

How to Log Devices onto the GSC Network

Login to Student_Wireless Students Only: Navigate to <https://glenville.shentel.net>. Create your user account using your lastname.firstname.middleinitial@gsc.glenville.edu email account. Follow the instructions and enter the MAC address of your device you would like to connect. For further assistance please see the Help Desk at the Office of Technology.

Login to Computers

If this is the first time you are logging on to the network you must do so from a computer on campus either in the library, one of the labs, or a computer in the Office of Technology located on the second floor of LBH.

Username: GSC\last 8 digits of student ID (use a backslash, not a forward slash, located above the enter key)

Example: GSC\00012345 (NOT GSC/00012345) Password: Is the word Passw0rd (make sure you use a capital P and a zero in place of the o)

Login to Computers/Network/Wireless if you are Faculty/Staff:

Your credentials and passwords will be supplied to you by Human Resources. As with the students you need to authenticate your account on a computer connected to the network before attempting to connect to the wireless network. Username: GSC\John.Doe and the password provided by Human Resources.
