE Team To Evaluate Program

by Angie Kemper

In the Spring '93 semester, the National Council for the Accreditation of Teacher Education (NCATE) will send a team to evaluate Glenville State College. Dr. Peterson explained NCATE as a nation-wide organization designed to promote and "police" colleges that prepare public school teachers. It is made up of practicing and training members of the education profession that are sent to colleges in groups of five or six to assure that the set standards of accreditation are being met.

There is a total of eighteen standards that have been broken down into five categories. Those categories are as follows: knowledge bases for professional education

(students must be taught essential information before entering the work force); relationships to the world of practice (students must have a certain amount of field-experience such as student teaching); students (students must be quality candidates that progress through the educational program and an advisor must be available to them); faculty (professors must be qualified and able to continue to develop); and governance and resources (programs must be organized and there must be adequate information available in the library, etc.). If NCATE finds that these standards are not being met, Glenville State will lose its accreditation, which would mean that future students could not receive their teacher certification.

There are some things that must be done to prepare for NCATE, although Dr. Peterson doesn't feel that many changes will need to be made. Dr. Creasy, The Dean of Education, stated that over the next year, steps will be taken to involve students more. He stressed that education students must understand the model, or design for the preparation of teacher educators. If NCATE discovers that students do not know the model, they will assume that the professors are not doing their job. Dr. Creasy also said that students should make known now the areas in which they feel the college needs to improve, as well as the areas in which it is doing well.

to R. Rick Tubesing and Gary Messenger

## Students Needed as Tour Guides

Glenville State College will conduct its annual Spring Open House on Saturday, April 6, 1991.

This event is sponsored by the Admissions Office and is designed to provide prospective students with an overview of the campus. This is the third year for the Open House and it has become an important part of the recruiting process.

According to Mack Samples, Dean of Records and Admissions, all of the vital administrative personnel will be on hand that day to answer questions concerning academic programs, financial aid, or the general admission process. In addition, tours of facilities, including the residence halls, will be provided. Glenville State's famous percussion ensemble will be featured during the morning session.

Students are needed to assist with the tours. Any student now attending Glenville who would like to assist with the tours should contact Rod Barker or Janet Rogers in the Visitor's Center in Hellin Center, or call at extension 225.

## Computer Center Vital to GSC

photos by Tina Messenger

Neal Benson

Bill Church

Sydney Jack

Cathy Nolan

by Sheryl Short

Not only is the Computer Center essential to the completion of many students' classwork and homework, but also to the smooth operation of the entire college. The center maintains records of statistical information, including enrollment figures, and it assists the registrar with the task of registering students.

Recently, a campus-wide Fiber Optic LAN's (local area network) was completed. According to Sydney Jack, the computer center

director, this system permits the computer user to hook into any computer on campus without the use of a phone.

Besides Mr. Jack, other computer center staff members include Bill Church, microcomputer coordinator; Neal Benson, computer programmer 3 and Cathy Nolan, data entry clerk.

Currently, the center has 27 IBM PC terminals, 15 DEC VT terminals and seven printers.

## Student Congress Donates Bookrack

Elizabeth Dotson

A new addition has been made to the Robert F. Kidd Library called the Paperback Exchange bookrack. The object of the bookrack is very simple. Students may bring in paperback books that they no longer wish to keep and exchange them for new books. The books are stamped by the library. You may go to the front desk for assistance if necessary.

The idea for the Paperback Exchange was brought to the attention of the Student Congress by Rick Tubesing, Director of the Robert F. Kidd Library. After gaining the approval of Student Congress, the rack was donated to the library as a Service Project.

Everyone is encouraged to bring in books to get it started, as well as to continue to exchange once it gets underway. The bookrack is open to all students, faculty, the community and anyone else who uses the library. The type of books

on the rack will vary depending on the taste of those who exchange books. Tubesing referred to it as a kind of "recycling project" for the campus and suggested that it would eliminate buying expensive paperback books only to read them once.

Should books that contain illegal literature appear on the racks, they will be removed. Also, any books that are not exchanged within a month will be removed as well. The rack can hold approximately 250 standard-sized paperback books. The books are simply recreational reading type books. Tubesing said that a bookrack similar to this has been successful in two small colleges in the State and he hopes GSC's will prove to be as prosperous. No money is involved nor is ID required to check out the book.

All donations are greatly appreciated as is the continuation of book exchanging.

## Student Life and Welfare Committee

by Lori Burton

Even a small college campus must have some kind of judicial system and Glenville State College is no exception. The Student Life and Welfare Committee acts as GSC's equivalent to that of the U.S. Supreme Court. This "court" deals with the lives and conflicts of the GSC student body. The duties

of the Student Life and Welfare Committee are:

1. to adjudicate and dispose of cases involving charges against non-resident hall students related to violations of college regulations
2. to hear appeals of residence hall students whose cases were initially heard by the dormitory Judicial Board
3. to adjudicate and dispose of cases referred to the committee by the dormitory Judicial Board.

Such cases are to meet criteria of seriousness of charge and/or chronicity.

This committee consists of four faculty members and three students - Melvin Smith, Leslie Farley and Jeannie Bennett.

## Alternative Resume Service

# Jobline Aids Students

With more and more cost-conscious companies cutting the number, frequency and length of on-campus recruitment visits, college students throughout the country are seeking new and innovative ways to get their resumes before prospective employers.

To address that need a Chicago based company, The University Treasury Corporation (UTC), has created the nation's most comprehensive employment data base called UTC-Jobline. By tapping UTC-Jobline's affiliation with such major on-line networks as CompuServe, students can make their credentials available to more than 100,000 employers worldwide for a fraction of what it costs to launch even a minimal resume-mailing effort.

Moreover, officials of UTC-Jobline say their new career service reaches not only Fortune 500 companies, but also the smaller entrepreneurial firms and educational and non-profit organizations which hire thousands of graduates, but which rarely have the time or money to recruit on campus.

"In talking with placement officials around the country, we've found that on-campus recruiting by major companies is declining," said UTC Executive Vice President Glenn Meyers. "The placement experts say recruiters are spending less time on campus, and cutting down on the number of schools

they visit.

"They also say that many employers of recent graduates, such as small businesses and non-profit organizations, don't come at all. They offer great positions, but they don't have the time or money to track people down.

"As a result of this dramatic change," Meyers said, "students are looking for innovative ways to get their names and credentials in front of more people. We created UTC-Jobline to help them do just that."

Students wishing to use the service can get a UTC-Jobline enrollment form from their school's placement office, or by calling UTC-Jobline toll-free at 1-800-333-0385.

Students then complete the form and send it, along with a one-time processing fee of \$37.50, to the company's data processing center.

Within 14 business days, a student's career credentials are on-line with CompuServe and available to employers worldwide for up to two full years after graduation.

UTC President, Robert McGuire, said employers have easy, low-cost access to the service, as well.

"With UTC-Jobline, employers can use their own criteria to guide their search," said McGuire. "They simply access the service via CompuServe, type in the credentials they prefer - a particular

major, career preference, geographic preference, or other criteria - and the computer presents them with all the candidates who match their needs. They can look over the electronic files on-line, print them out immediately, or have UTC-Jobline mail them a complete file on each student."

McGuire said the service is available to college students beginning with the second semester of their sophomore year.

"We're offering the service to more than graduating seniors because of its ability to help in the search for co-op assignments and internships, and because many companies like to build relationships with candidates before their senior years," said McGuire. "Early contact with employers gives students a decided advantage."

McGuire said the service offers students other advantages as well - including wider reach than is possible or affordable with direct-mailed resumes; ability to reach key decision-makers instead of just personnel departments; and international distribution, reaching multi-national companies that often seek U.S. college graduates.

UTC-Jobline is a service of The University Treasury Corporation, a firm specializing in cash management and data-based products and services. The University Treasury Corporation is a member of C.A.S.E. (Council for Advancement and Support of Education), and a number of College Placement Associations.

# Cautious Approach To Sunbathing

Many college students who come to Daytona Beach for Spring Break don't realize how strong the sun's rays can be. After only one day of sunshine, they have a painful sunburn that may ruin the rest of their trip - and their skin.

Don't let this happen to you this year. A conservative approach to sunning will assure that your remaining vacation days will be as pleasant as the first. And you can go back to school with a healthy glow instead of an itchy peel.

Because Florida is closer to the equator than many northern states, the ultra violet rays are four times stronger. This can mean you tan four times faster or burn four times faster, depending on your sun-sense. Local skin specialists, lifeguards and sun lotion manufacturers recommend the following guidelines for Spring Breakers:

Day 1 - Use Sun Protection Factor (SPF) 15 or higher everywhere skin is exposed, especially on the face and delicate areas where skin is thinnest and more sun sensitive.  
Day 2 - Continue with the same SPF you used on Day 1.  
Day 3 - If you started with a SPF higher than 15, drop down to 15. If you started with 15, stay there one

more day.

Day 4 - Depending on your natural skin tone and the color of your Florida base tan, you may move down the SPF ladder as follows: very fair to fair - stay with SPF 15; fair to medium - drop down to 10; medium to light tan - try 10 or 8; tan or olive skin - should be safe with SPF 8 or 6; and deep to dark skin - use SPF 4.  
Day 5 and beyond - Follow Day 4 advice for the rest of your stay. As your tan increases, drop your SPF gradually so that you maintain a beautiful tan with no burning or peeling.

Always keep a high number SPF on your face. This prevents wrinkling later in life. Zinc oxide in a rainbow of colors is a safe alternative to lotion or oil. Peeling skin protectors in your soft drink cooler and apply when cold to soothe hot skin.

Another tip: Take a break from the sun for a day or two. There are also many indoor activities and attractions during Spring Break when the sun gets too intense.

For more information, contact the Daytona Beach Resort Area contact Destination Daytona! at 800-854-1234.

# Help For Small Businesses Offered

The Small Business Development Center, Division of The Governor's Office of Community and Industrial Development, is a resource service that assists in starting new small businesses and helps existing businesses encountering problems

in West Virginia.

Assistance is also available for those businesses wishing to bid on state procurement contracts.

A counselor will be conducting individual client conferences by appointment at Glenville State College, Room 303,

Administration Building, Glenville WV from 10:00 a.m. to 3:00 p.m. on Thursday, January 31, 1991. For appointments or additional information, contact Glenville State College at 462-7361.

# Summer Opportunities Available

Are you looking for a summer job? If so, the Office of Career Planning and Placement may be able to help. The Placement Office has several job listings for summer employment available. Below are two which may be of interest.

For many years, Cedar Point Amusement Park in Sandusky, Ohio has offered employment opportunities to thousands of students from all over the country. In 1991 the park anticipates hiring approximately 3,200 seasonal employees. Some of the benefits include great wages plus a bonus program; convenient, low-cost

housing and meals; valuable job experience; extensive social and recreational programs plus FREE admission to Cedar Point and Beach. For applications and an information brochure, stop by the Placement office or call (419) 627-2245.

If you would like to spend your summer in Maine, Tripp Lake Camp may appeal to you.

Tripp Lake Camp would like to recruit summer camp counselors for the 1991 season. Interested candidates must contact the camp for an application which, when completed, will give detailed information concerning training and experience. An internship program

is also available for qualified students.

If you need information, please contact Nancy L. Clough, Assistant Director, Tripp Lake Camp, Box 1000, Poland, Maine, 04273. She may be reached by telephone at 207-998-4347 or 207-783-4625. She will accept collect calls from students requesting an application.

Come in and look over some of the other summer employment opportunities listed in the Placement Office, 204-N, Heflin Student Center.

# Writers Conference To Be Held

West Virginia Writers Conference announce the 1st Annual Greenbrier Writers Conference. The conference is scheduled for Friday, February 1 and Saturday, February 2, 1991, at the historic Carnegie Hall for the Arts in Charleston.

The Conference begins Friday evening in the rustic Old Room of the Hall with "an evening with the Artist's," wherein participants meet with and discuss the art of writing with the workshop leaders and the WVW board members present.

Saturday morning starts with workshops on literature.

Workshop leaders for the 1991 Greenbrier Conference include:

Dr. Robert Henry Baber, a nationally known poet, is a native of Richwood, WV. His first collection of poems, *Assorted Lifesavers*, appeared in 1976. He was editor of *Time Is An Eightball*, an anthology of poetry from juvenile homes and the penitentiary of New Mexico, and was editor of the Appalachian anthology's *Mucked and Strokes*. He has also served as an editor for *Pine Mountain Sand and Gravel* and has sponsored the Baber Mountain Poetry Festival every summer since the late 1970's. He currently heads the River Cities

Art Council in Ashland, Kentucky.

Pinckney Benedict is a fiction writer, native to Lewisburg, West Virginia. He has been the recipient of two Transatlantic Review Awards and received the Nelson Algren Award in 1986. His short stories have appeared throughout the country in such publications as the *Ontario Review* and the *Chicago Tribune*. His collection of short fiction, *Town Smokes*, many of them set in West Virginia, appeared to critical acclaim in 1987.

Jean Battlo, a prominent playwright, is a native to Kimbell, in McDowell County, West

Virginia. Her plays have been published and produced throughout the region, and have been the recipient of numerous awards for drama. Her dramatic play, *Frog Song*, a hypothetical conversation between Henry David Thoreau and Emily Dickinson, has been produced and acclaimed in several venues, and her play *The Red Wheelbarrow* won First Prize in the 1986 West Virginia Writers Competition.

After a break for lunch, performances and readings in the various areas of workshop study will be presented in the afternoon. Audience participation will be

encouraged in these sessions.

For more information contact:

West Virginia Writers  
P.O. Box 5205  
Charleston, West Virginia 25361

The conference is funded in part by a grant from the Arts and Humanities Section of the West Virginia Division of Culture and History.

*There is no growth  
without discontent.*

## Minority Scholarship (cont. from page 3)

The same scholarship that was awarded to the minority solely based on race. Do you want to get a better picture of what non-minority students may be feeling? Put yourself in the shoes of the non-minority college student. You may have realized that it cannot continue financing your education. Imagine walking into the financial aid office at the university that you now attend. Upon inquiring about financial aid opportunities, you are told that the financial aid that remains is designated specifically for minority students. Wouldn't you feel a certain amount of animosity towards the minority student that you came in contact with?

The so-called civil rights leadership regularly issues inflammatory statements detailing how either public or private actions and/or policies will result in a backlash of racism. One should wonder whether the so-called civil rights leadership has recognized that its actions will cause a backlash of racism. Many Americans, who genuinely want to provide equal access to education for all, and who believed, if not participated in, the civil rights movement will stop supporting the traditional civil rights organizations such as the NAACP, PUSH, and the Urban League. I believe that many God-fearing Americans will do just this because now it is clear that these

so-called civil rights leaders no longer want equality. Now these so-called leaders want to have their respective groups placed above the law. The American people, college students included, will not stand for this.

Civil rights leaders have used the Civil Rights Act to protect myriad Americans from the "vestiges of racism which pervade this country." However, these leaders now feel that minorities should be excluded from the class of Americans to which the Act applies. Benjamin Hooks and others are making a mockery of the system and are certainly diminishing the earnest efforts of leaders across the country who truly want equal rights for all. Many thanks go to Ben Hooks and to other so-called civil

## Folk Artist Arlo Guthrie Returns To Capitol Plaza

Folk entertainer Arlo Guthrie will return to Capitol Plaza Music Hall on February 23 for one show only. Mr. Guthrie last appeared at Capitol Plaza on May 8, 1987 to a sell-out house. The concert will begin at 8:00 p.m.

Tickets are \$12 in advance, \$15 at the door and will go on sale January 28 and can be purchased at the following ticket outlets: Budget Tapes & Records, 3708 MacCorkle Avenue, S.E., Kanawha City, 925-

8273; Trans Allegheny Books, 112-114 Capitol Street, Charleston, 346-0551; Fret 'N Fiddle, 809 Pennsylvania Avenue, St. Albans, 722-5212; and Capitol Plaza Music Hall, 123-125 Summers Street, Charleston, 346-8742.

Reservations are a must to assure seating. The Stage Door will be open to serve gourmet sandwiches and "Plaza Sweet" desserts. For further information, call (304) 346-8742.

## Nominations For Teacher Of The Year

Faculty, staff, and students at all West Virginia colleges and universities, as well as the public, are invited to nominate candidates for the 1990 Professor of the Year Award, presented annually by the Faculty Merit Foundation of West Virginia.

Nominations for the \$10,000 cash award must be submitted to the Foundations by January 31, 1991. Nomination forms have been sent to all West Virginia

institutions of higher education and are available from their offices of President, Student Body President, Academic Dean, and Student Newspaper. Forms may be obtained also by writing to Elaine Chiles, Secretary, Faculty Merit Foundation, 3000 Kanawha Boulevard, East, Suite 310, Charleston, WV 25301, or by calling Chiles at (304) 345-7211.

The cash award is made possible through donations from

individuals and corporations in the state, to recognize outstanding teaching on West Virginia college campuses. Members of the Faculty Merit Foundation will review the nominations and based on teaching abilities, student evaluations, academic credentials and community service, will select a recipient for the \$10,000 cash award and two recipients for \$1,000 runner-up awards. The 1990 Professor of the Year and two runners up will be recognized at the annual Foundation dinner in Charleston early next year.

The 1989 Professor of the Year was Dr. Robert Walker, Chair, Department of Family Medicine and Community Health, Marshall University Medical School. The award began in 1985 and is designed to encourage and develop high education standards and faculty performance in West Virginia colleges and universities.

## GSC Smoking Policy Revised

For the past 27 years the Surgeon General of the United States has shown overwhelming scientific evidence for the negative health effects of smoking tobacco. Active cigarette smoking is the No. 1 leading cause of preventable deaths in America, killing about 400,000 people each year. Alcohol is No. 2, killing about 100,000 people. According to researchers at the University of California-San Francisco, the third leading cause

of preventable deaths in America is passive smoking, killing 53,000 non-smoking Americans each year. Of this 53,000, passive smoking (the inhalation of cigarette smoke by non-smokers) causes 37,000 deaths a year from heart disease, more than twice the 15,700 deaths attributed to cancers of all kinds caused by second-hand exposure to cigarette smoke.

West Virginians rank near the top in per capita consumption

of cigarettes. The Environmental Protection Agency expects educational institutions to take the lead in changing pollution practices, such as smoking, that are ingrained in our society. In accordance with State Government and Higher Education smoking policies, Glenville State College's policy will help our students, employees, and campus visitors avoid the health risks of cigarette smoking.

The following is the

College's Policy: Smoking is prohibited in all College owned and/or operated facilities unless otherwise designated. Smoking is also prohibited in all College owned and/or operated vehicles.

Smoking is prohibited in classrooms, laboratories, and any other instructional or meeting areas. Smoking is prohibited in the dining rooms of the College cafeteria, any restroom on campus, dormitory bathrooms or athletic shower-

ressing areas. Smoking is prohibited in the corridors of the entrances to all buildings on campus. Smoking is prohibited in all indoor athletic events.

Smoking is allowed in private offices and dormitory provided the doors are kept open and adequate ventilation is provided. Smoking is allowed on campus walkways and in parking areas. Smoking is allowed in designated smoking area.

## Continuing Education Classes

### CPR/YOU CAN SAVE A LIFE

It's very possible that you may be faced with a life or death situation someday - one in which you can make the difference. You never know when someone you care about may need CPR. If you've never had instruction in Cardio Pulmonary Resuscitation or if it's been a long while, take this opportunity to refresh your memory and obtain an American Heart Association CPR card.

**Mike Bohan** (paramedic & certified

CPR instructor)

**ADULT CPR INSTRUCTION** \$18  
Wednesday & Thursday evenings  
February 27 & 28/6:00-9:00 p.m.

**INFANT & CHILD CPR INSTRUCTION** \$18  
Wednesday & Thursday evenings  
March 20 & 21/6:00-9:00 p.m.

Heflin Center - Verona Maple Room  
Heflin Center - Vandalia Room

### LOW IMPACT AEROBICS

Summer is just around the corner!  
If you would like to shape up, tone,

or lose those extra pounds this class is designed for you. The one hour class will include exercises for flexibility, aerobic endurance, toning and strengthening.

**Andrea Stanley** \$24/5 wk. session  
M,W, & TH 6:15-7:15 p.m.

February 18-May 2

GSC Mat Room  
Physical Education Building

### BASIC OLD TIME SQUARE DANCING

Ever want to join in on the square

dancing floor but you're afraid you'll goof up? Well here's your chance to learn Basic Old Time Square Dancing from a man who really knows his stuff. You will learn traditional squares that have been danced in Central WV for over 100 years. Instruction in basic flatfoot dancing will also be given. Come join the fun!

**Mack Samples** \$20  
6 Mon. evenings/7:00-8:30 p.m.  
Feb. 4 - March 18  
GSC Ballroom

### COMMUNITY CHOIR

It's a great feeling to be a part of a beautiful concert and watch it all come together. This class directed by Rick O'Brien will give you the opportunity to do just that. A grant has been obtained to help bring the Lilliput Orchestra of Charleston to GSC to accompany the performance. The performance will be the portion of Handel's *Messiah*.

13-Sorority Education/Claudia  
Phillips  
14-Lamp Editor/Alicia Hess

Thank you to all of the  
girls for attending the open house  
on Thursday, January 24, 1991!!!  
We hope you enjoyed yourself and  
had a great time. We love you and  
we are thinking about you.

Congratulations to the two  
new pledges.

1) Chris Bogley  
2) Angela Cook

We love you and we  
support you all the way!!!!!!

God bless the brave men  
in Saudia Arabia. We are praying  
for you. We want you to get home  
safely.

Happy birthday to Claudia  
Phillips and Paula Rexroad.

Everybody have an  
enjoyable semester!!!! Hang in  
there!!!

## PBL

The Glenville State  
College chapter of PBL held its  
meeting of 1991 on January  
The Pledge of Allegiance and  
PBL Creed were recited. The  
suror's report showed a balance

of \$53.61. Roll call was taken.

Three new officers were  
elected. They were: Tonja Clark,  
Vice-President; Debbie Russell,  
Secretary; and Dana Morr,  
Parliamentarian. The President

stated that there would be six  
committees: fund-raising,  
membership, social, public relations,  
campus relations, and competition.  
A bowl-a-thon with SAS and the  
Computer Club was discussed. A  
number of names were brought up  
to be possible guest speakers.

The next meeting of PBL  
will be February 12, at 12:45, in  
AB 100. Dues for this semester  
(\$15) should be in before February  
12. All business majors are welcome  
to attend.

### Wondering How Your're Going To Pay For College?

Help is available, but to get financial aid you must apply for it.

The 1991-92 Financial Aid forms have arrived!  
Pick one up from the Financial Aid Office.

Beat the deadlines, apply early.

# 1991 Continuing Education Classes

cont. from page 10

this community chorus, the GSC concert choir, the Lilliput Orchestra, and soloists from the college and community. In addition to learning the music for the performance, the meetings will be spent learning more about music notation, vocal technique, and singing with a large ensemble.

**Rick O'Brien** \$15  
Recital Hall, Fine Arts Bldg.  
3 Tuesdays, Feb. 26, March 5 & 19  
6:30-9:00 p.m.  
Sunday, March 24, 6:30-9:00 p.m.  
(Auditorium)  
Tuesday, March 26  
3:00-5:00 (rehearsal w/ orchestra)  
7:00 warm-up  
8:00 performance (Auditorium)

## COMPUTERS

Adults participating in this program will be instructed on Apple IIe microcomputers. Participants will learn how to place these units in an operational mode and to execute operational commands. Proficiency in using the microcomputer as a word processor, mail merge, and spread sheet will also be developed; various software programs utilizing graphics will be introduced as time permits.

**Joe Evans & Arlene Briski** \$30  
5 Wed. 6:30-8:00 p.m.  
Apr 3-May 1 Rm. 107 Science Hall

## Children's Classes

**BALLET, JAZZ, & GYMNASTICS**  
During this active class, students

will be learning a combination of ballet, jazz, and gymnastics skills. They will be working toward a dance recital which will be held at the end of the class. Openings for the classes are limited so register today!

**Vicki Stickel** \$20/5 wk. session  
10 Wednesdays  
February 20-May 1  
Auditorium, GSC Ad Bldg.

KinderDance (age 3-5) 4-4:45p.m.  
2nd-6th grade 4:45-5:45 p.m.  
1st & 2nd grade 5:45-6:30 p.m.

## KIDS IN THE KITCHEN

Picture this: an active kitchen filled with healthy, happy, flour-sprinkled children and you'll get a taste of this hands on class for children. What child doesn't like to make creations in the kitchen? This class will stress the importance of making wise food choices while allowing the children to make tasty, healthy dishes. The finishing touch will be a field trip to tour a pasta factory in Marietta, Ohio on Sat., May 4.

**Kenny & Kelly Osbourne** \$23  
4 Mon/6-7:00 p.m. (extra fee  
Apr. 1-29(excl. Apr 8) for field  
GSC Small Blrm. trip)

## SWIM INSTRUCTION

With summer just around the corner, does your child need to learn to swim or just needs to perfect the basic swimming strokes? Beginner (for ages 5-8),

Advanced Beginner & Intermediate classes are being offered to meet these needs.

**Gerry & Tamara Hough**  
10 Mondays, Feb. 18-April 29  
5:00-6:00p.m. \$20 / 5 wk session  
GSC Pool

Physical Education Building

For more information or pre-registration contact the Office of Continuing Education, Glenville State College, Glenville, West Virginia 26351 or phone (304)462-4105.

## TOMORROW- LAST DAY
