## GSC Vocal Arts Ensemble to Perform This Evening at 8:00

by Jill Harman

The Glenville State College Vocal Arts Ensemble will be presenting a concert on Wednesday, November 18, at 8:00 p.m. The program will include selections of sixteenth and seventeenth century Madrigals as well as present day Broadway numbers. Karl Paoletti, director of the GSC Vocal Arts Ensemble, comments, "The group has worked

very hard this semester. This show promises to be one that keeps you singing even after it is over."

The GSC Vocal Arts Ensemble members for the 1992-93 season are: Alan and Jennifer Bearfield, Lori Crouter, Heather Davis, Jill Harman, Keith Jean, Joseph McMillion, Mike McKibben, Dave Miller, Rhonda Paoletti, Mary Resser,

Chris Simpson, Ann Smith, Dawn Smith and Dan and Tim White.

There will be no charge for students, faculty or staff. Dr. Gary Gillespie, professor of fine arts, will be offering extra credit for performance attendance to students in his fine arts classes. The concert will be held in the auditorium of the Art and Music Building.

### Fall Vacation Check-Out Procedure

Before you leave the Residence Halls for the fall break, please be sure the: (1) You have unplugged everything in your room (clocks, stereos, etc.); (2) You have turned out all lights; (3) Your curtains and windows are closed; and (4) Your door is locked (and windows, too.) Please note that the college is not responsible for anything stolen from your room. The rooms will be checked to see that you have complied with the above requests.

## Local Discussion and Statewide Broadcast on HEAT set for December 3

The statewide HEAT meeting will be held on the evening of December 3 by means of a 30-minute broadcast on public television and discussion groups on campuses.

The broadcast will be from 8 to 8:30 p.m. and will involve an explanation of the draft HEAT report by Phil Reale, Joe Powell and the legislators who chair the four HEAT committees.

Discussion groups will discuss strategies for implementing the objectives listed in the draft report, which will be

read by participants prior to the broadcast. This information will then be considered by the Team in developing the final report in December that will be given to the Governor and the Legislature.

Steve Haid, David Mohr and David Ice will coordinate the logistics of the statewide meeting. Dr. Kenna Seal, superintendent of Braxton County schools, will be the discussion leader at GSC. The group will meet in the Heflin Center Snack Bar.

## New Nicholas County Library to House GSC/NCC Collection

by Don Hays

On November 14, the new library for the Nicholas County Center branch of Glenville State College had its formal opening. The library, which is not a branch of the Robert F. Kidd library, was built because of the needs of the students and community of the Summersville area. The Nicholas County Public Library Commission owns and operates

the new library, which is located approximately 300 yards from the Nicholas County Center. The original county public library was moved from downtown Summersville to the ultra-modern building constructed at the Nicholas County Center.

Glenville State College will be providing approximately \$20,000 a year in a budget which

will be used to purchase books, magazines and newspapers relevant to the students' needs, as well as \$10,000 in student assistance help and space rental fees. This money will allow materials to be purchased that originally, due to county budget restraints, could not. However, this money does not result from tuition raised on the Glenville campus but it will come from money generated from tuition raised from students attending the Nicholas County Center.

Rick Tubesing, GSC library director, said, "We won't lose materials or money on this campus because there are separate budgets for here and down there." He then went on to add, "No books or journals will be bought for the new library that aren't already present in the Kidd

Library. The two reasons for this being that the same courses are taught in both places so the same materials should be needed, and secondly, the cost and time involved in cataloging materials can be expensive so it would be easier to do the same book twice rather than do a different one each time."

The new library will operate in a very similar manner to the Robert F. Kidd library with check-out of books and materials on a first come, first serve basis. There will also be a reserve shelf containing books and materials set aside for various classes which will not circulate as well as a reference area. There will, however, be no media center in the new library, but students and the community in general should benefit greatly from the new facility.

## In My Opinion . . .

### Campus Has Trained Counselor

#### To the editor,

My letter is in response to "In My Opinion" published in *The Glenville Mercury*, November 11, 1992 regarding the Master Plan for GSC. Contrary to the statements made by Betty Davis, there is a full-time, qualified counselor on our campus. Jennifer Nottingham, Director of Career Planning and Placement is a trained counselor and is available for personal psychological counseling, as well as for career planning, job search skills, social issues, personal development, wellness, test anxiety and time management advisement.

Several students, staff and faculty have taken advantage of the counseling services made available through the Placement Office. Appointments may be made in advance or individuals may stop by the office on a drop-in basis, all at no charge.

Not only are individual counseling services provided on campus, but Ms. Nottingham and others work in close proximity with the Summit Center for Human Development and with professionals from the surrounding vicinity during times of crisis on our campus.

### Victory Marred by Sharks

#### To the editor,

This past Saturday was a great day with GSC's blowout over Tech; but Saturday night was a different story. The entire campus was celebrating in their own fashion with a majority of students and coaches attending Glenville's three bars. I went to the Main Event to join in on the festivities and was shocked to see one of the assistant coaches chasing various players around the bar, pushing them through doors and into walls, and leaping upon seated persons. One had to hide in the corner to keep from being unintentionally struck. The players were becoming more rowdy with the aid of the assistant coach as the night progressed. A "football" game became the final straw that closed the bar for the night.

Being a designated driver, I gathered my friends and made our way to the parking lot. About 20 players and the assistant coach followed us out. About five local residents decided that they had had enough of the GSC football team and picked a fight with the players and the coach. This lasted about one minute with the locals getting into a vehicle and leaving. As they left, their vehicle was kicked and bashed. A victory cheer was released. Another car was met with the same treatment as they drove by and a victory chant was begun, the coach right in the middle bashing and chanting alongside his players.

One of my inebriated friends took the keys and decided to drive through the crowd of sharks. He met the same treatment with one exception--they punched out his driver's side window. It shattered and his face is cut from the glass and a punch. Instantly the coach dispersed his crowd. That could have been me driving and attacked. It could have been anyone, and the reaction would have been the same. They were sharks smelling blood. I realize that they needed to blow off steam and celebrate, but was this incident necessary? Especially lead by our assistant coach? And where were our police during this mini-riot? Once again they showed up in time to see the last observers walk away. Go figure.

Victory seems to be associated with violence and destruction too much anymore. Remember when the Detroit Pistons won in 1989? Something must be done to change this association. Something must be said to the assistant coach and the players involved. Saturday night's actions were uncalled for, unprofessional and just plain idiotic. For those team members not involved, I'm sorry that your name is constantly being marred by these idiots.

A Student

## Open Letter

### To the members of GSC Organizations and Students:

Recently a new organization called Students for International Understanding was formed at Gilmer County High School. One of our purposes is to help with worthy humanitarian aid to those who are victims of circumstances beyond their control. One group of people worthy of such aid are the children of war-torn Somalia, where a bitter civil war has waged over three years and thousands of people die daily.

The International Red Cross has established four refugee centers in Kenya. There are over 14,000 children in each of these camps. Through the Red Cross, we plan to construct Friendship Kits for these children. The kits are small boxes that contain such items as pencils, combs, toothbrushes, small toys, etc. In addition, we plan to help raise money for the many Red Cross kitchens established inside of Somalia. We plan to place a barrel in our school commons area, and ask students to bring pennies in to help our cause. We call this our "Pennies for Humanity" drive.

We would like to coordinate a county wide effort in which all churches and civic groups participate. If your group would like to help, please contact Mr. John Wolfe at school or at home (home number - 462-8915), Mrs. Anna Jean Rogucki at school or home (home number - 462-5196) or Miss Mary Whiting at school or home (home number - 462-7750). We will need to know how many kits your group will be making so we can get the kit boxes from the Red Cross, or if you would like to donate to the fund raising effort. Thank you for your help in this worthwhile effort!

Matt Vell  
SIU President

## A Thanksgiving Thought

The holidays are notorious for causing an increase in the number of shoppers and sales for stores, excitement, travelling and bringing families together to celebrate festivities. However, the bustle of arranging for vacation days and other such activities make us forget the true meaning of what we are celebrating, and we even seem to forget the order in which the holidays come.

Thanksgiving is a wondrous holiday within itself. Many people think of this day as one for stuffing a turkey and overeating; and, yes, that is part of it, but, do we associate this meal with the meal that the Indians and Pilgrims first shared? The Pilgrims had a blessing to be ever so grateful--the bounteous friendship they shared with the Indians.

This holiday should be considered and planned more seriously. The fact that we have food to eat and that we have money to buy it or the strength to raise and harvest the crop is more than enough to give praise and thanks for.

So, please, during this Thanksgiving season, recognize all the things--family, your five senses, the ability to walk, the ability to make your own decisions and even life itself--that you should be thankful for. When you realize how lucky you are, you may then reach out to help those who aren't as fortunate as you.

Jed Drenning breaks single-season passing mark.

## Drenning Breaks WVIAC Passing Record

## GSC Routs WV Tech 70-7

The GSC Pioneer Football team finished the 1992 campaign with an impressive offensive display beating up on WV Tech, 70-7. The win moved the Pioneer record to 6-4 overall and 5-2 in the conference. It is the first time in several years that the Pioneers have ended the season with a winning record.

Pioneer quarterback, Jed Drenning, finished the year in becoming the WVIAC All-

Time, single-season, passing, yardage leader on Saturday. Drenning completed 15 of 25 passes for 350 yards and 5 touchdowns. Drenning broke WV State's Ken Grier 1990 record of 3,322 passing yards. Drenning finished the 1992 season with 3,350 yards. In all, 7 Pioneer players scored a touchdown. On the receiving end, Chris George caught 6 passes for 157 yards and made 2 touchdowns. The

ground attack was led by Kevin Blanding, who gained 148 yards on 21 carries, scored 2 rushing touchdowns and caught a 65-yard pass for a score.

The defensive unit held WV Tech to only one touchdown for the game and gave up only 69 passing yards. Randall Olds led the charge as he recorded 7 solo tackles 3 assist, 6 sacks and broke up a pass.

## Lady Spikers Finish Season at 10-25; Finish 1-3 at WVIAC

The GSC Women's Volleyball team ended its 1992 season, finishing 1-3 at the WVIAC Tournament in Charleston on Friday and Saturday.

On Friday, the women opened the tournament with Concord and lost 3 games with scores of 7-15, 15-13 and 11-15. Nikki Hardman led the way with 12 kills and 4 blocks, while sophomore Tracey Fluharty added 6 kills. The Lady Pioneers then played Shepherd and lost in 3 games again. Scores are 17-15, 7-15 and 10-15. Hardman recorded 13 kills and 9 blocks and Fluharty came in with 9 kills. Setter Patsy Buckles added 13 assists. For their 3 matches on Friday, the squad lost to tournament champion WV Wesleyan with scores of 12-15 and 1-15.

The women played only

one match on Saturday and defeated Salem-Teikyo with scores of 15-6 and 15-8. Hardman had 14 kills and Buckles recorded 20 assists in the match.

Head Coach Kenny Osbourne reflected this about the season, "We had a cut of expectations, but came up short." Osbourne also said that injuries played a big part in the team's performance and looks to improve and be a better squad next year. Osbourne wanted to thank all those who supported the team this year and give a special thanks to Steve Harold and Mitch Mitchell for their help this year.

Hardman was named to the Second Team All-Conference Squad, while Fluharty made the Honorable Mention List.

## Pioneer Women's Hoops Open on November 20 in Pa.

The 1992-93 version of the GSC Lady Pioneers basketball team open their season on November 20 with Gettysburg College, Pennsylvania in the Frostburg Tournament at Frostburg, Maryland.

Head Coach Russell Shepherd has high hopes for this year's team, "We should be good," he says. "We have all five starters back and our top eight players are back also." The team will look a lot like last year's squad. They will press and run an up-tempo game.

In a preseason poll of coaches, GSC was picked sev-

enth out of 14 teams in the conference. This year's co-captains, the only two seniors on this year's squad, are Nikki Cale and Jackie Myers. Cale is sixth at GSC in the all-time career scoring leaders and has a chance to break the record currently held by Tammy Pence-Hughes.

This year's team hopes to improve on the 14-15 finish last year. Some of the stronger teams this year will include University of Charleston, Concord and Fairmont. The women will hold their home opener on November 28 as they host Ohio Valley College at 1:00 p.m.

## HANDICAPPED PARKING TOWING NOTICE

Persons, not authorized by special handicapped permit, who park in the spaces marked as handicapped parking, will be TOWED away to Gregory's Truck & Auto Shop (wrecker franchise) located off Route 5 at Leading Creek where the automobile will be released upon paying a towing charge of \$25. Telephone number is 462-4494.

Students who have major handicaps are reviewed by Section 504 Coordinator, Dr. John A. Chisler, Room 104, Science Hall, to determine eligibility for a college handicapped parking permit. His telephone number is 462-7361, ext. 205.

## Golf Team Places Second at Francis Marion Tourney

The GSC Golf team ended a superb fall season as they finished second in the Francis Marion Invitational last week. The team lost by 2 strokes to SC-Aiken with a total of 291-00-591 total compared to Glenville's 298-295 for a 593 total.

Head Coach Tim Carney commented on the team play this fall, "This has been as good a fall as we have ever had." The

squad won three tournaments, finished second in 2 other tournaments and placed fifth in one of them out of six total tournaments played this fall.

Michael Barrett had a great fall winning four tournaments out of six. Carney said that they are getting prepared for the spring and hope to continue the great success that the team has made this year.

## Skyball Tournament Held at To Your Health Fitness Club

by Don Hays

On October 28, To Your Health Fitness Club held a skyball tournament. Skyball is a very fast paced aerobic game which combines aspects of several games like volleyball, basketball and table tennis, to mention a few. What's unique about the game is the use of aerobic stairs as part of the playing area.

A total of 16 entrants took

part in the tournament with Belinda Dowler taking first place in the ladies' division and Aaron Chenoweth capturing the men's title. Plans are now being made to have another tournament sometime after Thanksgiving.

For more information about the game or upcoming tournaments, stop by To Your Health in the Foodland Plaza or call 462-5095.

## IT'S A FACT!

Here's a fact you might like to chew on: One out of four adult Americans has a problem with tooth hypersensitivity. That's when teeth are painfully sensitive to hot, cold or touch.

Fortunately, you can get relief from the pain of sensitive teeth by brushing regularly with a toothpaste called Promise®. It contains a special therapeutic ingredient that helps build protection for your teeth and reduces the pain. In addition, Promise now has fluoride for cavity prevention. To learn more, see your dental professional.

Good nonsense is good sense in disguise.

## Movie Review

### Dracula Has Teeth

by Todd Petit

Vlad Tepes, a 15th-century monster, impaled his Turkish enemies on sharpened poles and feasted beneath their putrefying corpses. His cruelty became legend even as his countrymen praised his exploits against invaders. He was "Dracula"—Romanian for "son of the dragon," and Bram Stoker's "Dracula," a vast, illustrious retelling of the 1897 classic, is the first horror film to deal with Dracula as a murderer, a powerful epitome of lust and terror and evil, and not as a pallid corpse to cower beneath garlic and crosses. Do you think of Bela Lugosi when you think of Dracula, a pasty ghoul in black with vinyl wet hair? Think again.

In this film, perhaps the only Dracula movie ever to follow the novel in detail, Dracula renounces Christianity and becomes *nosferatu*, a vampire, after his beloved wife is tricked into suicide. Cut to 1897, when a young law clerk named Jonathan Harker (Keanu

Reeves) travels from London to Dracula's castle to complete a business transaction in which the monster, aged and starved for new blood, buys a new hunting ground in Britain. Harker leaves sanity behind, including his fiancée (Winona Ryder) who is a picture of Victorian innocence and also happens to be a reincarnation of Dracula's spouse. After some highly erotic scenes involving Harker and three diabolical vampiresses, Dracula heads for London to wreak havoc on the populace, find his long dead love, and clash with Dr. Van Helsing, played with fiendish delight by Anthony Hopkins.

Director Francis Ford Coppola makes these vampires powerful, unafraid to walk in sunlight, incinerate crosses, and enjoy drinking blood in a Gothic extravaganza of operatic music, great performances, and gore. Dracula may be overtly familiar to horror fans, but it's played with new finesse in this stunning production. Bram Stoker's Dracula has teeth.

The GSC Brass Ensemble will perform in concert on Tuesday, December 2, at 8:00 p.m. in the Fine Arts Auditorium.

## Vampiremania Strikes the Country

By David Graham

America is made up of trends. What's trendy and what is not is very important to Americans overall. Somewhere on the top of the trendy list room would have to be made for Vampires! Yes, that's right Vampires.

The entertainment world has been flooded with those blood sucking, grave rising, bat changing, night creatures that only an undead mother could love. We have even experienced the Vamp fad here at GSC. The Glenville theater department is in the process of producing the play *Dracula*.

Along with GSC's play, a director in Hollywood named Francis Ford Coppola decided to release a movie last week

named "Bram Stoker's Dracula" based on Stoker's classic novel of the same name. With the typical hype of any major film coming out of Hollywood the obvious followed, **merchandising**. Now a person can walk into any bookstore in the USA and find at least three different printings of Stoker's novel complete with movie logo and full color pictures of the movie inside. Also, many other authors with their Vampire tales have been shoved up on the front rack hoping to be sold in the fallout of Vampiremania. But if you don't have time to sit down and read the novel, you can always go with the novel on audio cassette, abridged, of course.

This recent fascination

with the Vampire is not limited to only the stage or screen, but has found its way to the page as well. Anne Rice has held the position of the bestseller for the past four weeks. Her book, *The Tale of the Body Thief* is the fourth book in her Vampire Chronicles. Then there's the new book simply titled *Vampire*, *The Complete Guide to the World of the Undead* by Manuel L. Mascetti. This book informs its readers of such useful information as the anatomy of the vampire, the birth of the undead, the ways of the vampire, and the ever important ways to kill a vampire.

If you are not familiar with the Vampire legend and are looking for some pure entertainment, you could do worse. The books and movies are a lot of fun, but remember, it is fiction so don't scare yourself too much. And Vampires are not up your alley, don't fear; maybe the next trend will be Frankenstein or the Mummy or some other thing that goes bump in the night.

## Delta Zeta

The Theta Xi chapter of Delta Zeta had a meeting Tuesday, November 10, to discuss future plans and activities. We would like to thank all of the girls who came out to our Wonderland open rush party. We had a great time, and we hope to see you again real soon.

Congratulations to the pledges and your big sisters. Stick with it, girls. You are about half way through.

We want to thank all of the GSC faculty and staff who attended our Tea Party. We appreciate your support, and we

hope to see you again.

The sisters of Delta Zeta are selling raffle tickets for a \$50 shopping spree at Foodland. To buy one, contact a Delta Zeta.

We want to thank the TKE fraternity for joining us at our Thanksgiving Dinner. We had a great time. We also ask that you join us at our Grafitti Party on Thursday, November 19, at 5:00 p.m.

We want to wish everyone a Happy Thanksgiving, and we hope you enjoy your vacation.

## Baptist Campus Ministry

Hello from all of us at BCM! We would like to thank everyone who came to BCM Tuesday and welcome them back when we return from Thanksgiving break.

Chris Utt spoke on discipleship this week and last week Bill Brown, a GSC graduate from Parkersburg, spoke about how to deal with pressure.

This Thursday, November

19, a few members will be going to Morgantown for a "White Heart" concert.

There will be Bible study at 8:00 on Monday, November 30, and the next BCM meeting will be December 1 at 8:00 in the Verona Maple Room. Doug Seuss will be talking about friendship. We hope to see you there. Have a Happy Thanksgiving!

## Student Education Association

The Student Education Association held its regular meeting on Tuesday, November 10, at 12:30 in Clark Hall. Final plans were made for our bake sale that will be held on Monday, November 16, in the lobby of the Heflin Center during lunch.

To celebrate National Education Week, November 16-20, we decided to put a red apple in each instructor's mailbox on campus. Discussion on a bulletin board for Clark Hall contin-

ued, and plans to get the materials were made.

Since our next regular meeting falls during Thanksgiving vacation, we will meet again on December 14 in 201 Clark Hall at 12:30. A very special thank-you goes out to those who attended this meeting: Susan Ellis, Elizabeth Dotson, Misty Cochran and our advisor, Brenda Wilson.

We hope everyone has a wonderful Thanksgiving vacation!

## Angel Tree

by Sharon Gladwell

Every year an Angel Tree is resurrected in the Luana T. Smith Amphitheater. On the branches of the tree are plastic ziploc baggies that contain a name of a child and a request for something the child needs.

Anyone who is interested in taking part of the charitable cause is invited to. Here's how to participate:

- Choose an angel from the tree (only if you are certain you desire to participate).
- Purchase the gift requested by the needy child. Sizes of clothing and what the child needs are printed on the angel.
- Wrap the gift and attach the angel to it. An identification number on the angel matches with the name of the child who will receive the gift.
- Bring the gift to the Student Services Office in the Administration Building before Friday, December 11.
